One of the facts established by the grand jury of this county just adjourned and recognized by the court is that "a quart bottle filled with whisky is a dangerous weapon"—an external application being inferred. However, there is but little doubt but that the taking inwardly, of perhaps a much less quantity of the same drug, was responsible for the trouble in this case.

Through a misunderstanding, or rather no understanding, it seems that Coquille was about to have two steamlaundries, but terms have been reached by which only one will be pushed to a finish, and that will be conducted by Nosler & Lyons, of the Coquille City Creamery. Oliver Wilson having decided to leave the field to them. Both had taken steps in ordering machinery, but as a matter of course, it would not be wise to establish two at present. However, there are openings for other enterprises, and we hope to see our young friend coming to the front in the near future with something which will prove as beneficial to the community and as remunerative to himself.
Steps are being taken both for and against the local option law which is to be voted on in June. The matter should receive an intelligent consideration and there is no good reason why any loyal citizen should not vote in favor of the proposed law. The law itself, as supposed by some, is not a perpetual prohibitive measure. It means simply that in the event of the bill becoming a law, every community either large or small shall have an opportunity every two years to say through the ballot, whether the sale of liquor shall be allowed in that community. In other words, to every precinct town or county, once in every two years is given the right to decide by a majority vote whether liquor selling shall be allowed in the district involved.

Norton-Lorenz Wedding.
A beautiful wedding took place at the home of our townspeople, Mr. and Mrs. N. Lorenz, on Wednesday evening, the 27th inst, at 8:05 o'clock, when Samuel S. Norton and Miss Emma Lorenz were united in holy wedlock by Rev. R. A. Roagon.
The parlor of this lovely home was beautifully decorated with ever greens, ferns, appleblossoms and roses. The "Bride's Promenade" was most sweetly rendered by Miss Edna Lorenz as the wedding party entered the room, the bride on her father's arm while Freddie Lorenz bore the wedding ring on a silver plate. The bride was dressed in chiffon over white Duchesse, trimmed in accordion pleating and chiffon applique, and carried a bouquet of white roses. Mrs. James Hoyle, of Redding, California, acted as matron of honor and Ed Lorenz as best man. The party stood under a arch of flowers suspended beneath a bell of ferns while the solemn words were spoken which make these two lives as one. There were present only the family and immediate relatives of the bride.
Immediately after the ceremony is present repaired to the dining-room which was most beautifully and tastefully decorated for the occasion with roses and Oregon grape, where an elegant repast was served.
The groom is well-known here, having spent the greater portion of his life with his parents, Mr. and Mrs. G. W. Norton, in this city, but has traveled considerable in the past few years, and has finally located at Redding, California, where he is engaged in the hardware trade.
As to the bride, we could not say too much in her praise, but as well-known as she is in this community it would be almost worthless to try. Suffice it to say that she has caught a prize and he secured a gem.
They expect to take the next Elizabeth for San Francisco, after which they will make a short wedding tour of different parts of California when they reach Redding, before mentioned, where they will reside.
There were two shower parties given the bride. The first, a "linen shower," was given by Mrs. J. W. Leneve, at her residence on Wednesday, April 21st, and the second, a "bundle shower," by Mrs. J. A. Lamb, on April 22nd, and upon which occasions many and beautiful presents were bestowed upon this popular young lady which will be carried with her as tokens of the love and respect in which she was held by her lady friends.
The HERALD joins their friends in the most hearty congratulations.

The Academy finished its work for the year with the examinations. With some it is a year to be long remembered. Very commendable work was done by a large majority. Harmony prevailed throughout. Only a little friction disturbed the quiet and interfered with the work. All the working students have my thanks. All such we hope to see back next year. Others we do not want. To those who desire to return we venture to suggest some things for the future.
Unless something comes to view not now in sight the commercial class will be discontinued except for the accommodation of a few who wish to finish up certain work already begun. We shall also most likely discontinue grades below the seventh. The Elocutionary class will be pushed for all it is worth next year and the content we predict, will be better appreciated than it was this year. The ninth and tenth grades will be provided for as also music both vocal and instrumental. Our plans also are to run only for six months closing with the examinations, unless we see beforehand that the attendance will justify two or three month's additional work. We invite correspondence and take pleasure in answering letters of enquiry.
Address, A. H. MURKLEY, Principal.
