**MARRIED.**—December 27th, 1903 at the residence of Mrs. Malehorn, Floras Creek, Curry county, Or., Mr. Clinton Malehorn, and Miss Lona Hale, Rev. Geo. Gillespie officiating.

Nothing has yet been learned regarding the fate of the little gasoline schooner Alta, of Rogue River. She sailed from Coos bay for Rogue River a week ago last Friday in the face of a severe storm, which prevailed for about 36 hours, since which time the weather has been clear and calm. The boat had considerable freight for Port Orford, including a piano for Mrs. Neygren. It was reported that her light was seen in our harbor on the evening of the day she left the bay, but there is no certainty about this. Those who were aboard of her, so far as known, were Capt. Jacobson, Thomas O'Toole and Wm. Crick, all in the employ of E. B. Burns at Gold Beach. Since the weather has continued fine and no report received from her, either here or at Gold Beach, it is feared she was wrecked during the storm.

B. F. Hare, Supt. Miami & Cycle Mfg. Co., Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says, "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by R. S. **Congratulations**  
Mr. John H. Cullom, Editor of the Garland, Texas, News, has written a letter of congratulations to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk from giving an overdose. I congratulate you upon the success of your remedy." For sale by R. S. Knowlton.

The Colfax saloon loafer who killed himself by drinking seventeen glasses of beer in addition to an assortment of mixed beverages which preceded the beer has undoubtedly rendered a great service to the city that gets its name in a telegraphic news item in consequence. It would seem, however, as though much ammunition had been wasted, for with carbolic acid, concentrated lye etc, retailing at low rates the necessity for wasting so much good beer in the accomplishment of a meritorious deed is not plain. However, the beer was but a means to an end, and as the end was satisfactory to the world in general and Colfax in particular, the small question of economy can be forgotten in contemplation of what was accomplished.—Oregonian.

**Weak Hearts**

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.
