His many friends here will be sorry to learn of his critical condition and hope for his speedy recovery.

All Germany is aroused by the conviction of Lieutenant Bille, who has been sentenced to six months imprisonment and dismissal from the army for writing a novel, entitled "In a Little Garrison Town," in which he exposed the vices of the German officers. The characters in the story correspond very closely to certain officers at Forbach, where the Lieutenant was formerly stationed. Many officers of his regiment are waiting for him to come out of prison so that they may challenge him to duels. The novel, which gained a wide circulation in Germany, has been suppressed by the government.

Weak Hearts.

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Kable, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure.
