He has taught in Linn county 17 years, and 35 years in Oregon, and during that period has enrolled 2,400 pupils. If there is any teacher who has taught longer in the state Mr. Gilbert would no doubt be pleased to form his acquaintance.

Oregon City's Bridge.

The county commissioners of Clackamas on Saturday awarded to the Pacific Coast company, of San Francisco, the contract of constructing a free wagon bridge across the Willamette at Oregon city, for \$23,000. Of this sum the county of Clackamas pays \$15,000, the municipality of Oregon City, \$10,000, and the Willamette Locks and Transportation company \$4,000. Work is to be commenced at once, and the contract requires that the bridge be completed Sep. 1. It will be 935 feet long, the main span 450 feet, and 75 feet above low water, so high that any steamboat can pass under. This will make the sixth bridge across the Willamette. The first was the Oregon & California railroad bridge at Harrisburg, the second the Oregon Pacific bridge at Albany, the third the wagon bridge at Salem, the fourth the Morrison street wagon bridge at Portland and the fifth the O. R. & N. railway was completed bridge at Portland. The last four have been finished within the last eighteen months.

To Advertise Albany.

The publisher of the West Shore has entered into an agreement with the business men of this city to publish each month an article, and illustrations, etc., and distribute each month for the period of a year 500 copies of the same in the East. For this the citizens of Albany have agreed to pay \$100 per month, and from time to time these descriptive articles will be sent to our Eastern neighbors who are desirous of learning something about this portion of Oregon.

Accident at Lebanon.

Chas. Walton, of Lebanon, a young man aged about 17, while handling a box of powder Monday, met with a serious accident. He had a few grains of the powder in his hand, which he ignited with a match. This was communicated in some manner with the powder in the box, which was exploded. The accident occurred up-stairs and the shock was so severe as to blow a door open at the foot of the stairs. The young man's face and hands were frightfully burned, but it is thought he will recover without the loss of his eyesight.

THE CITY COUNCIL.

Quarterly Reports of Treasurer and Recorder—The City's Finances.

Regular meeting of the city council was held last evening, all the officers and members being present. Mayor Cowan in the chair. Minutes of the last meeting were read and approved.

The committee on streets and public property recommended that the contractor for constructing the two foot bridges on Thurston street be allowed \$35 for the work. The same committee recommended that the petition for a sidewalk on the north side of Fifth street lie on the table; also that on the petition of R. Koehler for a switch on Railroad street, owing to its interference with the proposed sewer, no action be taken at present. The reports were adopted.

The quarterly reports of the city recorder and treasurer were read, showing the following financial condition of the city for the quarter ending March 31st:

Table with columns: RECEIPTS, DISBURSEMENTS, INDEBTEDNESS. Includes items like Am't in treasury, Licenses, Warrants issued, etc.

Indebtedness of city \$1058 55. SUMMARY OF DISBURSEMENTS. The warrants as shown above were issued for the following purposes:

Table with columns: City officers, Night police, Fire department, Street work, Lamp supplies, etc.

A petition was presented asking that Ferry street be graded and gravelled from Third to Eighth, which was granted.

A petition was also presented asking that an electric arc light be placed at the intersection of First and Washington streets. Mayor Cowan addressed the council, stating that he thought this light, also one in the Third ward, ought to be furnished by the city.

An ordinance bill, amending the ordinance granting the franchise to N. H. Allen for electric light and telephone system, making it an exclusive franchise for 25 years, was introduced by Councilman Writman, and was read first time. The rules were suspended and the bill was read second time by title and was referred to the committee on ordinances.

The ordinance bill granting the right of way for gas works was likewise referred.

A communication was read from the Stoughton Chair factory, asking what inducements it would offer for the establishment of their factory in this city, and was referred to city recorder with instructions to write to the company, suggesting that they consult the owners of water power, building site, etc. in this city.

Various street and sidewalk improvements were ordered made. Bids for constructing the sewer across Ferry street, were read as follows: James Larrent, 75 cents per foot; Walter East, 75 cents. The recorder was instructed to let the two bidders draw for the contract at the prices named.

The bids for extending the Calabona street sewer was laid on the table until next meeting. On motion it was ordered that the services of one night policeman be dispensed with and one retained, the vote to be taken by ballot. On the eighth ballot F. M. Westfall was suspended and W. A. McLane was continued.

On motion N. H. Allen was instructed to place an electric light in the hall of the H. & L. Fire Co., and a small light was ordered to be placed in the bell tower.

The usual claims against the city were allowed and the council adjourned.

Presbytery of Oregon.

The presbytery of Oregon met at the First Presbyterian church last evening at 8 o'clock. After a sermon by the retiring moderator Dr. E. J. Thompson the presbytery was constituted. Rev. W. S. Holt was elected moderator. Rev. J. R. N. Bell temporary clerk and Rev. W. G. Gibney reporting clerk. The following persons were received: Rev. A. J. Brown, the Pres. of Chicago; Rev. A. Robinson, of Saginaw, Mich.; Rev. Henry Hausman, as a licentiate from Pres. of Brooklyn. The presbytery adjourned to meet this morning at 9 o'clock.

Shot in the Hand.

A young man giving the name of John Henry, aged about 18, accidentally shot himself in the hand yesterday afternoon. He said he was from Sacramento, Cal., and was on his way to Portland, after walking down the track for a few hundred yards he stopped to clean his pistol and accidentally pulled the trigger, and the ball passed through his hand. Dr. Wallace dressed the wound, which is not serious.

LINN COUNTY BUSINESS COUNCIL.

The April Meeting is Fully Attended With Sand Ridge Grange.

Sand Ridge Grange procured the use of the large depot warehouse at Lawson and at the hour of opening a large representation, was present. The president and secretary were promptly in their places and the business of the meeting was taken up, the various granges being well represented.

The agent made reports on business matters which were acted upon. A communication from Eight Mile grange received by the Agent was read and the subject was talked over and taken under advisement.

The report of the committee on Legislation on topics sent in by Harrisburg grange was read and on motion was laid upon the table until after dinner for further consideration.

A recess was declared and dinner prepared by the ladies of Sand Ridge grange was partaken of and highly enjoyed. After its thorough discussion the council resumed work. A communication from Saem in reference to a national organization of farmers was read and after discussion no action taken.

The report of the committee on good of the order on business matter was read and on motion adopted after discussion by Messrs Dawson, Miller, N. Payne, M. Payne, Irvine and others.

A special committee of three was appointed to investigate the same subject, committee Phil Swank, N. Payne, J. Clem and Mart Miller.

The committee on Legislation reported, on resolution submitted to the council at a previous meeting and referred to the committee, recommending an indefinite postponement, and on motion the report was adopted.

A question from the secretary as to what should be copied in the minutes, brought out a discussion participated in by Messrs Wilds, R. A. Irvine, Dawson, Payne, H. Powell, Kizer, the secretary and others.

The report of the committee on Legislation in reference to the Harrisburg topics, laid upon the table before dinner, was taken up and on motion was laid over until the next meeting for further action.

On motion it was decided that the next meeting of the council be held with Harrisburg grange. A motion for a committee on special legislation drew out considerable discussion from Dawson, Kizer, R. A. Irvine, N. Payne, B. H. Irvine, Train, Bellinger, and others and the motion was adopted as the secretary had it recorded in the minutes.

After a vote of thanks to Sand Ridge grange for the entertainment furnished, the council adjourned.

Investigating the Accident.

Saturday morning, State Railroad Commissioners Slater and Waggoner, and Clerk J. R. N. Bell, went to a point on the Portland & Willamette Valley railroad two and a half miles beyond Oswego, the scene of the fatal accident of March 22, says the Oregonian. They found the track in good condition, and there was nothing to indicate that the accident was the result of any defect in the track or bridge. They seemed satisfied it was caused by a lurch of the cattle at the critical moment, when the train was on the bridge. Engineer Watson and Brakeman Phillips, who were on the train at the time of the accident, gave testimony which does not differ from the account heretofore published. Yesterday the commissioners went to Good Samaritan hospital to take the evidence of some of the injured persons, and at the next monthly meeting will make known their decision. Chief Engineer H. Hayward is preparing a statement, also a drawing of the road as it approaches the bridge, which will be furnished to the commissioners.
