THE WEATHER TO-DAY.

SAN FRANCISCO, Feb. 20—Weather indications for the next twenty-four hours beginning at 7 P. M. are: Generally fair weather; early stationary temperature.

JOTTINGS ABOUT TOWN.

Firemen's ball to-morrow night. M. Wilkins, of Eugene, is in the city. Spiced roll bacon. Kenton & Chase. Choice garden seeds at Kenton & Chase's. Call and see our new goods. W. F. Read. For a nice roast of beef go to J. V. Pine's. Use Dwight's cow brand of soda and saleratus. Choice Yaquina Bay Honey at Redfield & Brownell's. Fresh oranges received by every steamer at Francis Pfeiffer's. Fresh Columbia river smelt this morning at Hyde's fish market. A superb line of ladies fine shoes in all the latest styles at Redfield & Brownell's. Wallis Nash and Geo. A. Waggoner, of Corvallis, were in the city yesterday. Fresh oranges, lemons, pies, hot rolls, cakes, choice cigars, etc. at Parker Bros. A fine line of fancy groceries and choice table delicacies now arriving at Kenton & Chase's. We warrant 12 good's bought of us to be strictly first-class in every respect. REDFIELD & BROWNELL. Direct from New York, Grand Opera cigars at the Willamette Packing Co.'s store. Don't fail to try them. The Mechanics' Band has been reorganized and is preparing themselves to furnish some fine music. Reserved seats for the second night of "The Veteran of 1812" to go on sale this morning at Blackman's at 50 cents each. The meetings held in the M. E. church South in this city will be continued every evening this week. All are cordially invited to attend. The immense stock of boots and shoes at A. B. McIlwain's is being slaughtered at twenty-five per cent. discount on each and every dollar's worth sold. Very little cooking need be done on Sunday while choice canned meats, fruit and vegetables can be bought of Kenton & Chase at such low rates. Avoid the rush in the gallery to-morrow night by securing a reserved seat on the lower floor. O. S. Blackman's at 50 cents each. Contracts have already been let for the erection of six new dwellings in Blackman's last addition to this city. J. W. Roland has purchased of Messrs. Curran & Monteith the residence of W. V. Baltimore in the lower portion of the city, paying \$2500. Dr. G. I. Bartly, of Tangent, who is a practicing physician in that place, was in the city Monday and brightened our sanctum with his presence. The hatching party given at the W. C. T. U. hall by the ladies of the Y. W. C. T. U. was well attended. Those who were present pronounced it a most enjoyable affair. Just arrived: at the Willamette Packing Co.'s store; cabbage, lemons, sugar-cured meats, lemon crackers, Holland herring, mackerel, and other delicacies to numerous to mention. The play, "The Veteran of 1812" will be repeated during the G. A. R. encampment in this city, being presented on Thursday evening, Feb. 23. The price of admission will be 50 cents, gallery 25 cents. Messrs. Franklin & Co. have opened in connection with their second hand store a first-class tin shop, and will hereafter be in the field for contracts and all other work usually connected with the business. Mack Monteith, of Astoria, is spending a few days with old friends in this city. He reports a disagreement amongst the fishermen and employers as to prices, and times are somewhat quiet in the city down by the sea. Some petty thief has been unaccountably appropriating small articles from residences in the upper part of town, during the temporary absence of the occupants. He would make a splendid ornament on Marshal Hays' chain gang at work on the streets. The appearance of the city, for the 22d, on which day occurs the Fireman's Masquerade and the encampment of the G. A. R. Encampment, could be much improved by the removal of the unsightly window of mud thrown up in the center of Ferry street preparatory to removal. Is there any possible way of accelerating the work?

ON THE LIVE OF THE O. P. R. R.

An Enthusiastic Meeting of Citizens—Fifty Farmers Ask for a Depot and Bridge. Mr. PLEASANT, Linn Co., Feb. 11. A meeting of citizens to take preliminary steps toward asking the O. P. R. R. company to locate a depot at the crossing of the wagon road between the farms of H. Follis and S. King's, and also to ask the Linn county court to build a wagon bridge at Stayton in conjunction with Marion county, was held here to-day. The meeting was called to order by W. Crabtree. On motion of Mr. Crabtree, Alex. Downing was elected chairman and E. Weddle secretary. The chairman stated that the object of the meeting was to take some action in reference to location of a switch and depot on the line between the farms of H. Follis and S. King. After a number of enthusiastic speeches from the farmers, the following preamble and resolution was passed:

WHEREAS, The O. P. R. R. now under construction along the south side of the North Santiam river, and through the finest grain belt of the foot hills; Therefore be it Resolved, That we ask the said company to abandon the proposed switch or depot at Queeney's, and locate the same on the line between Henry Follis and S. King, for these reasons: 1. That it will accommodate nine-tenths more farmers, is on a direct road leading from Stayton to Jordan and Bilyen valleys on Thomas Creek, and also the only direct road that can be traveled with a load to Scio; 2. That the farms of the Waldos Hills and Fern Ride country in Marion county, whose names accompany this, ask that the depot be located on the line between the farms of Mr. Follis and Mr. King; 3. That the switch is in a pond, and is impossible to get to in the winter season; 4. That Henry Follis and Samuel King propose to give ground for switch and depot purposes. On motion the chairman was instructed to appoint a committee of three to confer with the officers of the O. P. R. R. company. The following persons were appointed as such committee: R. H. Irvine and Henry Follis, of Mt. Pleasant, and W. H. Hobson, of Stayton. It was moved and carried that Alex. Downing's name be added to said committee. The secretary was ordered to send a copy of these minutes to the ALBANY HERALD and Democrat for publication. After the fifty farmers present had signed the preamble and resolution and bridge petition the meeting adjourned. E. WEDDLE, Secretary.

The Masquerade Ball. Workmen are now busy decorating and arranging the opera house for the firemen's masquerade ball on next Wednesday evening. The stage will be neatly arranged with upholstered furniture for the convenience of the visiting state officials and other notables of the state. Parsons will bring the latest music with his orchestra from Portland, and over one hundred maskers are expected to be on the floor at the grand march. The prizes to be given away by a committee selected from the audience, are on exhibition in French's window, and can but be appreciated. A limited number of reserved seats are now on sale at Blackman's at 50 cents each. The tickets in the gallery are 25 cents each. The grand march will be sounded at 9 o'clock sharp, and the dancers will unmask at 11; thus ensuring two hours of entertainment for spectators.

New Lightning Express Train. As soon as the road through the mountains in Siskiyou county is in a suitable condition for trains to pass in safety at a high rate of speed, a new lightning express will be put on the California & Oregon. No definite time arrangement has been made for the train, but it will probably leave San Francisco at 7 A. M. The train will carry mail, as well as passengers. Its advent will not interfere with the running of the accommodation train now on the line. As the train will pass larger towns along the route in the day time, it is believed that passenger business will be considerably increased, people being dissatisfied with the present arrangement by which the trains pass their stations at night.

The Yaquina Jetty. In speaking of the jetty at Yaquina, the Newport News says: This important work is being pushed with vigor, and it is a pity it cannot be continued until the next appropriation is available. The housing and care of plant will cost almost as much as it would to maintain active operations. The damage that may occur in the meantime could be avoided. Congress seldom acts with the care and caution of private individuals in the management of national works.

German Hall. A German hall will be given at the opera house by the German citizens of Albany and vicinity on Friday evening, March 9. A fine supper is to be served at the City Restaurant, and an enjoyable time is promised. An adv. containing names of committees, etc. appears elsewhere in these columns.

No Humbug About This. It is a straight business proposition, easily comprehended and worth giving attention to, that the entire stock of boots and shoes at A. B. McIlwain's is now offered at twenty-five per cent. discount. This sale is positive, as the entire assortment is offered without reserve at this slaughter in prices.

One Fifth Fare. The annual encampment of the G. A. R. and W. R. C. meets in Albany next Wednesday, Feb. 22, continuing in session for two days. The O. & C. lines give return tickets at one-fifth regular passenger rates to all representatives and members. The O. P. R. R. will do the same thing, and will also hold their boat which leaves Co. Valins Wednesday at 10 A. M. for Albany until after the arrival of the up west side O. & C. train, and hold their boat over at this city on Thursday evening until after the adjournment of the encampment.

BOON. At Hudson—In the way of Chas. L. Hudson, at Oakville, on Feb. 17, a 9-pound boy. For a good pair of spectacles go to F. M. French's.

STATE BOARD OF AGRICULTURE

The State Board of Agriculture concluded its labors Saturday night. It authorized the printing of 21,000 of the pamphlets on Oregon prepared by Secretary Gregg, and a map of the state to accompany each pamphlet. In the stock department the same premiums were offered for Spanish Merinos as are offered for French Merinos. Race No. 7, for 2-year-olds, runners, was changed from one mile to three-fourths of a mile, and race No. 9 for runners was changed to 1 1/2 miles and called the "Oregon derby for 3-year-olds." Entrance, \$50 each, \$400 added; first money, \$25, to be paid May 1; second money, \$25, September 20. Race No. 12 was changed to a 5-8 dash handicap; purse \$400. In all other purse races the first payment is to be made May 1st and the second payment September 10th. Race No. 4, was changed from a purse to a stake race, \$50 entrance, \$400 added. First payment of \$25 on May 1st, and \$25 on September 10th. The weight of the handicap race to be published September 1st. The matter of transfer of the property of the old agricultural board was discussed and referred to the president for investigation.

Fine Badges. A committee of three, consisting of W. K. Blain, Chas. Brownell and C. W. Watts, was appointed by the board of fire delegates at its last meeting to procure suitable badges for the chief and assistant chief of the Albany fire department. The committee had a meeting yesterday and selected two, one of gold for the chief and the other of silver for the assistant. The badges will cost about \$50 and will be the neatest in the state.

A STRANGE FEELING. A Kansas Woman's Queer Experience in the Winter of 1862. Cincinnati Enquirer. In the year 1862 my husband thought the short route to wealth was by the way of Kansas, and we left our snug little home in Ohio and departed for the Sunflower State. What the hardships of the settlers of those days were is well known by readers of history. After trying various ways to make a living my husband contracted with the Government to haul freight from Leavenworth to Benvenand Santa Fe. Oxen were used and he made but two trips a year. The Indians in those days were numerous and hostile, and many of the whites who inhabited the plains during those years were more to be feared than the red man. I never felt as much uneasiness as I think now would have been but natural until he was away on his third trip. It was afternoon, cold and disagreeable, in the month of January. My eldest daughter had married and her husband was in the Union army. For three days I have no recollection of either eating or sleeping. I could think of nothing but my husband and a man-in-law. Our stock died from cold and exposure and of something to eat, and we were in actual danger of the same fate. But even these misfortunes could not drive from my mind the idea that something had befallen the absent ones. And there he hid. The very afternoon that the strange feeling had come over me my son-in-law was severely wounded and was left three days uncaared for on the battlefield. Six weeks later my husband returned, and in telling me his experience I found that during the three days of my uneasiness he had been lost, and in a blinding snow-storm among among the Rocky mountains.

THE EASTERN OREGON ATTACHED. Trouble Between the Original Owners and the O. P. Company. A San Francisco dispatch of February 18th says: S. B. Toby, agent of the Florida steamship company, yesterday sued for and was allowed a writ of attachment against the Oregon Pacific railroad company's steamer Eastern Oregon, and John Birmingham was appointed receiver. The writ was served on the vessel at her berth at the sea wall, and she was taken to the main street wharf and docked. The history of the Eastern Oregon is about as follows: This steamer, then the City of Palatka, was purchased by the Oregon Pacific railroad company of the Florida steamship company for the passenger trade on this coast, and notes of the company and a mortgage on the vessel were given in payment. The vessel was represented to the company as a vessel of 1000 tons register, with a speed of thirteen knots an hour. She was brought to this coast, rechristened, and put on the route between this city and northern ports. The company were not long in discovering, however, that the vessel was neither as large nor as fast as they had thought her, and they then began suit against the Florida steamship company in New York for cancellation of the sale, return of the notes and mortgage, and for \$50,000 damages. This suit is still pending, and your correspondent's informant stated that the attachment was the outgrowth of the action.

The American Lloyds give the vessel's history and dimensions as follows: She was built at Chester, Pa., in 1853, by John Roach & Son, for the Florida steamship company, and named the City of Palatka. She is a twin screw steamer, 200 feet long, 34 feet beam, 11 feet 9 inches deep, and 883 tons gross and 578 tons net register. Replying to questions, Wm. M. Hoag, general manager of the Oregon Pacific railroad company, said to-day that the above statements, so far as he understands the case, are substantially correct. The Eastern Oregon was bought in the East, through the New York office. Papers with regard to the suit pending in New York, and a detailed account of the purchase of the vessel, are now en route here, when the full facts will be known. The Eastern Oregon was to have sailed to-day, but cannot under the circumstances. Mr. Hoag states that negotiations are now pending which he thinks will soon result in the charter or purchase of a new vessel.

SOMETHING NEW.

A Rare Opportunity For a Live Man to Take Hold of a Paying Enterprise. Mr. C. F. Wright, of Harrisburg, is in the city and is introducing a new kind of automatic gate, which on account of its superiority and cheapness, promises to supersede all other patent farm gates. A full-sized gate is on exhibition on the corner near the Russ House where it has attracted much attention. It is all iron and weighs but 50 pounds. Its points of excellence are; its ease in operating, being so light that a child can easily open and shut it; its durability and strength, being completely stock proof; and the cheapness of price, \$5 for each gate and \$10 for a farm right, the gates to be warranted for ten years. A live man is wanted to work the territory every place on the Pacific coast, especially Linn county. If energetically worked all money received will be refunded if the enterprise does not prove satisfactory. Either a deed to territory will be given or right sold to work on commission. For particulars call upon or write to J. D. Bonine at Harrisburg, Linn county, Oregon, or consultant Devoe & Robson or Curran & Monteith, of this city.
