GENERAL NEWS.

A Social Sensation in High Life Leads to Arrests.

THE DEAD LOCK STILL UNBROKEN

Conkling Better—Our Usual Budget of State and Pacific Coast News—Salem Notes.

The Herald's Special Dispatches.

PITTSBURG, April 11.—Ensign Ryan, U. S. naval officer, delegated here to inspect armor plate at Carnegie's works for the government, and J. H. Mead, president of the Arctic Ice company, have been arrested on a charge of abducting the 17-year old daughter of W. J. Parsons, a prominent citizen of Allegheny. The daughter, Rosa Parsons, is leading soprano of the North Avenue M. E. church choir, one of the most fashionable churches here. The charge was made by Mrs. Parsons, who claims to have discovered through the aid of detectives that her daughter was induced to go to New York on the promise that she would be secured a position in an operatic troupe and furnished with costumes. She went to Trenton, N. J., stopped there several days at the Windsor hotel under the name of Mrs. Marshall, and was joined by Ryan and taken to New York, where she is now sequestered in a flat on Broadway. The arrests have created a profound social sensation. The daughter has been missing ten weeks and the mother has been searching for her everywhere, and the most prominent citizens as well as pastors of churches have been interested in the hunt. The parties were committed for a hearing. Lieut. Eaton, who is in command here, has been notified to suspend Ryan, pending an investigation. If the charge is sustained Lieut. Eaton says Ryan will be dismissed from the service. The prisoners have been held in \$1000 bonds.

JUNCTION CITY ITEMS.

JUNCTION, April 11.

Grain is looking well. Most of the farmers will finish seeding this week. Golden pheasants are getting to be quite numerous in this vicinity. Most every body is busy putting in gardens. Potatoes are selling from 50 to 75 cents per bushel, and plenty in the market. The aspiring candidates are getting quite friendly, and their smiles entirely too broad for the side walk. The prohibitionists are determined to put out a strong county ticket regardless of what the old parties may say or do. Considerable improvement has been recently done in the way of repairing and painting buildings. Fences and etc, which adds greatly to the appearance of this city. Several families have moved into town. Some of them are from other States and are looking for homes. Rev. Wm. M. Houston and wife are contemplating a visit to their old home in the East. They expect to be here some time in May. P. M. will teach the school at Liberty west of town. Mrs. Campbell expects to spend several months in Portland as a music teacher.

Five Hundred Tons of Pills a Year.

NEW YORK MAIL.

"There are eleven and one-half tons of postage stamps sold at the New York post-office every year," remarked a manufacturing chemist to a Mail and Express reporter recently. "Now guess how many tons of pills are made in this country every year?"

"What have postage stamps to do with pills?"

"Nothing whatever, save that each is useful in its way. I only cited the post-office vend to give you an idea of the great worth and the great weight of small things when considered in bulk. Give it up? Well, as nearly as can be figured, they will amount to over fifty tons a year. In England alone there are 2,000,000,000 of them every year. A ton a week is a fair estimate. That reduced to tons would make out about forty. How many are used in our countries it would be hard to say but the total estimate would not come far from 450 tons. Say 500 are used a year by the entire world. The habit of pill taking is ancient. It is the most convenient form for carrying and taking and is the most popular. Formerly they were made by hand. Now they are produced by machinery. There are a few manufacturers who make 1,000,000 pills a week. Big business, isn't it?"

A Heartless Slender on the Sex.

BOSTON Transcript.

There is a mining company in St. Louis composed entirely of women who own a mine in Colorado. If there are any pockets in that mine nobody but the women will ever find them. A woman's pocket is safer than a box in a deposit vault; nobody can ever find it except the woman herself; and very few women, indeed, know where their own pockets are located, as is clearly shown by the fate that so many of the dear creatures are obliged to carry their pocketbooks in their hands.

Out on a Musical Fix.

Collegiate Journal.

A new rival brass band was hired to play at the funeral of a Connecticut deacon. They were playing a slow and solemn dirge to the grave, when suddenly the trombone man shot out a blast that startled the hearse horses and broke up the whole procession. The leader turning fiercely, asked him what in the world he was doing that for? He answered with a smile: "Gosh! I thought it was a note and it was a hoss ity, but I played it."

A Spring Walk.

Buffalo Courier.

Alas, alas, my shoes are splashed. I stepped into a floodlet and as I look behind I see my trousers splashed with mudlet. For 'tis the bonny, bonny Spring, when the dandies swear and robins sing. Bring back, bring back the Winter chill, or bring the Summer, better still. Oh, me, alack, Spring mud makes made a dressed up dry goods drummer lad.

Notice of Final Settlement.

THE REPUBLICANS

Proceedings of the Republican State Convention.

HERMANN FOR CONGRESSMAN.

W. P. Lord for Supreme Judge—H. H. Hewitt, of Albany, for Prosecuting Attorney of the Third District.

PORTLAND, April 11.—The republican state convention assembled in the Masonic temple in this city at 11 A. M., and was called to order by Hon. Joseph Simon, chairman of the state central committee. The organization was perfected by the election of Geo. H. Williams, of Portland, as temporary chairman. On assuming the position Mr. Williams, in his usual eloquent style, presented the position of the republican party, showing a very hopeful situation. He knew that Oregon was a republican state, and was fully persuaded that not a solitary republican could be induced to desert his post and help an administration that was endangering the best interests of the country and the principles that they had so faithfully battled for. While making no objection to proper work on the temperance question, but believing in its earnest prosecution, he deprecated the action of the prohibition party in their evident intention to bend every effort toward defeating the republican party. He was pleased to observe the perfect harmony that prevailed, and the evident intention of every republican of sticking by and working for the nominees of the convention. On motion John H. Shupe, of Douglas county, was elected temporary secretary and O. F. Miller, of Clackamas county, assistant secretary. On motion C. E. Moore, of Benton; Geo. H. Burnett, of Marion; S. W. Blaisdell, of Umatilla; J. J. Spencer, of Yamhill; L. N. Roney, of Lane, were appointed a committee on credentials. A. H. Tanner, of Multnomah; J. C. Furlerton, of Douglas; G. S. Washburne, of Lane; J. E. Bean, Umatilla; R. K. Hayes, of Tillamook, were appointed a committee on order of business, and also by further motion permanent organization. The committee on credentials reported, showing that 209 delegates were entitled to seats in the convention. **AFTERNOON SESSION.** At the hour named at adjournment the convention reassembled and commenced work by adoption of the report of the committee on credentials. The committee on order of business reported as follows: First, that the temporary officers be made the permanent officers of the convention. Order of business: 1st. Appointment of committee on platform. 2nd. Adoption of platform. 3rd. Nomination of member of congress. 4th. Nomination of candidate for supreme judge. 5th. Nomination of candidates for presidential electors. 6th. Nomination of candidates for delegates to the national convention. 7th. Ratification nominations. 8th. Ratification of district nominations. 9th. Appointment of the state central committee. On motion the committee on platform was nominated by each county delegation as follows: Baker, C. B. Fox; Benton, Coll VanCleave; Clackamas, E. L. Eastman; Clatsop, J. L. Halloran; Columbia, A. H. Blakely; Gilliam, L. P. Goodale; Grant, H. M. Bassford; Jackson, W. H. Lee; Coos, J. M. Roberts; Crook, C. M. Cartwright; Curry, W. P. Keady; Douglas, D. S. K. Buick; Josephine, E. W. Morrison; Klamath, W. C. Hale; Lake, L. C. Conn; Lane, A. C. Jennings; Linn, N. B. Humphrey; Malheur, W. L. Geary; Marion, M. G. Lane; Morrow, D. C. Elliott; Multnomah, R. Mallory; Polk, W. Truitt; Tillamook, R. K. Hayes; Umatilla, Lee Morehouse; Union, I. N. Saunders; Wallowa, F. D. McCully; Wasco, E. N. Smith; Washington, I. H. Tongue; Yamhill, A. L. Burbank. A motion was adopted to the effect that all resolutions should be referred to the committee on platform. On motion the convention adjourned until 4 P. M. to give the committee time to report. **EVENING SESSION.** 11 P. M.—At this evening's session Hermann was nominated for congressman by acclamation amid enthusiasm. For supreme judge the first ballot stood, W. P. Lord, 164; Webster, 15; Whalley, 23; Lord being declared the nominee. C. W. Fulton, of Astoria, was nominated as presidential elector on the first ballot. The committee on platform are still at work on that document. The district nominees were chosen by the several districts which will be ratified by the convention to-morrow. For prosecuting attorney of the third district H. H. Hewitt, of Albany was nominated. The convention then adjourned until 9 A. M. to-morrow.
