The fraternal orders in attendance were the Degree of Honor, the Eastern Star and the Eagles. The very impressive ceremonies were conducted by the Rev. Chas. T. McPherson.
After the funeral, a large procession followed the remains to the Odd Fellows' cemetery, where the burial took place shortly after 3 o'clock.—Coast Mail.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced; pipes take the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money. not mentioning the inconvenience and suffering which such injuries entail. For sale by R. S. Knowlton.
The church will send to St. Louis the Bible which belonged to the Emperor Constantine when he was converted, and bears his autograph. This was just before he murdered his brother-in-law, his nephew, his sister, his wife and his son.

DIED CONVERTED.

An Irishman, one day meeting his priest tried to impress upon his reverence how he was helping the faith along and informed him that he had succeeded in converting a Hebrew. The priest asked him how he had succeeded in so noble a deed.
"Well," said Pat, "this is how it happened, soor. Ike Cohn and myself went out for a row on the water. Whilst we were rowing we commenced arguing about religion and shure wan word lid to another and in the hate of the argument the boat capsized. Now, your riverince I was able to swim and Ike was not. I got hold of the boat and held on to it. In a few minutes Ike came up and and as in could not swim I grabbed him by the hair fo his head.
"Says I, do you believe I'm right?" Says he, 'Pat, I wish I could but you know vat I am' I let him go, your riverince, and he went down agin.
"When he came up the second toime, I agin asked him would he believe as I did. Says he, 'Pat, I wish I could, but you know vat I can't.' 'Well,' says I, 'down you go agin, and it is only once more you'll come up, and you had better change your mind.'
"When he came up for the third toime, I says, 'This is your last chance, Ike; now do you believe?' Ike at last said, 'Pat I do.'
"He had no sooner said this, than I lid him go, your riverince, and he died in the faith."—Rykes.
Visited the Dead Whale!
About forty young folks from North Bend comprised a party, who chartered the gasoline launch "Dixie" and visited the North Beach above Jarvis landing last Sunday to see the dead whale that was drifted ashore there several days ago. A member of the party informed the Coast Mail reporter this morning that the whale is thought to be the same one that was chased by a Suisa tug boat and injured very badly about a month ago. The whale is about 40 feet long—Mail.
A Strong Heart
Is assured by perfect digestion. Indigestion swells the stomach and puffs it up against the heart. This causes shortness of breath, palpitation of the heart and general weakness. Kodol Dyspepsia Cure cures indigestion, relieves the stomach, takes the strain off the heart and restores it to a full performance of its function naturally. Kodol increases the strength by enabling the stomach and digestive organs to digest, assimilate and appropriate to the blood and tissues all of the food nutriment. Tones the stomach and digestive organs. Sold by R. S. Knowlton.
The memorial spirit, as expressed in the observances of Memorial or Decoration day, seems to grow with the passing years. Certainly the day was never more generally and generously observed in this city and state than it was observed yesterday. Nature gave of her bounty an exhaustless supply of roses and wild flowers, and those were placed without stint upon graves in city cemeteries and rural churchyards. The feeling that prompts this tribute to the dead is one that it is well to cherish, since it is first of all a tender expression of our common humanity upon a plane where all are equal and where Nature has no favorites.—Oregonian.
With Cornelius N. Bliss as Treasurer of the Republican National Committee, and Senator Aldrich, whose daughter married John W. Rockefeller, Jr., as his chief lieutenant, and Pierpont Morgan on the bandwagon, it doesn't seem as if the new chairman of the Republican Committee, Cortelyou, need have much trouble about collecting the necessary spending money.

JUNE NUMBER

New Idea Woman's Magazine.
A number of new features characterize the June issue of the NEW IDEA WOMAN'S MAGAZINE. Among them may be mentioned especially "Perdita's Problems," the first of a series of papers by Alice Chittenden, telling how a small family may live comfortably on a moderate income. "Summer Comfort" is another interesting paper by Maud Murray Miller. "A Glimpse of Capri," by Jean B. Stearns is a charming tale of travel. "A German Bride's Outfit," by Mabel A. Potter, is both instructive and entertaining. In fiction, theatrical news, domestic science and interior decoration, the number fairly teems with good things, and the illustrations fitly supplement the text.

Try for Health
222 South Peoria St., CHICAGO, ILL., Oct. 7, 1902.
Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.
Sergius Dinkler

Weak Hearts
Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that indicate vital organ becomes diseased. Mr. D. Kemble of Nevada, C. says: 'I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.'
