THE QUESTION OF RIGHTS.

It is very easy and very common for individuals to prate about their rights, to insist that such and such privileges belong to them as rights.

An Eastern exchange very caustically remarks that rights used in the cause of wrong certainly forfeit their claim to recognition, and render their very name an absurdity.

Mr. O. S. MAY, of Scio, is a man well qualified to fill the office of county recorder, and the voters of Linn county could not do better than to give him their votes.

such endeavors, hoping that their influence may be widely diffused and may help to place the whole doctrine of rights upon the firm and sure basis of righteousness.

The present appearance indicates that the Mills tariff bill, which is based upon the free wool clause but protected manufactured woolen goods, will fail to pass even the house, and thus, of course, falls to the ground during this session of congress all tariff revision measures.

The contest for county clerk in Lane county promises to be a warm one this year. The democrats have nominated L. Bilyen against Joel Ware, who has filled the office for nearly twenty years.

A MEETING will be held to-night for the purpose of organizing a board of trade. It should be well attended, in order that the organization, which will be an important factor toward promoting the business interests of Albany, may be given with an active, healthy existence.

Is the appointment of Fuller as chief justice, Cleveland seems to have exercised the wisdom of taking an almost unknown man, but one whose record for loyalty is good. He deserves the thanks of the country for that fact, at least.

INGALLS, of Kansas, and Voorhees, of Indiana, are employing the sharpest implements of sarcastic repartee against each other on the war memory base in the debate in the senate.

Mr. O. S. MAY, of Scio, is a man well qualified to fill the office of county recorder, and the voters of Linn county could not do better than to give him their votes.

Newton Self-Wringing Floor Cleaner!

THE OLD WAY | THE NEW WAY

Every housekeeper knows from experience the hard labor required to wash floors and wring the cloths by hand. By using the Newton self-wringing floor cleaner, wringing the cloth by hand is avoided, the hard labor is thereby lessened; the hands do not come in contact with the water, whereby you can use boiling and ammonia water. The Newton self-wringing floor cleaner is light, durable and simple in construction, and well merits the claim of being the best invented. Special rates to canvassers and the usual discount to the trade. Manufactured and sold by
