Linn County Republican Convention

A republican convention for Linn county is hereby called to meet at the court house in Albany on April 4th at 10 A. M. for the purpose of electing delegates to the state republican convention, which convenes in Portland April 11th, and for the purpose of placing in nomination candidates for the various county offices, and to transact such other business as may properly come before the convention.

The convention will consist of 79 delegates, appointed as follows:

East Albany 9, West Albany 7, Halsey 6, Harzburg 4, Brownsburg 4, Sheild 5, Lebanon 7, Scio 3, Waterloo 4, Orleans 3, Crawfordsville 3, Sweet Home 2, Fox Valley 3, Center 3, Santiam 3, Franklin Butte 2, Syracuse 2, Liberty 2, Brush Creek 2, Rock Creek 2

Total 79. The committee recommend that the primaries be held on March 31st, at 2 P. M. S. S. TRACY, G. W. DAVIS, Sec. Chairman.

THE SILVER QUESTION.

Senator Stewart, of Nevada, has proposed an amendment to the bill passed by the house of representatives, authorizing the secretary of the treasury to purchase bonds with the surplus. This amendment provides that owners of gold and silver bullion may deposit the same in the mints and assay offices of the United States and receive certificates therefor, gold to be received at the present standard value and silver at its market value. These certificates are to be redeemed in gold or silver coin at the option of the government, and are to be a legal tender for all dues. The bullion deposited is to be parted and refined for the same charges that are now imposed on gold in preparing that metal for coinage. To prevent silver going above par, it is provided in the amendment that no more shall be paid for silver than \$1 for 412 1/2 grains of standard silver.

The effect of the adoption of this amendment will be to increase the market price of silver bullion. The law of supply and demand will inevitably produce this result, at least within certain limits, for the demand is practically unlimited, and the supply is not. Hence the price will appreciate. Any holder of silver bullion in the United States can get the market rate at once by taking his bullion to the mint, consequently he will not be anxious to sell it until it reaches a figure which will give him a profit on its production or purchase price, and the natural effect will be to urge silver upward.

The only danger arising from it is asserted to be the great influx of silver from foreign countries, especially the orient which has been denominated the great absorber of silver. It is thought that such a measure if adopted might attract the unknown quantity of silver bullion in that country from its hiding place and flood the market, causing a depreciation in value. This bugbear, however, exists only in the imaginative minds of those who are anxious for selfish ends to establish a gold standard only. Of course the amendment would be an experiment, but without doubt it is an experiment that is worth trying.

ALBANY and Linn county forms an important factor in the make-up of the state of Oregon, and deserves recognition in political and other matters. At the approaching republican state convention this city will be modest in her demands, and will claim only the prosecuting attorney. If the nomination for district attorney for the 3d district should fall to H. H. Hewitt, the district will secure the services of an accomplished and thoroughly competent official and Albany will be well pleased with the honor given to a worthy and esteemed citizen.

The wonderful boy pianist, Josef Hofmann, is soon to go back to Germany to resume his musical studies in Berlin. Litigation with parties who were bringing him out in his public performances, will hinder any future appearance in this country or in Europe for some time to come.

COAST IMPROVEMENTS.

Oregon owes no special thanks to congress for the appropriations made for river and harbor improvements. The state is entitled to all the money that has been voted by this committee and to more. Oregon has been slighted and neglected in past years, and the sums now appropriated are not up to the measure of her rights. It is a sort of campaign taffy in aid of the administration, to rebound to the benefit of President Cleveland in the coming campaign, but will neither deceive nor lure our people. No special thanks are due to one who pays only fifty cents when a dollar is the just demand. —Portland News.

PRESIDENT CARNOT, of the French republic, in spite of the adverse circumstances and conditions attending his assuming the reins of government in that country, seems to be grasping the situation with intuitive judgment and successfully managing the discordant elements surrounding him, and establishing order and a quiet administration of governmental affairs. Perhaps as significant and wholesome an act as has characterized the new regime, was the retiring of the sensational warrior, Gen. Boulanger, who succeeded in kicking up more dust and disquiet than any other little man in Europe. It is to be hoped that the sentence of retirement, which President Carnot approved with his signature, will succeed in sending the bombastic disturber of the peace of Europe into final obscurity.

JAY GOULD recently replied to a Tribune reporter that behind the effort to have him indicted for gobbling up the railroad stock of the Denver Pacific trust, was "a newspaper, a cable company and a woman." There is certainly nothing original in the latter part of his accusation, as the gentleman who was placed in that first garden we read about, started that sort of a defense quite a number of years ago. Alas, poor Eve.

The international meeting of women who favor universal suffrage, which has been in session in Washington, has been one full of interest, and attended by women of eminent ability from both this country and Europe.
