Leading Events of '11th Week of the War

March 15th—Commander Mason, of the U. S. S. Cincinnati, reports to the Navy Department that he had taken 25 American refugees from Chinnampo, Korea, to Chee-Foo, China for safety.

March 16th—Russian Vladivostok authority notifies the Korean superintendent of trade at Kion Hung, on the Tumen river, that Russia considers Korea as a belligerent and that the Russian Manchurian force is arrested and put in the prison awaiting a court-martial, on suspicion that he has sold some important military secrets to the Japanese.

March 17th—Marquis H. Ito, the "Bismarck of Japan" arrives at Seoul capital of Korea and is received with honors. His mission to Korea is to give advice and assist the Korean emperor in the projected reform and reconstruction of the government. Official orders are published in St. Petersburg relieving Admiral Starck from the command of the Russian Port Arthur fleets, ostensibly on account of his ill health.

March 18th—Japanese parliament opens in its special session to consider necessary measures for the carrying out of the war. M. Matsuda, a leader of the constitutional party is elected the president of the House of Representatives. Czar Nicholas visits the Admiralty dockyards in Odessa and inspects several ships now under construction.

March 19th—Russia threatens to march into Peking unless China withdraws her army posted outside the Great Wall. The Japanese Counsel at Fusan, Korea, assures the United States that the American citizens residing in the port will be protected by Japanese police force.

March 20th—Russia is asked by the United States to treat the Japanese refugees and noncombatants with more consideration and kindness. This is done at the instance of Mr. Takahira, the Japanese minister to Washington, who made a formal request to the State Department.

March 21st—The Japanese again bombard Port Arthur.

Parkersburg.

Triumph towed schooner Coquille up river on 22nd. The little craft was out thirty-seven days from San Francisco, reaching the latitude of Columbia river, while weathering gales that discomfited her.

Schooner Onward arrived in San Francisco, Advance clearing from same last Sunday for this port.

The health of the community is good, although a few isolated cases of mumps are reported, with care and attention will soon disappear.

Mr. Bert Jones has been indisposed for the past few days with a light form of la grippe.

Mr. Hambley, who recently had such a miraculous escape from serious injury, or possible death, is well again though somewhat weak.

A deer episode attracted attention the other day. While swimming the river to escape danger or possibly acting under the impulse that grows sweeter on the Parkersburg side, the creature crossed. The current being strong diverted it from a straight line into the tangle of logs south of and adjoining the mill. Not knowing whither to turn, chilled by the water's temperature and exhausted from constant efforts to land caused it to swim to and fro in a laborious manner. The sporting keenness of our citizens brought many, on the double-quick, to the scene. Visions of venison may have prompted their speed, but to the credit of Parkersburg, let it be chronicled, upon arrival sympathy inherent in the human breast, made them great helping hands and exhortations, mingled with sensations similar to back-fever made the deed of rescue a perfect success. During the heat of action a laughable feature was the many "headers" taken by an over-zealous patriot, which the Coquille failed to cool, for in his veins the blood of Nimrod burns and water quenches not. Never the less when overbalanced by excitement and the restless nature of logs, the best resolutions take a tumble.

The sequel of this yarn, which is based upon truthful foundation, is that the capture of the deer was made, and her captors are tenderly caring for her prior to departure for San Francisco, that she may prove to the people down there what deer Coos county can produce for exportation.

The Single Tax will establish a condition of society in which there will be work for all; leisure for all. Send for free literature to Single Tax Information Bureau, 720 Carroll Street, Brooklyn, N. Y.

Beef Trust Raises Price.

New York, March 21.—Determined on still another increase in the already enormous profits on the sale of dressed beef, the beef trust has made an arbitrary advance of one cent a pound on its product. The advance goes into effect tomorrow. This means an increase of two or three cents a pound to the consumer. It is estimated that the beef trust will increase its profits more than \$150,000 per month by the new price schedule.

The advance is regarded as arbitrary and absolutely without justification from the condition of the livestock market. The rise in price is said to be the direct result of the war that has been waged for months by the beef trust in an effort to crush the Cudahy Packing company, its great rival. The beef trust found that the Cudahy interests were able to meet every cut with a greater one. Retrenchment by the trust followed and prices have been steadily advancing for several months.

The present increase directly affects not only this city, but indirectly every other city throughout the country.

Simultaneously with the increase in the price of beef by the wholesalers there will be a corresponding increase by the retailers. Although opposed to any rise in price at the present, they are compelled by the exactions of the beef trust to meet the increase. The latest example of the rapacity by the trust comes at a time when the supply of beef was never greater and when the price of beef on the hoof is going down.

Presbyterian Church.

The annual congregational meeting was held last Thursday evening. The pastor reported eleven additions and seven dismissals during the year; \$20.75 were contributed to the missionary boards of the church. The church was painted during the year and all obligations are met. The ladies' aid and the Sunday-school also reported their work and reported advance. The Sunday-school will hold an Easter service next Sunday (east-r) at 11 a. m. All are invited to attend.

COUNTY COURT OF COOS COUNTY, OREGON. By L. Harlocker, County Judge.

The honesty and candor of Congressman Shafroth of Colorado in resigning his seat because he suspected the vote was corrupt, is bearing fruit. Congressman Burton of Ohio astonished and alarmed his Republican colleagues by opposing the bill for the further expansion of the navy, not only as an extravagance, but as a constant incentive to warlike feeling.

Before the Panama canal can be constructed there must be removed 95,000,000 cubic yards of earth and rock. When they had 10,000 men at work the French company removed 1,900,000 cubic yards a year, so if our men work twice as fast as the French, we shall be ready to build the locks in less than fifty years. This is hopeful.

Dora Items.

Behold the beautiful snow on the highlands. March has been true to her name, a stormy month.

L. S. Minard has been cutting and hauling a fine lot of logs. Sure the mill man will not scale him out of one-third of such fine logs. The team is now at M. J. Krantz's hauling, the loggers are still holding the North Fork with a large amount of logs. I guess J. M. Bright and the loggers will have a contest suit or Uncle Sam and the loggers, as they did not open the river when notified to.

J. M. Porter has rented the Sam Goben place and will move onto the same.

The heavy wind storm caused several trees to cross the county wagon road.

A logging camp is to start up on Big Creek when the weather settles. Robert Parrish is planning to run the Gravel Ford creamery this season.

The Dora school commenced on the 21st, with Frank Pierson as teacher.

Mabel Weekly will teach the Gravel Ford school and Mrs. F. Pierson the Pleasant Hill school.

Shiloh school district is talking of moving the schoolhouse site near the bridge.

About seven or eight feet of snow is reported on the Coos Bay road at the summit of the mountain.

Some of the farmers fed their hay out to soon this year.

Easter services at Gravel Ford on April 3rd, also at Pleasant Hill.

The prospects for a fruit crop are good.

We hear the Myrtle Point and Fairview mail route will be shortened and only run from Myrtle Point to Lee, as about five miles of road is now traveled with only one or two settlers on it from Lee to Fairview. Do You See.

C. C. A. Notes.

The Academy contest has come and gone. Miss Violet White of Curry county, carries away first prize. Cleve Summerlin takes second. Myrtle Hodge follows with a difference of only eleven-twenty-firsts. All the grades were good and all the contestants deserve praise. The only thing to be complained of was the small crowd. A house that doesn't pay more than one-half the cost of the medals awarded does not argue much for the interest Coquille takes in culture and progress.

On Saturday night a good crowd heard and enjoyed "The Courtship of Miles Standish" and the "Virgin in Mummy." One of Miss Latour's pupils, Miss Esther Boyd, added to the enjoyment of the occasion by a stirring piano solo, which was heartily enjoyed.

Worry

And Overwork Caused Nervous

Prostration—Completely Worn Out.

Dr. Miles' Nervine Cured Me.

Dr. Miles' Nervine will cure nervous prostration. It will bring sweet sleep and rest; it will relieve the mind of the tendency to worry; it will make the nerves strong and the patient well. It has cured thousands. It will cure you. Try it to-day.

"Some years ago I was stricken with nervous prostration caused by overwork and worry. I was in such a weakened, exhausted, run down condition, that I was unable to do my household work. I felt too weak and tired to even make calls on my neighbors. Frequently when out driving I would become so exhausted that it seemed that I would die before I reached home. I was also troubled with sinking spells at night which left me so weak that I thought I could not live until morning. I was in this deplorable condition when one day Dr. Miles' Nervine was brought to my notice. I had little faith in proprietary remedies but determined to give the Nervine a trial. After the second dose of the Restorative Nervine I was able to sit at the table and eat a meal, something I had been unable to do for many days. I have since taken a number of bottles of Nervine. I consider myself cured. I am doing my own work and give Dr. Miles' Nervine credit for my general good health. My object in writing this is to recommend your medicine but I cannot write as strongly as I feel." Miss Anna B. Venable, 405 E. Marion St., Guthrie, Oklahoma.
