

DO NOT let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption. Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The symptoms of biliousness are un- happily but too well known. They differ in different individuals to some extent. A bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time: it is not white and furled, it is rough, it is red. The digestive system is wholly out of order and diarrhea or constipation may be a symptom or the two may alternate. There are often hemorrhoids or even less of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this is not effect a cure by green's August Flower, it costs but a trifle and thousands attest its efficacy.

I have received my new stock of men's underwear. These goods are made on a lock-stitch machine and are warranted to be full size and length, and price reasonable. SAMUEL E. YOUNG.
