ALBANY AND THE OREGON PACIFIC

Albany's Prospects—This Season's Railroad Work—The Nelson Bennett Suit.

The Evening Bulletin, of San Francisco, in an article in which the writer seems to know what he is talking about says:

The Oregon Pacific directors have lately sent out instructions to their managers here to make every preparation for vigorous work in the spring.

Beginning in April, it is hoped during the months that follow to push the line far into Eastern Oregon for 250 or 300 miles, and by the summer of 1889, it all goes well, it is hoped to see the line through to Boise City.

Before reaching that point there will be connection with the short line of the Union Pacific, that now runs from Umatilla to Granger, on the main line.

Last winter work was carried on all the time, but this year the weather has been more severe, and beside there has been much trouble with contractors.

Cross-suits for large amounts are now pending between the company and contractors G. W. Hunt and Nelson Bennett. One suit against Bennett is for \$700,000 for failure to complete a contract within a specified time.

The contractors urge that the engineers' estimates are at fault. The immigration to interior Oregon is increasing rapidly. Government land is fast being taken up.

Many new settlers are going and many more are known to be coming. A great immigration this spring is predicted. Real estate values have increased at Albany, Corvallis and other points over 200 per cent.

During the past year, according to statements of a gentleman who knows all about matters there, one man bought seventeen acres at \$170 per acre, near Albany last summer, and six months after he sold his purchase for \$300.

Many speculators are there from abroad. By April 1 it is expected to resume active construction work.

Of the 500 miles of the route from Yaquina Bay across the fertile interior of Oregon to Boise City, about 108 miles are to be built. The survey has been completed the entire distance, and grading has been done amounting to all about 300 miles.

The end of the completed road is at a point near Thomas creek, about twelve miles beyond the Santiam river and twenty miles east of Albany on the Willamette. Substantial bridges had to be built over the Santiam and Thomas creeks.

The road beyond this point runs generally easterly, and in the next fifty miles ascends the spurs of the Cascade range. Here is the most difficult work of the route, but much of the preliminary labor has already been done.

The heaviest grade here will not be over 100 feet to the mile. The greatest altitude reached by the projected route is about 4700 feet.

The mountains in this section of the country form the western boundary of a great inland plateau. The road does not again descend at any point to its previous level in the Willamette Valley.

Most of the way to Boise City the route will range in altitude between 3000 and 4000 feet. On this great tableland the work is easy.

The route passes through many fertile valleys and a great grazing country. The crossings at the Deschutes and Malheur rivers in Eastern Oregon have already been secured.

The Oregon Short Line made several surveys in the Malheur Valley, but since then its route has been abandoned.

To the Citizens of Albany. As the seventh annual encampment of the department of the Oregon G. A. R. and W. R. C. will convene in our city February 22d, "Washington's Birthday," and representatives from all parts of the state, to the number of two hundred or more, will be present, we would respectfully ask all citizens, and especially the business men, to decorate their dwellings and places of business in some suitable manner befitting the occasion by a display of bunting or flags as they think best, and to assist us in welcoming our guests so that the good name our city has sustained in the past for hospitality may be maintained. By order of the committee.

"Memoirs" of the Late Dr. Geary. We have received from Mr. S. B. Eakin, of Eugene City, a copy of the "Memoirs of the Life and Services of Dr. E. R. Geary." The "Memoirs" which are a fitting tribute to the life of one of Oregon's best men, are now published and in the hands of Mr. Eakin, of that place, for distribution. He has a few left after delivering ordered copies, and any one wishing a copy can procure it from him.

The late Dr. Geary resided for many years in Albany, where he had many friends who will no doubt be glad to secure a copy of the "Memoirs."

Given Three Days in Jail. John McClane and Martin Dempsey were arraigned in Recorder Henton's court on a charge of drunk and disorderly. They were found guilty and in default of the coin to pay their fine were given three days each at work on the streets. It is not known whether the latter is a relative of slugger Jack Dempsey or not.

German Ball. A German ball will be given at the opera house by the German citizens of Albany and vicinity on Friday evening, March 9. A fine supper is to be served at the City Restaurant, and an enjoyable time is promised. An adv. containing names of committees, etc. appears elsewhere in these columns.

Reduction of Fares. The Pullman Palace car fares between St. Paul and Portland or Tacoma, will be reduced from \$15 to \$13.50.

CRAWFORDSVILLE NOTES.

CRAWFORDSVILLE, Feb. 13. Work on the new saw-mill is progressing. The proprietors expect to have the mill running this summer.

Mr. Evans, a gentleman working in the logging camp on the Calapoia, fell a few days ago, and seriously injured himself.

Last Thursday W. B. Glass, of the firm of Glass Bros., met with quite an accident. He was standing near one of the machines, when a belt broke, hitting him a severe blow in the side.

Four gentlemen from Michigan have been in this neighborhood during the last week, looking for cheap land in which to invest. If these gentlemen are pleased with the country more are expected to follow.

Everything is quiet here just now, owing to the fact that the farmers are engaged in their spring work, and it is rather hard to find anything of interest to write from this place.

Miss Dora Derrick started last Monday for the home of her uncle in Eastern Oregon. Her health has not been good for some time, and a change of climate may be beneficial.

A Boom in Real Estate. Two rival real estate dealers, F. A. Burkhardt and Charles Metzger, became engaged in a dispute on First street yesterday afternoon, and settled their trouble in a bare-knuckle contest.

In the first round Metzger planted a terrific blow upon Burkhardt's chest. The latter returned the compliment by scraping off about an inch of epidermis on the side of his opponent's nose.

For a brief second they glared at each other, then began the second round. Metzger struck hard, but his blow fell short and he adroitly managed to plant his left eye against Burkhardt's right, giving it a sort of puffy expression.

Each came up smiling for the next round, when Constable C. G. Burkhardt led them off and delivered them over to Marshal Hays. They appeared in Recorder Henton's court and pleaded not guilty. Their trial will occur at 9 this morning.

The O. P. Sues. The Oregon Pacific railroad company has begun suit in the New York courts to restrain the Florida Steamship company from disposing of its promissory \$115,000, and the Farmers Loan and Trust company from parting with its negotiable bonds worth \$58,000 both given by the plaintiff in payment last February for the steamer then called the City of Palatka, but now known as the Eastern Oregon. The Oregon Pacific purchased the steamer on the guarantee that her speed was thirteen miles per hour and she could carry 1000 tons of freight. They now claim her speed was misrepresented and she was not in a good condition and suitable for work. They began suit to have the said laid aside and recover their notes and bonds, with \$50,000 damages.

Death Warrants Issued. Wednesday's Oregonian says, the death warrants for Ghee Gung and Fong Long Diek, the Chinese murderers to be hanged Friday, were yesterday placed in the hands of Sheriff Jordan. It has been decided to have the execution in the frame building in the rear of the court house on Fifth street, and beyond the jury required by law the officials and the reporters, no one will witness it. The condemned men have been removed from their iron cages and placed in the hospital adjoining. Here they are closely guarded day and night and will have no opportunity to commit suicide. Their demeanor has changed somewhat the past few days, and they are becoming more nervous as doomsday approaches.

Utilizing the Power. This from the Oregonian indicates that the falls in the Willamette at Oregon City are to be utilized in a novel manner: F. W. Sparling, who is interested in the electric light works at Seattle, is in the city and will remain some time. He says the feasibility of a scheme to bring power by electricity from Oregon City and supply East Portland with light, and power to run motors, is being tested. Mr. Sparling thinks the object could be accomplished without trouble. A plant of ordinary size could be had for \$30,000, with the works located at Oregon City.

Gold Watch Given Away. Francis Pfeiffer has placed in his show case at the Albany soda and candy works a \$50 gold watch, which will be given away to the customer who purchases of him the most cigars. Every person who buys a cigar will receive a ticket. At the end of ninety days the one holding the largest number of tickets will receive the watch. It is warranted to be a genuine gold watch worth \$50. His cigars are the best in the market. This is a rare chance to get a gold watch free.

Band of Hope Meeting. A meeting for the purpose of reorganizing this society will be held at the W. C. T. U. hall on Saturday next, February 18th, at three p. m. The superintendent, Mrs. H. P. Webb, particularly requests a good attendance of both the young and old temperance workers.

Teachers Institute. The annual county teachers institute for Linn county Oregon will be held at Albany commencing on Wednesday afternoon, March 14th 1888 and continuing during the 15th and 16th. D. V. S. REID, Co. School Supt.

Going Out of the Shoe Business. Shane & Lonsway's great shoe sale at cost still continues. Get your size before they are gone.

POSTOFFICE ROBBER CAPTURED.

One of the Tallman Burglars in Custody—How He Was Caught.

Deputy U. S. Marshal W. W. Roberts came up on last night's train to take into custody one of the slick fingered gentlemen who robbed the Tallman postoffice a few nights since.

The name of the offender was not ascertained, Mr. Roberts having received a telegram stating that the man had been arrested at Tallman just in time to catch the evening train at Portland.

It seems that the principal amount stolen was in registered letters, and the envelopes were torn off and thrown into the stove, but the fire had gone out and they were found. The culprit in attempting to cash the contents was caught.

Postoffice Flooded. A hydrant in the Odd Fellows' temple over the postoffice was left running Tuesday night, and the result was that yesterday morning the postoffice floor was flooded by about two inches of water. Letters and parcels and the finishing of the building were badly damaged.

No Humbug About This. It is a straight business proposition, easily comprehended and worth giving attention to, that the entire stock of boots and shoes at A. B. McIlwain's is now offered at twenty-five per cent. discount. This sale is positive, as the entire assortment is offered without reserve at this slaughter in prices.

Startling—A Terrible Fall! A wonderful offer! Cloaks, jackets and wraps, of every description, at sweeping prices. Desiring to greatly reduce our stock on these lines before taking inventory, we will offer our entire line of pringer Bros. tailor made garments at cost or less. This is a rare chance. Call early while the assortment is large.
