Disastrous Wrecks. Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by R. S. Knowlton, Druggist Price 50c, and \$1.00. Trial bottles free.

One of the arguments made against local option is that the percent of voters necessary to agitate, or bring the subject up before the people for a vote, upon the question is too small, being only ten percent. Well, the average mind will enquire how much does the opposition want? There is no doubt but that a much larger percent of the voting population can be obtained on that question, so the ground of the opposition is not well taken on that count and the person who urges is simply showing which side he espouses, while he is hard run to find an excuse for his stand. The majority rules, but the minority should have a respectful hearing. Man is a free agent; he can damn himself if he chooses to do so, but he has not the right to damn others.—Recorder.

Cured His Mother of Rheumatism. "My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by R. S. Knowlton.

Coquille, April 28, 1904. EDITOR HERALD: Living in the country and hearing the candidates for county officers at the coming election discussed, I find that our candidate on the Democratic ticket does not seem to be very well known. I refer to David Fulton, candidate for treasurer. I have no axe to grind, politically, whatsoever, but in justice to an honest man I wish to state that I was acquainted with Mr. Fulton at his former home in eastern Oregon, for a number of years, where his sterling qualities as a man and citizen commanded universal respect. His probity was never doubted and his integrity never questioned, and I can assure the people of Coos county that if they elect him to the office to which he aspires, that they will be served faithfully, efficiently, honestly and conscientiously, and his neighbors at his former home, irrespective of party affiliations, will heartily endorse this statement. Hoping that you will publish this as it is written, in fairness to a good and honest man, I remain, Very truly, JEFF OWENY.

Tone is the most important feature of a piano. The instrument may be handsomely cased and finished and well put together, but if it is lacking in volume of tone, or the tone is harsh and unsympathetic, the piano will never cease to be a source of disappointment. The HAMILTON PIANOS are distinguished for richness, volume and purity of tone. They are exceedingly even throughout the entire scale. The treble tones are clear and bell-like while the middle and bass registers are deep, full and sonorous, characterizing the HAMILTON as an ideal home piano. E. M. FURMAN, Factory's Agent, Marshfield, Oregon.

Not A Sick Day Since. "I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon after was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c, at Knowlton's.

JUNE NUMBER. New Idea Woman's Magazine. A number of new features characterize the June issue of the NEW IDEA WOMAN'S MAGAZINE. Among them may be mentioned especially "Perdita's Problems," the first of a series of papers by Alice Chittenden, telling how a small family may live comfortably on a moderate income. "Summer Comfort" is another interesting paper by Maud Murray Miller. "A Glimpse of Capri," by Jean B. Stearns, is a charming tale of travel. "A German Bride's Outfit," by Mabel A. Potter, is both instructive and entertaining. In fiction, theatrical news, domestic science and interior decoration, the number fairly teems with good things, and the illustrations fully supplement the text.

HEALTH. "I don't think we could keep homes without Theodor's Black-Draught. We have used it in the family for over two years with the best of results. I never had a do-ill since we got it. It is a good thing to have for that tough time. It is a good thing to have always ready to make a person well and happy." JAMES HALL, Jacksonville, Ill.

Because this great medicine relieves stomach pain, frees the constipated bowels and invigorates the torpid liver and weakened kidneys.

No DOCTOR is necessary in the home where Theodor's Black-Draught is kept. Families living in the country, miles from any physician, have been kept in health for years with this medicine as their only doctor. Theodor's Black-Draught cures biliousness, dyspepsia, colds, chills and fever, bad blood, headaches, diarrhoea, constipation, colic and almost every other ailment because the stomach, bowels liver and kidneys so nearly control the health.

Weak Hearts. Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, putting it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Knable of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."
