Late Humboldt county, California, papers give the news of the death by accident of Henry Charlton, whom it will be remembered purchased the Strong place on Fishtrap last fall. It appears that he went into the basement of their home and was pulling on a line, hoisting up a box of wood to the upper apartments of the building, when by some mistake he lost his hold on the line, and being in the way of the box as it fell back down the elevator chute, was struck such a blow on the head as to be killed instantly.

Parkersburg.

Schooner Advance finished loading and while being towed seaward on the 8th, ran aground on sandspit east of Bandon, where she still remains until higher tide will allow of her removal. Steamer Elizabeth while in some predicament, was forced to discharge three or four scow loads of her cargo, before the combined help of the Triumph's and her own engines placed her in the channel. During low tides it is a difficult matter to sheer clear of these submerged obstacles, especially when the river's windings curve so abruptly. Schooner Onward arrived the same day these happenings occurred, reporting brisk W S W breeze, which caused her roundout, the latitude in fair manner.

Accidently young Devereux while helping his father was struck by a capstan-bar upon the leg, inflicting a painful wound. Medical aid was summoned and youth, time and care, important factors, will we trust make him again himself.

During the latter part of the week Mr. Levine, while attending to duties near the elevator-belt, venturing too close, was caught by his clothes and thrown some distance alighting in a stunned condition.

He received a slight cut on the back of his head and a dislocation of his left arm, which time will heal. It was a remarkable escape in so much as nearly every vestage of clothing was in a moment of time torn from his body. Dr. Kime of Bandon was immediately sent for and his prompt arrival tended to make easier the patient's condition. Sympathy for the family soon started into tangible form by the united efforts of friends.

The weather clerk has certainly hearkened to our importunities, for he has, at a single bound, forced midsummer upon us. The thermometer registered, upon an elevated plane, 89 degrees in the shade, certainly going beyond that under Sol's glance.

Mr. Miller and family, well-known New Mexicans, are staying with us for a few days, with possible intention of making Oregon their home. They have been through the various sections of our state and are well pleased with its beauty and productiveness.

Captain Parker is keeping in the seclusion of his home, with the mumps to befriend him. Desirous that others shall not run risk of exposure, he has requested that sympathy enter not across the threshold in human form lest we become stricken. A sensible and manly act, appreciated by his admirers.

Owing to this being the season of the year when Nature's soil needs turning, it was deemed best to close down the mill for a week to allow the planting of gardens.

Mr. Scott, who lately joined us, forms an acquisition to the berg's complement.

There is a similarity now in the evenings to those enjoyed by the Latin races south of our climate. A state, the Lotus eaters seem to have imbibed, gathers round in substance delightful to our senses.

Though we cannot define the feelings which seem to transform us into beings of fancy. We realize that the sensation places us from the plane of sordidness to one of greater elevation.

Nothing Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy for Bowel Complaints in Children.

"We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in our family for years," says Mrs. J. B. Cooke, of Netherlands, Texas. "We have given it to all of our children. We have used other medicines for the same purpose, but never found anything to equal Chamberlain's. If you will use it as directed it will always cure." For sale by R. S. Knowlton.

Representative Grosvenor declares that the South is altogether too modest about asking for officers. Ohio could give them some lessons.

Bunau-Varilla informs Congress that the old Panama canal company kept no books. He does not deny, however, that it kept everything else.

It cannot be denied that Hearst at the head of the Democratic party would make a curious, if a picturesque combination. To say nothing of his capacity, he is an imperialist, he believes in grabbing unopposed islands, wants a tremendous navy, and is in favor of militarism in all its forms. What would the platform be?

Saves Two From Death. "Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds, 50c and \$1.00 bottles guaranteed by R. S. Knowlton. Trial bottles free.

Popular San Josean Admitted to the Bar.

The following which we take from the San Jose Mercury, refers to a former resident of this county and who has many relatives and friends here:

Deputy County Treasurer H. I. Clinton was among those who passed the recent examination of the supreme court in San Francisco and was by that body duly admitted to the practice of law in all the courts of California, and it is said that his standing was among the best of the very large class. Mr. Clinton has already had considerable legal experience, having served for 10 years as stenographer and accountant with a large law firm. Mr. Clinton has claimed San Jose as his home for some five years, though a portion of that time his employment was as book-keeper in an Oakland bank, a position which he resigned because of an attack of illness which necessitated his removal to the mountains in Lake county for a time for recuperation, his lungs having been temporarily impaired by the severe attack of pneumonia in which he suffered. Upon the election of Mr. Conant to the office of county treasurer Mr. Clinton was invited to assume the position of chief deputy in the office and has filled the same to the complete satisfaction of his superior.

Wild Man Agitates Nome.

Seattle, April 17.—A special from Dawson to the Post-Intelligencer says: Theory and conjecture have been set throbbing at Nome by the capture there of a wild man of barbarous appearance, totally unable or unwilling to give an account of himself. He is commonly believed to be an escaped Russian exile from Siberia.

The man had been in custody but a few days when the last advices received here from Nome left that place. He was a strange, weird creature, with beard and hair to his waist and nails long and twisted. He leaped like a wild animal and talked nothing intelligible.

The Nome Nugget brings out the suggestion that the man may be a survivor of the Andre party. It is also suggested that he is an escaped Russian convict, long forced to live in the wilderness.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Keable of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol's Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c. Prepared by E. O. Dewitt & Co., CHICAGO.
