What the River Has Done.

Surveyor J. A. Warner is now engaged in making several new maps of various road districts in Linn county. The new maps show considerable change in the topography of the country within the past ten or fifteen years. In one instance on the Willamette between this city and Corvallis the channel has so changed that certain lands, a portion of which is owned by D. J. L. Hill, of this city, between the Little Willamette and the river proper, have been transferred to Benton county, that is the river, which is the boundary line between the two counties, has found a new channel a considerable distance this side of the old one, leaving the land in question on the other side of the river in Benton county, where taxes are now paid on the same.

For Life-Saving Stations.

A bill which passed the house, providing for a new life-saving station on the Atlantic coast, has been amended by the senate committee and favorably reported so as to establish stations on the North Pacific coast as follows: One at the entrance of Yaquina bay, Or.; a second at the mouth of the Umpqua river, Or.; a third at the entrance to Gray's harbor, and the fourth near Loomis's place, between McKenzie head and Paterson's point, Washington territory.

AN INCIPIENT BLAZE.

A Lamp Explosion Produces a Small Fire and Burns up $525 in Greenbacks.

Late Thursday night as A. M. Young, agent of the O. R. & N. Co. was completing his days business preparatory to leave the office at the foot of Broadalbin street a lamp explosion occurred, which although it produced but a small fire did considerable damage.

Mr. Young states that he had been footing up his business, making out proper papers etc, and had $515 in greenbacks, $180 in coin and $80 in vouchers, lying on the table when the explosion occurred. The room was filled with smoke and for a moment was plunged in darkness. Before the fire could be extinguished, which was done without an alarm being given, the pile of greenbacks was consumed. Small fragments of the money, one piece large enough to show that it had been a five dollar bill was shown to a HERALD reporter, but the entire amount was burned. The coin of course was saved, and the vouches were not burned beyond identification. A considerable number of valuable papers were entirely consumed. The damage to the the furniture and building was nominal, and is fully insured. A considerable quantity of grain and merchandise was in the warehouse beneath the office, which narrowly escaped burning. Fortunately Mr. Young was accompained by James Shields, as he probably could not have extinguished the fire had he been alone.

SLATER'S AND MILLER'S SPEECHES

The Democratic and Prohibition Oratory at the Court House Last Night.

Owing to the continued illness of Mr. Gearin, he was unable to speak in this city last night, and his place was filled by Ex-Senator Slater. He was accompanied by G. M. Miller, prohibition candidate for congress, and they both spoke at length on the political issues of the day, although they failed to say anything new. The burden of Mr. Slater's speech was "free trade," although it was clothed in the more palatable title of "tariff reform."

Mr. Slater did not forget of course to express confidence of a democratic victory in Oregon next June. Mr. Miller made a very good temperance speech, but did not offer any good reasons why voters should deprive themselves of the right to vote on the live issues before the people next June by supporting the prohibition ticket, of which there is not the slightest ghost of a chance for the least degree of success.

BOARD OF TRADE MEETING.

An adjourned citizens' meeting of all persons interested in the growth and prosperity and development of the general business interests of the city of Albany, will be held at the G. A. R. hall, on Monday, the 14th inst., at 8 o'clock P. Not True.

By some misunderstanding a report has been circulated in the [illegible] that a telegram had been received from Astoria to the effect that my sister, Miss Lizzie McNeil, was dead, and to satisfy the minds of her friends and undeceive them as soon as possible, I thought it best to make this statement public through our daily paper: When last heard from, my sister was unwell, but not dangerously sick.

INCREASED IMMIGRATION.

An Unusual Rush Toward the West—California Coming to Oregon.

An observing person has only to look about him to see that travel to the Northwest has already increased to a marked degree this spring, and the tide of pleasure seekers and home-hunters now pouring into this state is greater than was ever before known. The different land offices are fairly besieged by persons seeking desirable lands for settlement, and, doubtless, before the end of the summer the population of this state will be increased by many thousands. It is not the East and Middle West alone which furnish the immigrants coming in our direction, but many are traveling northward from California, all allured by stories of the land where winter comes but not with such terrors as sometimes accompany him in the East, and where summer is unattended by the drouths and devastating winds that make the result of the husbandman's toil a matter of uncertainty in California.

BROWNSVILLE NOTES

BROWNSVILLE May 10.

Mr. R. A. Sanders is having his house newly painted.

O. P. Coshow, Sr. is confined to his bed, and is very weak.

Mr. C. D. Drake has moved into his new house in Kirk's addition.

The Linn county teacher's institute meets here to-morrow at the city hall and holds till Saturday.

Mr. S. P. Barger has moved his stock of furniture into his building on Main street and is having a new porch put on the front and making other improvements.

Mr. R. N. Thompson's little daughter is very low with fever and Mrs. Thompson's mother, Mrs. W. J. Hida, arrived here last Sunday morning from San Francisco, being summoned by telegraph.

The prospect for the narrow gauge road is very favorable to gain the suit against the O. R. & N. Co., and in case they do there will be great improvements made on the road, and it will be extended to Eugene to connect with the O. & C., and perhaps a branch will be built up the Calapooia to tap the fine timber and mineral belt.

Mr. Wm. Cochran arrived here this week from San Jose, Cal., to attend the annual meeting of the Woolen Mill Company. The old officers were all re-elected, and the affairs of the company are in a very prosperous condition. Mr. D. Dalgleish, of Portland, was also here to attend the meeting and departed for home yesterday.

Messrs. Waters & Morelock have just arrived home from the McKenzie mines. They report the prospects good, and quite a number of men at work there. On the 8th [illegible] Messrs. Sam Templeton, J. [illegible], J. E. Waggoner and A. [illegible] left for the mines, and [illegible] morning Messrs. A. J. [illegible], Geo. Hagan and J. Singer [illegible] and many others here are getting ready as fast as possible to go. The Woolen mill's will close about the first of next month for [illegible] and it is expected [illegible] the snow will have disappeared from the top of Treasure hill, [illegible] thought by that time, that [illegible] twenty-five men will be [illegible] the mines with complete prospecting outfits. From morning [illegible] there are little crowds of men [illegible] and when within sound of their voices, one can hear the mining subject fully discussed; [illegible] long. It would not [illegible] of a stretch of [illegible] to remind [illegible] of the palmy days of California. [illegible] Why [illegible] should not be good mines [illegible] Cascades as in the Sierra Nevadas (as they are both in the same chain) [illegible] a mystery unexplained, [illegible] the mountains of this state have not been prospected by anyone, [illegible] few placer miners.

Oregon State Sunday School Convention.

The Third Annual Convention of the Sunday School workers of Oregon will be held in the First Baptist Church at Albany on Tuesday, Wednesday, and Thursday, the 22d, 23d, and 24th of May.

Though this is a mass Convention and all attending will be entitled to seats, yes, to insure a representation, each school should elect one or more delegates pledged to attend. Also, it is requested that for the purpose of defraying the expenses of the Convention, that on the 13th of May a collection be taken by each school to the amount of three cents per member on the average attendance, said amount to be forwarded to the President, E. W. Allen, of Portland, or brought to the Convention by the delegates.

This Convention will be held in the very heart of the Willamette valley, and at a place that is easily accessible from all points. This should bring to the Convention a full representation from all parts at least of Western Oregon. This will not, however, be the case if every person interested in this most important work does not make a personal effort to secure this most desirable end.

Word comes to us from our friends at Albany that their latch strings will be found out and all will receive a hearty welcome. Those expecting to attend will confer a favor if they will send their names to Dr. G. W. Gray on or before May 21st, so that places of entertainment may be assigned them.

Arrangements have been made with the O. & C. R. R., Oregon Pacific R. R. and the Narrow Gauge lines for reduced rates. All paying full fare in going to the Convention will be returned at one fifth full fare.

Secretary.
