

TO CHANGE MAIL ROUTE.

Chamber of Commerce Endorses the Proposed Change.

The Coos Bay Chamber of Commerce has taken hold of the matter of improvement in our mail service, and such representations have been made that it seems best to the Chamber to endorse the project to have the Coos bay mail brought from Roseburg over the Middle Fork road to Myrtle Point, instead of over the Coos Bay wagon road.

It is said that the C. B. R. & E. R. R. is willing to put on an extra train to carry the mail between Marshfield and Myrtle Point, and that B. Fenton, mail contractor on the Middle Fork route with guarantee to put the mail through between Myrtle Point and Roseburg in 14 hours in the winter and several hours less in the summer.

In view of these facts it seems possible to put the mail through by that route in less time than we have ever had it before. The Chamber of Commerce has accordingly drawn up a petition to the Hon. J. L. Bristol, Fourth Assistant Postmaster General, asking that the mail for Coos county be delivered and carried over one line (instead of by two as is now done) and to leave Roseburg, Or., at 6 a. m. and be carried from thence to Myrtle Point, by way of Camas Valley, and to arrive at Myrtle Point not later than 7 p. m. of the same day, and from thence to Coquille and Marshfield by train, to arrive at the latter place at not later than 8:40 p. m. and Empire at 9:30 p. m. of the said day; and to leave Empire at 4 p. m. and to be carried from Marshfield by railway train, leaving there at 5 p. m. and to be delivered at Myrtle Point at 7 p. m. and from thence by wagon road to Roseburg, arriving at said point at 7 p. m. of the following day.

It is represented that this would save 11 hours and 15 minutes to Portland and 24 hours to San Francisco.

Copies of this petition have been sent to mayor's of Myrtle Point, Coquille and Bandon, with a letter asking their cooperation and assistance, which will undoubtedly be heartily given.

It is stated that Hon. Binger Hermann has expressed the opinion that government aid could be obtained for the improvement of the Middle Fork road, if the county would unite in asking for it and the Chamber is ready to push the project not only for a better mail service, but a better overland route for travel.—Const Mail.

Extra Session Called.

Washington, Oct. 20.—The President today issued the following proclamation:

"Whereas, by a resolution of the Senate March 19, 1903, the approval by Congress of the reciprocal commercial convention between the United States and the Republic of Cuba, signed at Havana on December 11, 1902, is necessary before the said convention shall take effect, and

"Therefore, I, Theodore Roosevelt, President of the United States of America, by virtue of the power vested in me by the Constitution, do hereby proclaim and declare that an extraordinary occasion requires the convening of both of the houses of the Congress of the United States at their respective chambers in the city of Washington on the 9th day of November next, at 12 o'clock, noon, to the end that they may consider and determine whether the approval of the Congress shall be given to the said convention.

"All persons entitled to act as members of the 58th Congress are requested to take notice of this proclamation.

"Given under my hand and seal of the United States at Washington the 20th day of October, in the year of our Lord, one thousand nine hundred and three, and of the independence of the United States the one hundred and twenty eighth.

"THEODORE ROOSEVELT, By the President: John Hay, Secretary of State.

Won't Wait on America.

Panama, Oct. 29.—News has reached the isthmus that Congress has agreed to adjourn on November 14, notwithstanding the wish of many Congressmen to postpone adjournment until a decision on the canal matter can be reached in the American Congress.

Opposition to the plans of President Marroquin becomes plainer every day. Bogota newspapers contain the political platform of Jaocuin Velez, a presidential candidate, who has been endorsed by many members of Congress. The principal features of this platform are the absolute rejection of any foreign control of the canal, a diminished army, a gold standard and the abolition of monopolies.

Oregon Society Sons of American Revolution.

Portland, Oregon, October 1, 1903.

The Oregon Society of Sons of the American Revolution has several times in the past offered prizes to the school children of the state for essays on subjects connected with Revolutionary History. The results in the past have encouraged the Society to renew the offer at this time. Prizes of \$25, \$15 and \$10, respectively, will therefore be awarded for the three best essays in the order of merit, written by students in the public schools of Oregon, on any of the following subjects:

- 1. "The Arousing of Public Opinion; the Work of Samuel Adams, Thomas Paine, John Dickinson and Patrick Henry."
2. "Lexington and Concord."
3. "The Battle of King's Mountain."

4. "Virginia's Part in the American Revolution." Essays are limited in length to 3,000 words; must be written on one side of the paper in the student's own handwriting and must be accompanied by the certificate of the principal of the school attended by the author, to the effect that the author is a bona fide student in the school and has been in attendance therein not less than four weeks during the school year of 1903-4. Essays must be forwarded to the chairman of the committee in charge, Wallace McCamant, 34 Concord Building, Portland, Ore., so as to reach him not later than February 1st, 1904. In awarding the prizes the committee will be governed by these three considerations:

- 1. Historical accuracy.
2. Manner of treatment.
3. Orthography, grammar, syntax and punctuation.

Any additional information which may be desired will be cheerfully furnished by any member of the committee. The essay which is awarded the first prize will be published in full, with the name of the author, in the public press.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all dangers of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one third the time required by the usual treatment. It is for sale by R. S. Knowlton.

Hobbed The Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and side, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement, I continued their use for three weeks and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at R. S. Knowlton's drug store.

The Academy still grows, yet four were expected this week that have not come at this writing. They will be here later.

The music department also grows nicely. Miss Latourette is giving excellent satisfaction with beginners. She expects soon a large increase in numbers.

The oratorical contest promised last March is beginning to take form. Five or six have signified their willingness to enter. There will be first a preliminary contest in which all who reach a fixed standard of excellence will be permitted to enter the final contest. A gold and a silver medal will be awarded the two reaching the highest standard of excellence. The award will be made by competent judges selected from the audience.

Only a few more classes remain to be organized for the remainder of the term. Those already formed are doing good work.

Supplies for the Commercial class have come and work will be vigorously pushed forward in those subjects. Commercial Law and Commercial Arithmetic will recite alternately until time for examination. This will be reached in about four months. Book keeping will require from five to seven months.

Our primary class is doing splendid work under Miss James and Miss Todd. They have been reduced to good order and tedious work, and parents may expect good returns from their money. The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so agreeable that one hardly realizes that it is produced by a medicine. Acute Chest Pains From "Tobacco Heart."

Valvular Heart Disease Threatened. Dr. Miles' Heart Cure Cured Me.

The effect of excessive smoking shown by such symptoms as heart pains, heartburn, smothering spells, shortness of breath, fluttering and palpitation, is most serious. If your heart is in any way affected, you should at once begin the use of Dr. Miles' Heart Cure which enriches the blood, regulates the heart's action and improves the circulation.

"I am a local newspaper man and have been an inveterate smoker since my boyhood. A little over a year ago I first noticed symptoms of heart trouble, palpitation and acute pains and a peculiar, I might say, indescribable feeling across my chest. Local physicians said I had 'tobacco heart.' I quit smoking for a while and took regular doses of digitalis and belladonna with some relief but the same old symptoms were still there. A friend of mine here recently died of what the doctor said was valvular disease of the heart. Knowing that his symptoms were similar to mine I felt that my time too was limited, although I am still a young man, in my thirty-ninth year. In Skilling's & Stone's drug store here Dr. Miles' Heart Cure was recommended. I began taking it and I can positively state that its effect is marvelous. I have just finished my third bottle and feel like a kid and believe I am cured. This letter is the spontaneous utterance of one who wishes to thank you for benefits received.—WM. N. The trousseau was elaborately decorated with English ivy and cut flowers. About 30 of the girl friends of the guest of honor assembled at 8 o'clock, bringing with them "bundles" all sizes and shapes, each containing a pretty and useful article. Alfred Johnson having gotten his mill fully repaired and in good running order is now able to handle his orders without the help of the mill at this place. Since Mr. Johnson put in his new boiler and engine and band re-saw he has one of the best arranged and equipped mills on the river. The immense amount of work done by the band saw proves to be a great saving of timber.
