ANNOUNCEMENT!

With the end of the year comes

OUR GREAT BARGAINS IN GOODS.

And with this season the usual display at C. H. SPENCER'S

DELIGHTED

My patrons and myself are highly pleased with the working of my special delivery system. Kind words of commendation greet us on every hand, and people say it is a real luxury to have their goods delivered promptly and in time for the meals for which they are intended.

My Order System

Is daily growing, and proves a great convenience to customers. My wagon makes a trip the first thing every morning for the purpose of taking orders for the day's supplies. I do not wish to intrude or force my goods on anyone, consequently we only call when asked to do so. If you desire us to call upon you, please notify us to that effect and our Mr. Parker will be there every morning.

Crockeryware, Glassware and Lamps.

Is very complete and will be sold at low prices. I am just opening up a beautiful lot of Parlor Library and Hall Lamps, to which I invite special attention. My stock of Groceries includes every staple and luxury belonging to

My Line of Business,

And, as in the past, my best efforts will be directed to giving my many patrons a complete and satisfactory service. An inspection is cordially solicited.

C. H. SPENCER.

LATEST DISPATCHES

A New Year's Congregation Meet a Horrible Fate.

A CHURCH EDIFICE COLLAPSED.

The Great Strike Assuming Alarming Proportions—Ex-Governor Parker of Pennsylvania Dead.

The Herald's Special Dispatches.
GEORGETOWN, Ala., Jan. 2.—A terrible catastrophe occurred Saturday night, in which three persons were killed and thirty injured. Colored Baptists had gathered in their church to watch the old year go out and the new come in, as is their custom, and during the festivities so great was the crowd that the floor gave way and the building collapsed. A scene of terror ensued. Mary Allison and Mrs. Jones and her child were taken from the wreck dead.

THE GREAT STRIKE.

It is Assumed Alarming Proportions—Stones Thrown Etc.
READING (Pa.), Jan. 2.—President Anthony Tully, of the miners and laborers amalgamated association, says all the miners will strike tomorrow. The feeling throughout Schuylkill county is decidedly gloomy and coal is getting scarce everywhere. Reports received from Mahoney say that the situation is unchanged, and the strikers are getting ugly, non-hands being guarded by the company's police. There has been considerable stone throwing in the vicinity of Locust Summit, but no one has been injured. The strike is not over by any means, and serious trouble is not unlikely before many days. The strikers' places at Cresconal were promptly filled this morning.

THE BLOODTHIRSTY REDS.

They Must Be Captured or the Whole Band Killed.
SAN FRANCISCO, Jan. 2.—It is reported from Yajapraiso, Zacatecas, that Bernal's band is in that neighborhood, and that Governor-General Arce with 300 cavalrymen has left the capital to encounter them. The governors of the states in which the band has been operating have been notified by the authorities that the members of the band must all be killed or captured.

BLOCKADE RAISED.

The Worst Storm of Many Seasons—Trains Again Running.
DELAWARE (Minn.), Jan. 2.—The railroad tracks hereabouts are now about cleared of snow, and trains are beginning to run after a detention of, in some cases, over half a day. The blockade has been the worst for a number of seasons.

GLADIATORS IN ITALY.

LONDON, Jan. 2.—The Italian press in commenting upon Mr. Gladstone's visit to Italy say that the English statesman's intention to treat with the Vatican for the support in obtaining autonomy for Ireland, and that Monsignor Persico has already begun negotiations in the same matter.

BETTER PAY FOR PRINTERS.

ST. PAUL, Jan. 2.—The newspapers here have all advanced the price of composition four cents per 1000 ems, making morning work 42 cents and evening 37 cents. Compositors agree to let advertisements be set by the week and wave measurement of cuts.

MORE STRIKERS.

BOSTON, Jan. 2.—At the New England glass manufactory at East Cambridge there was no resumption of labor this morning. Over fifty workmen employed therein remained out at the command of the society of which they are members.

MILLS BURNED.

KEWANEE, Ills., Jan. 2.—Three hundred men were thrown out of employment yesterday morning by fire which broke out in the pipe mill of the Hoxteen Steamheater Co's plant, which together with the rolling mills adjoining were consumed.

EX-GOV. PARKER'S DEATH.

PHILADELPHIA, Jan. 2.—Ex-Gov. Joel Parker, of New Jersey, while visiting friends in this city yesterday was stricken with paralysis and died at 1 o'clock this morning.

COAL FAMINE AVERTED.

PITTSBURG, Jan. 2.—The river has risen and coal can now be sent down to supply the Ohio river cities, averting the threatened coal famine.

A THEATRE BURNED.

ANTWERP, Jan. 2.—Last night at midnight the Alhambra theatre was destroyed by fire. Fortunately the building was empty at the time.

LUMBER! LUMBER!

MAX FRIENDLY, PROPRIETOR OF THE Corvallis Saw and Planing Mills, has made arrangements to furnish lumber at Albany in quantities to suit the purchaser. His mills are supplied with logs from the McKenzie river, and the lumber is first-class, and prices reasonable. A fair discount will be made on car load lots delivered at the O. P. depot in Albany. For prices and terms apply to Eli Carter, agent, at his lumber yard, where a good assortment of dry finishing lumber will be kept, and orders left with him will receive prompt attention.

THE BOOMERANG.

Misuse of the Ancient Weapon in California.

Some years ago since Professor Davidson exhibited at the Academy of Sciences two boomerangs which a friend had procured for him from old Indians living on the banks of the San Jacinto mountains, in Los Angeles county. One was heavy and intended for large game and for war, the other was a lighter one for small game. The latter was differently from the curved boomerang of Australia. The former was not curved, but the two nearly equal arms subtended an angle of 110 degrees. The Indians know nothing about the method of throwing these weapons, which would turn in any measure to the thrower.

This announcement soon elicited a note from John T. Doyle, stating that when the early Spaniards reached the region of New Mexico they found a boomerang in use by the natives, but that it differed in shape wholly from the Australian or the Californian. From the Spanish description, the shape was about two-thirds the circumference of an ellipse, one of longer sides being wanting. In other words, it was very much like the boomerang in use by the Indians of San Diego has been found in "An Historical Journal of the Expedition by Sea and Land to the North of California in 1768, 1769 and 1770, when the Spanish establishments were first made at San Diego and Monterey," from Spanish manuscript translated by William Revely and published by Dairyple in 1790.

The account is evidently written by one of the officers of the expedition, under the command of Don Gaspar de Portola. After speaking of the bow and arrows of the Indians he says: "Besides these arms they use a sort of manaca of very hard wood, the form of which is very like a short and crooked saber. This they throw at a distance, cutting the air with great violence; they can send it farther than a stone and never go into the fields without it. If they meet with a viper or other noxious animal they generally divide it in two pieces, as the Spaniards saw during their intercourse with them."

"The manaca was a wooden weapon, generally edged sharp and used by the ancient races of Peru and of Mexico. It suggests an examination of old records to discover the form and particular uses of this instrument and also whether Frank Cushings has found it among the Zunias."

Thirty Thousand Forged Tickets.
ROME, Dec. 31.—Great excitement has been caused by the discovery that 30,000 forged tickets had been issued for admission to the jubilee mass. The discovery will compel the Vatican authorities to print another set of tickets.

MAGNIFICENT CHURCH BURNED.

MILWAUKEE, Dec. 31.—The Emmanuel Presbyterian church, one of the finest in the city, was totally destroyed by fire this morning. Loss, \$200,000; insurance, \$6000. The building was erected in 1873 at a cost of \$200,000 and the organ was raged at the time, and it was with great difficulty that the fire engines reached the scene.

RAILROAD DISASTER.

CHICAGO, Jan. 1, 1888.—A disastrous wreck occurred this morning at Kouts, Ind., on the line of the Chicago & Atlanta railroad. The second section cattle train run into the first second and the caboose caught fire and the rear brakeman was burned to a crisp. The engineer and fireman on the second section barely escaped with their lives. A car load of cattle was burned.

MALHEUR AND HARNEY LAKES.

A party of gentlemen from Crow camp recently had a boat constructed to explore Malheur and Harney lakes. They launched their boat on the 24th of November and christened her on the "Beautiful Racine." The freeze-up, however, prevented the party from proceeding in their boat. They went on foot some distance below Pelican island, about twenty-five miles from Burns, where they discovered another island about three miles long. They named it Guano island. This place seems to be the home and breeding ground of all the various water-fowls, and would be a paradise for sportsmen in the spring and summer. There are deer on the island. As soon as the break-up in the spring the Crow campers propose to thoroughly explore both Malheur and Harney lakes for fur-bearing animals.—Harney Valley Times.
