A Small Blaze.

Yesterday afternoon two ladies, Mrs. Gradwohl and Mrs. Haight, who reside near the city jail, saw smoke emerging from the building, and they at once gave the alarm of fire. The companies quickly responded to the bell, when it was discovered the jail was burning inside. It was feared that some prisoners were inside and the door was broken in. Four tramps who had been locked up in the jail had fortunately been liberated an hour before, and from the fire left in the stove the blaze was supposed to have originated. It was quickly extinguished, the damage being non-stantial.

THE WESTERN CASE.

Hon. L. H. Montanye, of Albany, was in this city to-day, Tuesday, says the Salem Vidette, in the interest of Jim Westfall, the Chinaman who has been recently ejected from the O. & C. depot at this city. Mr. Montanye says that he has a good case against the railroad company but does not desire to enter suit if proper reparation is made. He says his client is pretty well fixed in worldly goods, is public spirited and has given money for public improvement; that he went into the ladies' waiting room to get his ticket and had his money ready to pay when he was told to go out. He did not think the watchman was in earnest as he was not misbehaving and, of course, did not go. He was then put out forcibly. He then went to the men's window and some words ensued, when he was again put out. This is Westfall's story. It is also said that the two ladies that were present will testify in his behalf. Mr. Montanye's mission here was to see Mr. Skinner and have him write an explanatory letter to Westfall, which he refuses to do, and the consequences will be that suit will be instituted upon Mr. Montanye's return home.

A BOARD OF TRADE WANTED.

To the Editor of the Herald:

Noticing a communication in your paper headed "An Important Matter," relative to attracting a share of the present immigration to this part of the valley, we think it is a step in the right direction although we might perhaps differ in one or two respects from the writer of the article in yesterday's HERALD. First we think the proper method would be for Linn county to have a representative stationed somewhere in California at the most conspicuous point and another stationed in Portland, both of these representatives to have a good supply of literature setting forth the advantages of Linn county, and to distribute the same to the best advantage. If one will only notice the amount of immigrants that pass our town daily going to Portland from California, and also note the number of immigrants that are arriving in Portland from the East, one would readily see what is needed to bring us our share of the present immigration. There is now, at the present time, quite a large flow of immigration into Portland, but as they cannot find what they are seeking for around and near Portland, they then buy their tickets for Tacoma, Seattle and other points in Washington territory, and the result is we simply lose all those who go to Washington territory, for there they can find homes and there they will locate. This true we have no board of trade or any organized body to deal with this issue, though it seems to us that there could, and should be something done by our citizens to bring this desired result about. Let us hear from some of our foremost citizens on this question, and see if there cannot be something done in this matter. Justice.

MIDDLE RIDGE ITEMS.

MIDDLE RIDGE, March 30. Pete Carey has bought a tract of school land and has commenced improving it.

Our school opened Monday, the 26th. Mrs. Mame Grisham, of Lebanon, is the teacher.

Born.—To the wife of Ves Miller, a son. Joy sometimes kills, but it is thought with proper care the happy papa may recover.

We are having a fine rain, which was much needed, as some fields were getting almost too dry to cultivate well. Grass and gardens were also needing rain.

Charley and Mart Thompson have a job of cutting fifty cords of wood for Tom Thompson on the McDowell place. We are informed that they have bought seventy-five acres off of G. W. Miller's place.

The China pheasant nuisance grows and flourishes. It is second only to the Chinese nuisance. Instead of enacting laws to protect them, the legislature had better pass a law offering a liberal bounty for every one destroyed.

COAST NOTES.

The vote of Willowa county is between 800 and 900.

Grant's pass has an elevation of 965 feet above sea level.

Klamath Star: The Indians on the Klamath agency met in council last Saturday, to consider the advisability of taking land in severalty. The result was that 600 voted in favor of the project.

A gentleman living near Springfield, Lane county, reports being bothered a great deal by tramps. He says they hang around three nights and often wake him up about 2 o'clock in the morning and ask for a drink or anything else for the sake of making themselves troublesome.

A colony of twenty families from Illinois arrived here Monday and will make their homes in this vicinity, says the Astoria Pioneer. Quite a number of the men have found employment already. Emigration to this country the present year promises to be something immense.

Dalles paper: The fish wheels on the beach are being overhauled and put in condition for the coming season's work. The fishermen, like the farmers, are producers, turning into money the products of the river, which money generally comes from the East to be put in circulation here.

The stockyards now being built here by the O. R. & N. will be the best between Portland and St. Paul, says The Dalles Sun. They will hold thirty carloads of cattle, are fixed for taking care of sheep, will have sheds for horses, and arrangements made for fine stock. Nearly 100,000 feet of lumber will be used in their construction.

Captain Tom Parker, of the Canby, says that the new channel to Ilwaco was not discovered any too soon, as the old one is rapidly filling up, says the Pioneer. One day last week the Canby came through the new channel without a moment's delay, when it would have been necessary to wait over four hours for the tide in order to come safely through the old one.

An epidemic of dysentery has been afflicting the convicts at the penitentiary during the past ten days, and the prison physician has been at his wits end to account for its presence, says the Salem Statesman. He has finally come to the conclusion that its origin lies in the fact that one day, a week or more since, the weather was very warm and the convicts drank an unusual amount of water. This was followed the next day by vomiting and other symptoms of dysentery, and some of the sufferers were placed temporarily on the invalid roll. The prisoners are getting better now.

DEMOCRATIC STATE CONVENTION.

Assembling of the Convention at Pendleton—Weatherford and Gearin's Race.

Special to the Herald.

PENDLETON, April 3.—The democratic state convention was called to order at 10 a. m. by W. T. Kramer, of Josephine county. Col. J. K. Kelly, of Multnomah, was chosen temporary chairman and C. J. Treuchard, of Clatsop, secretary. The usual committees were appointed. J. M. Gearin's friends claim he will be nominated for congressman on the first ballot, and unless there shall be a great change in sentiment the claim is well founded. It is evident that the race will be between John M. Gearin, of Multnomah, and J. K. Weatherford, of Linn. Both want the nomination. Weatherford's friends claim that he will have half of Clackamas nearly all of Marion, Polk, Yamhill, Washington, Benton and Lane, and all of Linn and Clatsop. They make no hesitancy in saying Gearin will not have a majority of his own county's delegation, and hence will make a poor showing before the convention. It is understood that Gearin can rely on only eight of Multnomah's seventeen votes.

The convention took a recess till 1 p. m. to hear the report of the committee on credentials. In the afternoon the convention re-assembled and a letter was read from B. Goldsmith, chairman of the state central committee, expressing regret that he was unable to attend the convention. He also expressed the hope that harmony and wise counsel would prevail, and that such action would be had as will again lead the party to victory, so as to continue the good work so auspiciously commenced by the present democratic administration, establishing this government once more as one of purity and honesty, and one ruled by the people, etc. The committee on credentials then submitted a report which was adopted. The committees on permanent organization and platform are both out and no report has yet been presented. It is thought a permanent organization will soon be effected and the platform will probably be adopted to-night.

ALTAGO.

3-Year-Old Record 2:42.

The Fast and Game Son of Altamont (2:26 3-4) and Maggie Arnold (2:35)

Will be at John Schmeer's, Fridays and Saturdays of each week, and allowed to serve a limited number of mares. Take notice of his remarkable breeding: Sired by Altamont (wagon record 2:26 3/4), by Altamont, by Alexander's Galah, by Ham Jettonian; first dam Maggie Arnold (2:55, public trial 2:28 3/4) by Altamont Mambrino (full brother to Mattie West, dam of McMahon 2:21, Darango 2:23 3/4, by Altamont; second dam Alice Drake (dam of Norman Medium 2:20, Alice Adison 2:28 3/4, Maggie Arnold 2:35, Altamont 4-year-old record 2:41), by Norman, sire of Lulu, 2:14 3/4; third dam, by Pilot, Jr., sire of the dams of Maud S, 2:08 3/4, and Jay-Eye See, 2:10. Altamont (the sire of Altago) sired Almonette 2:20 1/4, Siphon, 5-year-old record 2:32 1/4, Alta, 5 years, 2:32 1/4, Zilphoe 2:37, Lady Beck 2:38, Coquina, 4 years, 2:39 1/4, Oneco, 3 years, 2:41, Altago, 2 years, 2:42, Pricemont, 2 years, 2:40 3/4, Alta A, 2 years, 2:53 1/4, and many others.

What kind of a son does the above list tell; compare it with the get of any horse now living in the Northwest and you will quickly see that among them his equal does not exist; besides he is the only horse now living in the Northwest that is standard by the triple test pedigree performance and progeny. Altamont was taken to California in the fall of 1884 after a heavy stud season, and was started in seven races and won them all—a feat never before or after accomplished by an Oregon horse. In the dead of winter and handicapped to a 115 pound wagon, he obtained his record of 2:26 3/4 in the seventh heat of a hard fought race. All the breeders in the Northwest are free to admit Altamont's superiority as a sire of baby trotters, and time will demonstrate that his sots will not only trot early but train on. There is not one of the above but withage is able to enter the "charmed circle," and they will, all things being right, arrive there in due time. Altamont defeated in California combinations of the best horses of the season and which were managed by Jay Eye See. Could any horse have a richer trotting inheritance. He presents a grand concentration of the blood lines of the four great families—Hambletonian, Mambrino Chief, Norman and Pilot, Jr., and he gets back to these fountain heads through the very speediest and best chamees. His record of 2:42 as a three-year-old, over an Oregon track, is equal to his high breeding.

You that are going for light harness blood should not overlook Altago. The season will commence April 1 and end July 1. For further information or extended pedigree address

D. B. McKNIGHT, Albany, Oregon.
