**Now in Albany.**

Dr. Henry J. Smith, the eminent surgeon and specialist, 433 Kearney St., San Francisco, author of popular lectures on the science of life, Chronic Nasal Catarrh and its Cure, Cause and Cure of Deafness, Diseases of the Male, Diseases of the Female, etc., who for years past has made regular professional visits to Portland, and has previously visited Albany as a representative of the Pacific Surgical Institute, is now at the Revere house, where he may be consulted regarding all chronic and special ailments, including deafness, chronic nasal catarrh, affections and operations of the eye, all throat and lung diseases, nervous, blood, kidney and sexual diseases, weakness in either sex, etc., affections of the hip, knee and joints, and all cases in any way crippled or deformed. All cases requiring braces or other surgical appliances will be furnished without extra charge from our workshops. All cases of rheumatism, chronic ulcers, cancers, skin diseases and all cases of broken down constitution, are especially invited to call and investigate our method of treatment. To the afflicted we would say do not be influenced by what others may say, but come and see us and decide for yourselves. The doctor has been connected for years with the institution whose sole practice was the treatment of chronic, special and surgical affections, and has had an opportunity unsurpassed for learning to cure that class of diseases which have been given up by the general practitioner as incurable. The doctor has been in practice over 20 years and is a graduate of the best school in America and the university of Berlin, and may be consulted in German or English. The doctor would call attention to the wonderful

**FEMALE WEAKNESS**

Symptoms of which are backache, burning pain on top of the head, feeling of debility, general weakness, languor, and nervousness as the most successful and permanent that has ever been devised for the cure of this very large class of sufferers.

**TO THOSE OF THE MALE SEX**

Who may be suffering from any disease or weakness of the genito-urinary organs he would say: Do not waste your time by sending from home for advertised specifics or to so-called "doctors" who would have you believe that they can understand all the bearing and complications of your disease without seeing you. By means of the microscope and chemical analysis we can find out all about your case and will guarantee success in every case he undertakes. All weakness can be speedily cured by our galvano-oxygen treatment. Piles radically cured without pain and without cutting.

**NASAL CATARRH.**

This baneful disease, which is so often neglected and allowed to develop into a chronic and many other serious complications, has been cured by our plan of treatment in hundreds of cases in Oregon and throughout the Northwest Coast. Those who are afflicted should not despair, but come to us and be cured.

**Testimonials.**

Following are a few of the hundreds of testimonials we have received from Oregon during the past ten years:

MILTON, O., Oct. 9, 1885.—Editor Walla Walla Journal: A sense of duty to the public prompts me to state that I have been afflicted with deafness since a child, and have tried every remedy known to me. I determined to consult the doctor informed me that he was afflicted with catarrhal deafness, and thought that he could cure him. I accordingly put him under the doctor's treatment, which soon resulted in a cure, and I could resound the doctor's treatment to all who may be suffering from deafness or any of the effects of nasal catarrh.—N. Pierce.

MILTON, O., Oct. 3, 1886.—Editor Walla Walla Journal: As the local doctors insisted that the cure of my deafness was hopeless, I now take pleasure in stating that after a lapse of one year his condition is better than when I made my first statement.—N. Pierce.

Editor Oregonian—Dear Sir: For twelve years I have been suffering from bronchitis and asthma so that I was compelled to leave my room during the entire winter season, but under the new galvano-oxygen treatment of Dr. Henry Smith, of San Francisco, I have been able to attend to my duties outdoors during the entire winter with perfect ease and comfort, and would cheerfully recommend all who are similarly afflicted to go to Dr. Smith and be cured.—Henry Barber, East Portland Supt. Hogue's mill, Nov. 2, 1886.

ACRONA MILLS, Ore., Dec. 12, 1887.—J. W. Ehlen writes: Your treatment has nearly cured me of my catarrh difficulty of hearing and bronchitis. I would have been quite well had I followed your directions and taken treatment regularly.

PORTLAND, Ore., Nov. 13, 1886.—M. Slavich (Proprietor Louisville restaurant) says: My catarrh, asthma and bronchitis have been cured by Dr. Smith's treatment, and I can attend to all my duties and enjoy good health once more.

SPRAGUE FALLS, Aug. 5, 1887.—Mr. P. L. LeBrien says: Dr. Smith has cured me of my rheumatism, complicated with heart and kidney disease, which has made my life miserable for the seven years past.

SPRAGUE, W. T., Aug. 4, 1887.—To the public: This is to certify that I have for many years been troubled with a malignant chronic sore or ulcer on my shin, which more than a dozen doctors have tried to cure and failed, and my friends told me if I healed it up it would kill me. Dr. H. J. Smith told me he would cure me, and after three months' treatment it was entirely healed and I am still alive and the healthiest and happiest man in Eastern Washington territory.—J. M. Layman.

**Death of a Wisconsin Man 114 Years of Age.**

Milwaukee Correspondence Chicago Tribune, A dispatch from Manchester, Green Lake county, this State, announces the death of Michael Kroeger, the oldest person in Wisconsin. The announcement attracts local interest from the fact that Mr. Kroeger has four sons residing in Milwaukee and to whom it was daily expected he would make a visit. He was to have arrived here Wednesday last, but in consequence of some trifling circumstance, was detained and word came that he would arrive Saturday. The day he was taken ill from a severe cold, which has resulted fatally. Mr. Kroeger was nearly 114 years old, having been born at Posen in 1774. He came to America thirty years ago and soon after moved to Milwaukee, where he remained until a few years ago. He removed to Manchester to reside with his son John a farmer. His four remaining sons who reside in Milwaukee, are Gottlieb, Martin, Michael and Stephen all of whom have children and grandchildren, making a small army of the old man's descendants. One of his granddaughters, who visited him last summer, says he was then hale and hearty and was in the habit of driving the cattle to and from the pasture, besides doing work in the garden. He was a short, heavily built man of great strength, temperate in his habits and did not use tobacco in any form.

**A PATIENT MAIDEN.**

**Who Waited Nine Years Years While Her Betrothed Made a Home.**

Just before the train over the Idaho Central left Nampa for Boise City on yesterday, the 13th inst., Mr. Milton Hoke, of Oregon, and Miss Emma High, of Kansas, were united in marriage in one of the coaches of said train, Mr. Justice Bowman, of Nampa, officiating. The contracting parties were engaged nine years ago, but Mr. Hoke would not marry until he had a good home to take his bride to. So nine years ago the two parted, and Mr. Hoke came west where the opportunities were greater for success than in the thickly settled districts of the east. His bride remained true to him all these years and her love was the great stimulant that nerved to the undertaking of securing a home, and at last his fondest dreams and hopes were realized. Miss High started west upon receiving word from her lover, and they met at Nampa, where two loving hearts were made one after nine years of waiting and joyful anticipation. Conductor Bliss and brakeman Shankland, of the Idaho Central, acted as "best men." Mr. and Mrs. Hoke are spending a few days in Boise City.—Statesman.

**Judging From His Own Experience.**

The congregation of a church at Elk Rock were much shocked upon learning that their preacher had departed under most discreditable circumstances. On the following Sunday it seemed to be the aim of nearly every one to hush up the scandal, and, under great restraint, many uninteresting conversations were held, merely to prove that the members of the church could rise above sensational gossip. Just before the services were closed Brother Elijah P. Brookrod arose and said:

"Brethren and sisters, since we last met in this house something which seems to have cast a gloom over this congregation has occurred. We were all much attached to our minister; in fact, we love him, and I now propose that we offer up a prayer for the wanderer.

A sensational wave swept over the audience. Another brother arose, and turning to Elijah P. Brookrod, said:

"I am astonished that you should desire this congregation to pray for our erring minister—you above all others."

"Why?"

"Because he ran away with your wife."

"Yes, I know," Elijah, "and that is the reason why I think that he will need our prayers."

**Value of Old Bones.**

Chicago Times

The four feet of an ordinary ox will make a pint of neatfoot oil. Not a bone of any animal should be thrown away. Many cattle shins-bones are shipped to England for the making of knife-handles, where they bring \$40 a ton. The thigh bones are the most valuable, being worth \$80 a ton for cutting into tooth-brush handles. The foreleg bones are worth \$20 a ton, and are made into collar-buttons, parasol-handles and jewelry, though sheep legs are the staple parasol-handles. The water in which the bones are boiled is reduced to glue, and the dust which comes from sawing them is fed to cattle and poultry.

**Editor Hendricks Married—Terrible Loss Among Shippers—Great Jam of Ice.**

Special to the Herald]

PORTLAND, Jan. 25.—A fire broke out this morning at an old frame building on First street, owned by J. W. Cook. The loss and insurance are as follows: Wm. Brown, cigar dealer, loss \$300, insurance \$150; Harry Levy, dealer in second hand clothing, loss \$900, insurance \$500; Bob Shortell, saloon, loss by breakage in removal, \$75, no insurance; Charles Brown, barber, loss \$150, insurance \$100; J. C. Hollister, rubber stamps, damaged by water, \$40, insured; W. J. Vanschuyver, damage to adjoining building \$50, insured.

**Portland Water Famine.**

PORTLAND (Or.), Jan. 25.—The city has been virtually without water to-day, owing to the disjuncting of the great main on Lamb street. The water from the rain and snow flooded that street and caused the main to sink and it gave way. It did not burst and the damage is nominal beyond annoyance and public suffering. The damage is to be repaired to-night.

**Down By the Sea.**

PORTLAND, Jan. 25.—Dispatches from Astoria state that a heavy gale from the southeast began about midnight and is still blowing, having done considerable damage in the city, and blown four of the ships at anchor in the harbor upon the sands opposite the city. Further particulars of the gale were sent for, and the following brief but concise account was received: "The gale has been blowing here from the southeast since midnight. About 10 o'clock this morning the British bark Deaf-and-Dumb, Sheriff, Media and Lucifera, broke loose from their moorings and were driven on the sands opposite the town. The winds have moderated some since 11 o'clock, and it is thought probable the vessels could be got off without serious difficulty; they are all in good condition. On Main street two or three show windows were blown in and considerable damage done. All the ice in the river opposite Portland broke up this morning. There was a terrific jam of ice, logs and drift nearly a mile long, and the sight of the general breaking up was a very fine one, and was witnessed by thousands of persons on both sides of the river. No damage occurred whatever to the bridges, boats or wharves.

**NOTABLE MARRIAGE.**

**Editor of the Salem Statesman Cap takes an Aurora Lady.**

SALEM, Jan. 25.—R. J. Hendricks, editor of the Salem Statesman and Amelia Giesy, daughter of the late John Giesy of Aurora, were married at that place this afternoon by Rev. J. R. N. Bell, of Roseburg, in the presence of relatives and a few intimate friends. Mr. and Mrs. Hendricks came up to this evening's train and will go to house-keeping immediately.

**Prior Engagements.**

"Miss Florry," said the employer, "you have been in my establishment for five years, and I have raised your salary each year until now. I am paying you all I can afford, and I am afraid I shall not be able to raise the figures for next year any higher than they are now—\$1200." "You have been very kind to me, Mr. Plummer," replied the young lady, "but I have offered \$1300 by Swagg & Co. to take their books next year." "The underhanded sneaks! Trying to take my employees from me are they? Well, they can't do it! I'll give you \$1400, Miss Florry, and you can snap your fingers at Swagg & Co." "Fourteen hundred dollars is a liberal offer, Mr. Plummer, and I am obliged to you, but Shroat & Belnap sent me word yesterday that they would pay me \$1500 if I would go into their office as lead bookkeeper."

"Shroat & Belnap, hey! They're a pretty pair of sharks. They'll give you \$1500, will they? I'll see them in Los Angeles first!" exclaimed Mr. Plummer. "See here, Miss Florry, I'll do better than that. I'll take into the firm. I'll marry you. Tell Shroat & Belnap! you are engaged. Ha! ha? I'll marry, Florry!" "Oh, Mr. Plummer, (dear me!) I thank you sincerely for your offer, but I can never be anything more than a daughter." "What!" gasped the head of the firm. "I have promised to marry your son Harry, Mr. Plummer."
