LIVE TOWN.

The undersigned proprietors of the Pacific Coast Marble and Stone Works are prepared to do all kinds of marble and stone work on short notice. All work guaranteed to give satisfaction. We will furnish to order monuments, headstones and all other work in the marble business, in any shape or color that can be found in the market. We will furnish Eastern made work as low as any house in the state. We call the attention of the public to Eastern finished work now in our shop. We will not use the same material as we cannot recommend it for durability, but will endeavor to use the best material in the market for Base, Stone Walls, Curbing, etc. We will sell as low or lower than any house on the coast. We are always to be found at our place of business on Ferry street, one door south of postoffice Albany, Oreg. All communications will be promptly answered. Repairing, cleaning and resetting old stones a specialty. Address HARRIS & GILLET, Marble Dealer, Albany, Oregon.

On the premises of John Cummins of this township are a corn crib and a pig sty, each of which is built of logs. The logs are thickly punctured with bullet holes, and the bullets that made them are still imbedded in the logs. The logs were cut more than 100 years ago by Colonel Pomeroy, one of the first settlers in what is now Westmoreland county, who built a log cabin in the wilderness with them for himself and family. Pomeroy was a famous Indian fighter as was Major Bell, who lived with his family in a cabin half a mile distant.

Speaker Carlisle's Illness Not Considered Alarming.

CANADIAN LABOR DIFFICULTIES

Col. Fred Grant Declines an Office at the Hands of Gov. Hill of New York—News From the East.

WASHINGTON, Jan. 17.—Speaker Carlisle was taken with another chill at four o'clock this morning, and his physician was hastily summoned. At eight o'clock the speaker was sleeping quietly and his symptoms at that hour were rather more favorable. At eleven o'clock Dr. Powers reported the speaker's condition much improved. Dr. Powers speaks very encouragingly and predicts no alarming consequences of the attack.

After the Knights of Labor.

OTTAWA, Ont., Jan. 17.—A movement against the Knights of Labor, headed by capitalists of the Province of Quebec, has been organized. It has been decided to introduce at the coming meeting of the legislature a measure to regulate the Knights of Labor and all combinations having for their object compulsory and arbitrary stoppage of industrial and mercantile shipments.

Murderer to be Hanged.

PRESCOTT, Arizona, Jan. 17.—Preparations are being made for the execution of Martin Egan, on Jan. 20th. The scaffold has been erected in the jail yard. A petition for commutation of sentence has been circulated and forwarded to Secretary Bayard, who is acting as territorial executive during Governor Zulach's absence, and he has the matter under consideration.

A Great Swindler to be Punished.

CITY OF MEXICO, Jan. 17.—The government has forwarded to Washington papers requesting the extradition of Mayer alias Bourton. There is great anxiety here to have Bourton brought to this city to answer for his stupendous swindle, and if he is extradited he will receive extraordinary punishment.

A Royal Marriage.

CITY OF MEXICO, Jan. 17.—A daughter of the president, Senora Amanda Diaz, was married yesterday to Senor de la Torre. The ceremony was private. There were many superb wedding gifts. The bride is one of the belles of Mexican society and very handsome.

Another Collision.

ROCHESTER, Jan. 17.—A collision occurred early this morning on the Erie railroad between Avoca and Kanona. The engineer was killed and the fireman seriously injured. Several passengers are reported injured, but the facts are unobtainable.

Cold Weather in the South.

NEW ORLEANS, Jan. 17.—Freezing weather is reported all over Northern Louisiana, extending as far south as Baton Rouge. Snow and sleet are reported at Shreveport, Alexandria and other places.

More Trouble in Dublin.

DUBLIN, Jan. 17.—Ejectment notices have been posted on a couple of Kingston's estates at Michelstown against 120 tenants who adopted the plan of the campaign.

Declines with Thanks.

NEW YORK, Jan. 17.—It is announced that Gov. Hill offered Col. Fred Grant the nomination of quarantine commissioner in place of T. C. Platt, but that Col. Grant declined.

Probably Lost.

NEW YORK, Jan. 17.—No tidings have yet been received of the missing steamer Britannia, bound for this point, with 150 Italian steerage passengers.

Mexico's Finances.

CITY OF MEXICO, Jan. 17.—The total coinage of Mexico for the fiscal year ending June 30th was \$24,435,000, of which \$2,684,400 was silver.

THE WAR ON JACK RABBIT.

Cranks Attracted by the Australian Reward of \$125,000.

New York Sun.

It is hardly more than a week since R. W. Cameron & Co., of 23 South William street, as the agent of the Government of New South Wales, made public the offer of \$125,000 reward to the Yankee who should rid that colony of the jack-rabbit pest. The offer was made in view of the fact that the country was overrun with rabbits, that were destroyed the crops of the farmers. The number of letters received from persons willing to undertake the contract has overwhelmed the New York agents. The size of the reward offered has evidently attracted very general attention from those who would undertake anything for such a consideration. From thirty to forty

The communication from the would be rabbit exterminators are interesting, and many favorite measures recommended but many of the writers are reticent about their proposed schemes, and offer to deliver the secret method of extermination C. O. D. One simple-minded farmer proposes the ordinary spring trap, now commonly in use in the New York woods for rabbits and bear cubs. Another man describes an automatic clock-work device that punts the rabbits to death. A drawing accompanying this proposition shows three rabbits flying in fragments from the machine. One trapper writes that sliced lemon is a sure cure for rabbits, and he says he has tried it with success on his farm. The rabbit eat the lemon and "pucker to death from the acid is less than a day." One man said that his suggestion to establish a huge Government sausage factory was worth \$125,000. He proposed that the rabbit skins be cured and used for fur. A man writes from Camden to say that poison mixed with flour and scattered in the grass would do the business, and he asks that a check for a part of the money be sent to him. He is willing to wait for the rest until plan has been tried.

A Philadelphia rabbit hunter recommends that a reward be offered for every rabbit captured, and that the school children in every town and village have one day a week for a rabbit picnic. A man in Omaha suggests dogs. He says there are too many of them in this country, and what they might be exported to New South Wales to mutual advantage.

One effect of the offer is to awaken an interest in the steamship rates to Australia, and numerous inquiries have been made of Cameron & Co. by men who want to go out and meet the rabbits on their native beach.

THINGS OF THE FUTURE.

What May Be Looked For in the Ages to Come.

North American Review.

The civilization of the future will however, respectfully decline Mr. Ruskin's plan for regarding Arcadia by the substitution of moonshine and manual labor for gaslight and steam engines. Labor-saving machinery has come to stay, and if steam shall not monopolize the rough work of the next century it is only because it will share its functions with its twin giant of electricity. We shall have steam quarries and steam digging machines, and the speed of travel is destined to surpass the achievements of the present age by just as a modern express train surpasses a medieval mail coach.

The coming American autocrat of the breakfast table will grow at the delay of the morning mail per night boat from Europe. Excursion trains leaving Boston after breakfast will avoid the night logs of the Cordilleras by reaching the City of Mexico in time for supper. The competition of rail and ocean routes with balloon beams will make travel cheap enough to familiarize our tourists with every zone of their continent; and climatic epicures will probably contrive to enjoy a perpetual summer by convening their July picnics in the Yellowstone Park and their New Year's symposium in Valparaiso.

The dairy interests of the United States represent an investment of more than \$3,000,000,000 nearly five times as much as the entire bank capital of the country, which is \$71,000,000. The number of milk cows is estimated at 21,000,000. This is the great industry that is again threatened by the repeal of the oleomargarine law, to say nothing about the interest of millions of consumers in being protected from a fraud.

Explanation.

In another column appears under our signature an advertisement announcing the closing out of our shoe business altogether at cost. Why we sell at actual cost is because we won't buy any more and wish to clear out every shoe as quick as we can. Of course the public understand very well that if we intended to continue the shoe business such a course would be, to say the least, nonsensical, and our announcement to that effect would be considered deceptive. Ladies will please note this fact and govern themselves accordingly.

SHANE & LONSWAY.

The Ounce of Prevention.

The satisfaction of feeling safe from catching any disease from drinking water, from impure air, from a sick person, from contact with foul clothing, infection or contagion from any source, is complete and all anxiety allayed by the use of Darby's Prophylactic Fluid. A bottle will give more safety, comfort and confidence than all the doctoring in the world.

Wheat—Quiet. Markets abroad lend a rather easy tone to those on this side and here Chicago and New York fell off. London and Liverpool stocks are larger than accounted by most of the trade. Our market is quiet and without change. Walla Walla is reported about \$1 1/2 and Valley about \$1 3/4.

Barley—Fair brewing sold at \$1 05 per cental but the market is not a quick one, brewers buying largely in the interior a short time ago.

Oats—The bulk of receipts noted is for shipment account and offerings on this market are not large. Feed qualities quoted 40 @ 48c.

Eggs—Local rather weak at 23c. Since Eastern just in reported to be offering at 28c.

SAN FRANCISCO MARKETS.  
Jan. 17.—Wheat—Spot market very dull, buyers and sellers apart. No shipping \$1 57 1/2. In option only a small business doing. Sales: morning session, 200 tons buyer season at \$1 47 1/2, 500 tons do at \$1 47 1/2, 100 tons do at \$1 48 1/2; during the afternoon session 100 tons do at \$1 48 1/2, 200 tons do at \$1 48 1/2.

Oats—Receipts liberal and demand light; prices unchanged. Oregon at \$1 37 @ 50.

MULTIFAMILY MEDICINE

"I have used Simmons' Liver Regulator for many years, having made it my only Family Medicine. My mother before me was very partial to it. It is a safe, good and reliable medicine for any disorder of the system, and if used in time is a great preventive of sickness. I often recommend it to my friends, and shall continue to do so."

Rev. James M. Rollins, Pastor M. E. Church, So. Fairfield, Va.

TIME AND DOCTORS' BILLS SAVED BY KEEPING SIMMONS' LIVER REGULATOR IN THE HOUSE.

"I have found Simmons' Liver Regulator the best family medicine I ever used for anything that may happen, have used it in Indigestion, Colic, Nausea, Biliouness, and found it to relieve immediately. After eating a hearty supper, if on going to bed, I take about a teaspoonful. I never feel the effects of the supper eaten."
