JOTTINGS ABOUT TOWN.

Tell us not in mournful numbers, That the town is full of gloom, For a man's crank that slanders In these bustling days of boom.

Life is real, life is earnest, And the grave is not its goal; Every dollar that thou timest Helps to make the old town roll.

But enjoyment and not sorrow, Is our destined end or way; If you have no money—borrow: Buy a corner lot each day.

Lives of great men all remind us, We can make our lives to be same; Let us leave the chumps behind us, And we'll get there just the same.

In this world's broad field of battle, In the bivouac of life, Let us make the dry bones rattle, Buy a corner for your wife.

Let us then be up and do it, With a heart of fate, Still achieving, still pursuing, Gooding early, booming late.

News-papers in 1888. From the edition of Geo. P. Rowell & Co.'s American Newspaper Directory, published April 2 (its twentieth year), it appears that the newspapers and periodicals of all kinds issued in the United States and Canada, now number 16,510, showing a gain of 891 during the last twelve months and of 7,136 in ten years. The publishers of the directory assert that the impression when the proprietor of a paper undertakes to state what has been his exact circulation, he does not generally tell the truth is an erroneous one, and they conspicuously offer a reward of \$100 for every instance in their book for this year, where it can be shown that the detailed report received from a publisher was untrue.

Another plank demands of the legislature that it shall devise means to make the Columbia river an open river, either directly or by inference calling on the legislature to provide means for building a portage railway at the Cascades and the Dalles.

Another plank treats of the pensions matter, declaring that the pension roll shall be a roll of honor, and that it should be established on a sound business basis, so as not to be a burden to the country.

For congressman J. M. Gearin, of Multnomah county, received 105 votes out of 158 on the first ballot. The nomination was made unanimous.

ALTAGO.

3-Year-Old Record 2:42.

The Fast and Game Son of Altamont (2:26 3-4) and Maggie Arnold (2:35)

Will be at John Schmeier's Fridays and Saturdays of each week, and allowed to serve a limited number of mares. Take notice of his remarkable breeding: Sired by Altamont (wagon record 2:26 3/4), by Almont, by Alexander's A. dallas, by Ham detonian, first dam Maggie Arnold (2:35, public trial 2:26 3/4), Durango 2:23 3/4, by Almont; second dam Alice Drake (dam of Norman Medium 2:20, Alice Adison 2:28 3/4, Maggie Arnold 2:35, Altison, 4 year old record 2:41), by Norman, sire of Lulu, 2:14 3/4; third dam by Pilot, Jr., sire of the dams of Mand S. 2:08 3/4, and Jay-Eye see 2:10. Altamont (the sire of Altago) sired Almonte 2:24, Siphon, 3 year old record 2:33 3/4, Alta 6 years, 2:32 3/4, Zilophone 2:37, Lady Beach 2:38, Gouvier, 4 years, 2:34 3/4, Oneco, 3 years, 2:41, Altago, 3 years, 2:42, Pricemont, 2 years, 2:40 3/4, Alta A., 2 years, 2:53 3/4, and many others.

What kind of a mare does the above list tell; compare it with the get of any horse now living in the Northwest and you will quickly see that among them his equal don't exist. Besides he is the only horse now living in the Northwest that is standard by the triple test pedigree performance and progeny. Altamont was taken to California in the fall of 1884 after a heavy stud season, and was started in seven races and won them all—a feat never before or after accomplished by an Oregon horse. In the dead of winter, and handicapped to a 115 pound wagon, he obtained his record of 2:26 3/4 in the seventh heat of a hard fought race. All the breeders in the northwest are free to admit Altamont's superiority as a sire of baby trotters, and time will demonstrate that his sots will not only trot early but train on. There is not one of the above but with age is able to enter the "charmed circle," and they will, all things being right, arrive there in due time. Altamont defeated in California combinations of the best horses of the season and which were managed by the most skillful drivers. He did it by his bulldog tenacity, his indomitable will and never failing courage, his high strung temperament would not brook defeat, and at the last he was considered invincible. But it is by no means through Altamont alone that Altago inherits speed in 1 game racehorse abilities.

Maggie Arnold, has a record of 2:35 (trial 2:29 3/4), by Almont Monbrino, a son of Almont out of a Mambrino Chief mare. Almont Mambrino has a record of 2:46 3/4 and showed a 2:28 gat at Fairlaw before he was sold, besides being a no brother to Mattie who has since since 10000 are for her 10000 times that ever lived.

Altago's third dam was Alice Drake (dam of Norman Medium 2:20, Alice Adison 2:28 3/4, etc.), one of the greatest mares, and she was by Norman, sire of Lulu 2:14 3/4, May Queen 2:20, grand sire of Protine 2:18, Moody 2:18 3/4, Fanny at his third dam, she was from the season and which were managed by the most skillful drivers. He did it by his bulldog tenacity, his indomitable will and never failing courage, his high strung temperament would not brook defeat, and at the last he was considered invincible. But it is by no means through Altamont alone that Altago inherits speed in 1 game racehorse abilities.

You that are going for light harness blood should not overlook Altago. The season will commence April 1 and end July 1. For further information or extended pedigree address
