Railroad Commissioner Waggoner and Clerk Bell came up on the train last evening and passed on to their homes, the session for this month having closed. Nothing of special importance came up before them this month. Next month they will have to adjourn a week before they meet, as the first Monday comes on election day, and they will want to exercise the privilege of American citizens before attending to the commission business.

Mr. Gearin's Condition. Hon. John Gearin, democratic nominee for congress, returned from Pendleton last Saturday, where he had been quite ill for a few days. He was so much better that he considered himself as being well. On Saturday he went to Salem to visit his father. The next day he returned to Portland and is again very ill, being obliged to take to his bed immediately upon his arrival. He is afflicted with erysipelas, and will not be able to resume the canvass for several days, and probably not at all.

Political speaking. Hon. Lish Applegate, the well known war horse of the republican party, will address the voters of Albany and vicinity on Tuesday May 11. He will also speak at Harrisburg on Monday, May 12.

THE ROSSELLE CASE.

There Were Razors and Butcher Knives in the Air, but no Gore.

J. J. Roselle, of Sweet Home, was arrested and brought to this city by Constable C. W. Watts on a charge of attempting to kill Daniel Morris, his son-in-law, at that place on the 4th inst.

He was arraigned before Justice Humphrey, and released on his own recognizance until 10 o'clock this morning. The facts of the assault, as near as can be ascertained, are that Mr. Roselle and his son-in-law did not agree and on the date named Morris came to the residence of the old gentleman and accused him of saying unpleasant things about him and his wife. He produced a razor and brandished it in the air, until Roselle got the butcher knife and ordered him out of the house, when he flew out at the window, and the old gentleman went back to his plowing.

A son of Roselle swore out the warrant for his arrest, and said his father had also threatened to kill him and his mother. When arraigned Roselle said he never carried a revolver, and thought it pretty hard papers to bring up his boys and then have them place him under arrest, when he had no desire or intention of harming any one.

THE FIREMEN.

List of the Teams Practicing for the Tournament—Their Uniform.

The fireman of this city are practicing in earnest for the coming tournament. The following hose team is practicing, from which the twelve who will compose the team sent to the tournament, will be selected: C. W. Watts, manager; A. M. Young, foreman; A. E. Long, Bert Logan, Burr Sloan, Walter East, Lake Dorris, Sidney Dorris, Jos. Watson, Wm. Keene, Milton Holman, Edward Moore, Austin Crowder, Jos. Kendall, Harry Wooden.

The team is going into training under A. E. Long, trainer; and Bert Logan, assistant.

They have selected elegant uniforms, the pants being flesh colored plush with navy blue velvet piping, and the shirts are tan color with navy blue front.

The caps are reversible, red and black. They will wear spiked racing shoes, and are already getting over the ground at their practice in a very satisfactory manner.

A tent has been erected at the race course, in front of the court house, for their accommodation, and an interest is being taken by the firemen which bespeaks success.

THE NEW STEAMER.

The contract for the purchase of a new fire engine for Albany Engine Co. No. 1 was signed yesterday by Mayor J. L. Cowan, and was forwarded to the Clapp & Jones manufacturing company. By reference to the following letter received by Chief Engineer Jos. Webber it will be seen that it is to be a double pump improved fourth-class engine, and if a prize is offered for an engine contest at the coming tournament the boys here will be on hand, as the engine will be received before that time.

Hudson, N. Y., April 27, 1888. Joseph Webber, Chief Engineer Albany Fire Department.—We are going to make you a fourth size double engine, and expect to ship it in about three weeks. We trust that it will still continue to be the champion of the state. We are still building the "boss" engines of the country. Yours respectfully, D. B. COLLINS, Treasurer.

An Indian Relic.

Ulysses Hale of this city has received from his brother, Wm. Hale, at Linkville, an Indian bow and arrows, which bear the marks of many a sanguinary contest, probably in an exciting chase for game, or perhaps in a treacherous fight with some early pioneer. As an instance of the change which has come over the habits and mind of the American Indian, it might be said that the bow, which was quite artistic and covered with tendon, was purchased of a Klamath Indian for an old revolver. Mr. Hale prizes the relic very highly.

"Tourists," as They Go.

Yesterday morning when the 5:45 train rolled up to the water tank four gentlemen of leisure, yelped "tourists," alighted from their upholstered seats on the brake beams and proceeded to one side to take a view of the situation and examine their charts as to the lay of the country. Officials present took their measure and proceeded to establish a careful supervision of their proceedings, leaving them aloof as the train left.

Another Large Land Sale.

Messrs. Burkhardt & Miller sold yesterday the E. N. White farm, situated near this city, containing 342 acres, to Mr. J. H. Burkhardt, of this city. This farm is a very desirable tract of land, and being situated so near this city makes it very valuable property.

New Drug Firm.

M. A. Miller, who has purchased the drug store of A. Prushaw in this city, has assumed charge of the business. He went to Lebanon last evening to settle his business there, preparatory to locating permanently. His brother will conduct the business until his return. He will be pleased to have the public inspect his goods, which will be sold at low tariff prices.

Do not forget to call at F. M. French's (the corner jewelry store) when you want a pair of spectacles or eyeglasses and have your eyes tested.

THE CITY COUNCIL.

Regular Meeting Last Night—The New Steamer—The City Sewerage, Bills, Etc.

Regular meeting of the city council was held last night, all officers and members being present.

Minutes of the previous meeting were read and approved. The quarterly reports of the recorder and treasurer were reported correct by the committee on accounts and current expenses, and the same were ordered placed on file.

The committee on streets and public property recommended that the sewer in the alley in block 9 be lowered at the expense of property owners within 15 days, and that the same be extended to Waseington street; also that the water ditch on the west side of Lyon street be placed in good condition; also for various sidewalk and street improvements, which reports were adopted.

The report of the committee on streets that the petition of R. M. Robertson for a foot bridge across the canal be postponed for the present, was adopted.

The matter of changing the grading of certain streets in the First ward was referred to a committee of the whole.

The ordinance bill amending the ordinance providing for the licensing, restraining, taxing and regulating the sale of spirituous liquors, was laid on the table.

The mayor and recorder reported that the contract for the purchase of a new fire engine had been duly signed, the engine to be received about June 1, and their action was ratified, after an eloquent speech in favor of the firemen of the city by Councilman Hoffman.

Position was read and referred for the opening of the alley in block 13; also for various street improvements.

Councilman Writsman introduced ordinance bill No. 148, amending the ordinance providing for the construction of a sewer on Railroad street, which was read first time and second time, by title and was referred.

City Surveyor W. B. Barr reported that he had examined the Calapooia street sewer, and that the sewer did not discharge properly, and was lower in the middle than at the mouth, and recommended a series of experiments by flushing it, to ascertain if it can be repaired without taking it up. It was ordered that the sewer be flushed by the steamer.

A Sherman patent bridge was ordered on Ninth street.

The city surveyor was instructed to make the survey for the sewer on Baker street, and that the committee on streets advertise for bids for the work.

F. M. Westfall was elected street commissioner, to serve during the illness of the city marshal.

Sacred Concert.

An octet of select voices are drilling this week to be ready to present next Monday evening some of the choicest church music written. The services of Rev. Geo. H. Lee, of Corvallis, have been secured to assist the regular organist in displaying the beauties of the new organ. The concert will consist of solos, duets, quartets and octets, and will be given in the Presbyterian church. A moderate entrance fee will be charged.

For the Mines.

Messrs H. Kenton, John Davis and Samuel Aldrich left yesterday for their mine on the Santiam. A party of 15 men will leave Brevinsville this week for the mines on Blue river, and another party will leave this city in a few weeks for the Santiam mines. It is thought several hundred people will be at work in these mines this summer.

Flinn County District Lodge I. O. G. T.

The next session of the Flinn County District Lodge, I. O. G. T., will be held at Scio, Friday the 1st of June, 1888. All subordinate lodges in the district will confer a favor by sending in their full delegation. Visiting members from abroad will be made welcome.

THE COAL OIL CAN.

A Little Girl at Shedd Luckily Escapes Without Serious Damage.

SHEDD, May 8.—A little girl of W. B. Wright, postmaster at this place, was slightly burned to-day by the explosion of a coal oil can from which she was pouring oil into a lighted stove. Her mother, seeing the girl's clothes in a blaze, smothered the fire out with her apron and skirts, burning her hand in doing so. The can luckily contained but little oil.

Governor Oglesby, speaking to the farmers at Joliet, Ill., said that the land question is one of the most momentous problems before the people. The population of this country is rapidly increasing, while the farming class remains about the same. Land is more valuable than money. We need to study the soil, and even go deeper to find the water courses under the surface, and make them serviceable in turning unproductive lands in the West into fruitful fields. Land in England is worth \$500 to \$700 an acre, and it will soon be as high here. What will we be a hundred years hence with a 150,000,000 people in the country? He advised farmers to stick to their land, improve it, and see that no one but themselves owned it.

Ten Years in Advance.

According to the statement of one of our competitors we are ten years ahead of time, as we are now selling first-class groceries and provisions at as low rates as they can be obtained in Albany in any store, big or little. This is because we know how, when and where to buy, and because on account of our light expenses, we are able to sell at a very close margin of profit. We have no goods to give away, or cheap trash to use for baits, being ten years ahead of that method of business, but we do have the pleasure of inviting buyers of first-class goods to call at our store, between the opera house and postoffice, and get the benefit of the fine bargains we are offering. KENTON & CHASE GROCERS.

Prohibition Committee call.

ALBANY, May 1, 1888.

A meeting of the Linn county central committee of the prohibition party is called to meet at Albany on May 11, at 1 o'clock. Business of importance is to be transacted. JAS. E. KNOX, Chairman.

Who is Your Best Friend?

Your stomach of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair, honorable chance and see if it is not the best friend you have in the end. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink wait until your stomach is through with breakfast. You can drink more and smoke more in the evening and it will harm you less. If your food ferments and does not digest right—if you are troubled with heartburn, dizziness of the head, coming up of the food after eating, flatulency, indigestion, or any other trouble of the stomach, you had best use Green's August Flower, as no person can use it without immediate relief.

California Cat-R-Cure.

The only guaranteed cure for catarrh, cold in the head, hay fever, rose cold, catarrhal deafness and sore eyes. Restore the sense of taste and unpleasant breath, resulting from catarrh.
