FOR SALE BY

Foshay & Mason,

ALBANY - - OREGON,

HAVE YOU A COLD in the head which does not get better? Have you an excessive secretion of mucus or matter in the nasal passages which either must be blown from the nose or drop back behind the palate, or hawked or snuffed backward to the throat? Are you troubled by hawking, spitting, weak and inflamed eyes, frequent soreness of the throat, ringing or roaring in the ears, more or less impairment of the hearing, loss of smell, memory impaired, dullness or dizziness of the head, dryness or heat of nose? Have you lost all sense of smell? Have you a hacking cough? Have you dyspepsia? Is your breath foul? IF SO YOU HAVE THE CATARRH. Some have all these symptoms, others only a part. The leading symptom of ordinary catarrh is increased secretion of mucus of yellow or greenish colored matter.

Foul breath is caused by the decomposing secretions exuded from festering ulcers far back in the head; sometimes the membrane covering the bones is eaten away and the bones themselves gradually decay. Such cases are indeed objects of pity, as stench from corroding sores reveals the corruption within.

As every breath drawn into the lungs must pass over and become polluted by the secretions in the nasal passages, it must necessarily follow that poisoning of the whole system gradually takes place, while the morbid matter that is swallowed during the sleep passes into the stomach, enfeebles digestion, and often produces dyspepsia, and finally great debility, nervousness and consumption.

DO NOT PROCRASTINATE.

If you have experienced any of the above symptoms do not delay, but try CALIFORNIA CAT-R-CURE at once. We positively guarantee a few applications to relieve, and a thorough treatment to cure. Six months treatment for $1.00; sent by mail $1.10.

PALM AND PINE.

Couldst thou, Great Fairy, give to me
The instant's wish, that I might see
Of all the earth's that one dear sight
Known only in a dream's delight,
I would, beneath some island steep,
In some remote and sun-bright deep,
See high in heaven above me now
A palm tree wave its rythmic bough.

And yet this old pine's haughty crown,
Shaking its clouds of silver down,
Whispers me snatches of strange tunes,
And murmurs of these awful runes
Which tell by subtle spell, and power
Of secret sympathies, the hour
When far in the North the snow
Among the great berge begins to blow.

Nay, thou sweet South of heat and balms.
Keep all thy proud and plumy palms
Ke p all thy fragrant, flowery ease,
Thy purple skies, thy purple seas!
These boughs of blessings shall not fail
These voices singing in the gale,
The vigor of these mighty lines—
I will content me with my pines.

Demand For Government Surveys.

The Oregonian says: Surveyor General Taylor is in constant receipt of petitions from all parts of the state from persons who want surveys made. There has been surveyed only a narrow strip along the coast, and people are settling along the streams back up into the Coast range and wish their claims surveyed. Some of the petitioners have been settled on their claims all the way from three to fifteen years, and the work asked for should be done.. However it cannot be done till an appropriation is made and government increases the rate per mile paid for the work. No reliable man can be found to do the work for the pay allowed now. The government should not expect to get work done for less than private individuals can have it done for. Surveyor General Taylor has forwarded a petition signed by all the registers and receivers in the state asking that a liberal appropriation be made for surveys in this state, and that the pay per mile for surveying be increased, and the matter is now under consideration, and a favorable result is hoped for.

GENERAL NEWS.

Chicago is Visited by a $300,000 Fire.

THE RICH HILL MINE DISASTER

Thirty-five Bodies Buried in the Debris—News from East of the Rockies and the Old World.

The HERALD's Special Dispatches.]

CHICAGO, March 30.—Fire broke out early this morning in a large block on the corner of Lake and Peoria streets which gave the firemen great trouble Soon after two o'clock it spread to a couple of residences west of the burning building, and soon after a row of wooden buildings across the street began to blaze, and it is believed that one man was burned to death. On Second Lake street a wall of the burning building fell out and seriously injured two or three firemen. Just before this Marshal Murphy with thirteen men were knocked down and badly bruised by the terrific explosion of hot air. The losses on the buildings and contents will will aggregate $300,000; insurance small.

Fire at Aurora.

AURORA (Ill.), March 30.—One-half of the Burlington paint shop building was burned last night. It had been fitted up as a hotel for the new engineers and firemen, over a hundred of which were in their beds when the fire broke out. They had just time to grasp their clothes and get out before the building was a mass of flames. Those burned out quartered in other buildings for the night. Several of them were assaulted by unknown parties as they rushed about the yards seeking shelter. The Burlington officials say the fire broke out in two or three places simultaneously, and that indications point strongly to incendiarism.

THE RICH HILL DISASTER.

The Work of Taking Out Dead Bodies Goes On.

RICH HILL, Mo., March 30.—5 men were in the drift when the explosion occurred yesterday. Thus far five bodies have been taken out dead and fifteen wounded Most of them have suffered intensely from fire and suffocation, and their recovery is doubtful. Fifteen now remain in the shaft, and it is believed that most of them will be taken out dead. The work of rescue progresses very slowly, being all attended with great danger.

CROOKED POLITICIANS PARDONED

Judges and Clerks of Election Who Were Sentenced are Liberated.

ANNAPOLIS, Md., March 30.—Gov. Jackson last night pardoned seven democratic judges and clerks of election who were found guilty of having perpetrated frauds at the polls two years ago. They were sentenced on June 27th last to two years imprisonment.

Aid for the Flood Sufferers.

BERLIN, March 30.—Al Posen military barracks have been opened as a refuge for persons who have been made homeless by floods. At Cologne several quays have been submerged, and those who inhabited houses near the banks of the Rhine are leaving them. By the capsizing of a boat hear Bertzenberg nine persons were drowned.

CINCINNATI, March 30.—The receiver of the metropolitan national bank announces that on April 16th he will pay in full all depositors who have proved their claims previous to April.

Steamer Wrecked.

BOSTON, March 30.—The steamer Canonsburg has been wrecked at Nantucket. She was valued at $156,000 and is a total loss.

Pennsylvania Republicans.

PITTSBURG, March 30.—The republican state convention will be held on May 17th.

A MAN OF WAR OVERDUE.

The Lancaster Has not Been Heard From for a Long Time.

WASHINGTON, March 29.—The United States man-of-war Lancaster has not been heard of for an unusually long time. The Lancaster left Montevideo January 6th for Gibraltar, where she was to join the Mediterranean fleet. It was expected the voyage would take fifty days, but this is the seventh day since she started. Prior to leaving Montevideo the Lancaster's boilers were said to be in a bad condition that they could not be used, and it was thought she would have to sail a good part of the way. Admiral Porter has a son on board.

WAS IT A MASSACRE?

A Chinese Camp on Snake River Depopulated—Bodies Found.

Last fall a camp of thirty-four Chinese, moved on one of the bars on the Snake river just above the junction of the Imnaha with that river, to spend the winter mining for gold, which those bars are known to contain.

When they moved there, it was known they had a large boat and a good supply of provisions, and it was generally thought, considerable gold dust; in fact the estimated amount was from $20,000 to $30,000, but the real amount is not known. The bar on which they had encamped is very isolated, and since spring has opened, a party of men passing one day noticed no one around the camp, and on investigation found the bodies of two Chinamen who had undoubtedly been killed by shooting in the head, and the other Chinamen were nowhere to be seen. Their tents were blown down, and after being taken up revealed a large amount of provisions and mining utensils, which had been used but very little. The boat was missing and everything looked as if it had been deserted for some time.

On the bank near the river were found several small piles of cartridge shells which seem to have been thrown out together, and with which the awful deed must have been committed. Everything looked as if a battle had been fought, and the bodies of all except the two found, were put in a boat which was scuttled, or thrown into the river. During the winter, we understand several bodies of Chinamen were picked up near Lewiston, which would indicate the latter theory is the correct one. Whether either is correct or not, the fact remains that the untouched camps are there and the Chinamen missing, except the badly decomposed bodies of the two found.

There is no question from the source of our information, that a terrible crime had been committed, and the officers of the law should investigate the matter immediately.—East Oregonian.

A Month Without a Full Moon.

The month of February, 1866, was in one respect the most remarkable in the world's history. It had no full moon. January had two full moons and so had March, but February had none. Do you realize what a rare thing in nature that was? It had not occurred since the time of Washington nor since the discovery of America, nor since the beginning of the Christian era nor the creation of the world. And it will not occur again, according to the computation of astronomers, for—how long do you think?—2,500,000 years. Was not that truly a wonderful month?—Golden Days.

With reference to the above paragraph the editor of Ayer's Almanac permits us to make the following extracts from a letter received a few days since from the gentleman who prepares the astronomical calculations for that publication: "The statement that February, 1866, was a month without a full moon is true, so far as it applies to the United States, but it is not true for some of the islands in the western Pacific ocean, including Manila, at which latter place there was a full moon February 28th, 7h. 57m. P. M., 1866.

"Whether the succeeding statement, that the same phenomenon will not happen again (presumably for the United States) for 2,500,000 years, is correct or not, I am not prepared to say, for the calculations necessary to determine the same are very lengthy and involve a wide examination of lunar tables. Certain it is that the statement is not of universal mundane application, for no longer ago than February, 1885, there was no full moon visible during the month in Australia, there being two full moons, however, in January and two in March, as an examination of Ayer's Australian calendars will show. In fact, the same was true for British India, as shown by Ayer's calendar for India.

"At Sydeny, Nova Scotia, in the almanac for Maritime Provinces (1885) the full moon was carried into March at first day, 0h. 0m. M. (or midnight of February 28th, if one wishes to cavil.) To Newfoundland, however, there was no full moon in February, the same being clearly thrown over to March 1st, and this is controverting the statement of Golden Days, so far as North America is concerned.

"In the year 1889 there will be but 'three phases' of the moon, though it happens to be the new moon which will be absent this time."

Ayer's Sarsaparilla was the first successful blood medicine ever offered to the public. This preparation is still held in the highest public estimation both at home and abroad. Its miraculous cures and immense sales show this. Ask your druggist for it.
