HAVE YOU A COLD in the head which has not yet settled? Have you an excessive secretion of mucus or matter in the nasal passages which either must be blown from the nose or drop back behind the palate, or hawked or snuffed backward to the throat? Are you troubled by hawking, spitting, weak and inflamed eyes, frequent soreness of the throat, ringing or roaring in the ears, more or less impairment of the hearing, loss of smell, memory impaired, dullness or dizziness of the head, dryness or heat of nose? Have you lost all sense of smell? Have you a hacking cough? Have you dyspepsia? Is your breath foul? If so you have the CATARRH. Some have all these symptoms, others only a part. The leading symptom of ordinary catarrh is increased secretion of mucus of yellow or greenish colored matter.

Foul breath is caused by the decomposing secretions exuded from festering sores far back in the head, sometimes on membrane covering the lower portion away and the bones themselves gradually decay. Such cases are indeed objects of pity, as stench from

corrupting sores reaches the atmosphere within.

As every breath drawn into the lungs must pass over and become polluted by the reflections in the nasal passages, it must necessarily follow that poisoning of the whole system gradually takes place, while the morbid matter that is swallowed during the sleep stews into the stomach, enfeebles digestion, and often produces dyspepsia, and finally great nervousness and consumption.

DO NOT PROCRASTINATE.

If you have experienced any of the above symptoms do not delay, but try CALIFORNIA CA-R-CURE at once. We positively guarantee a few applications to relieve and a thorough treatment to cure. Six months treatment for $1.00; sent by mail

GENERAL NEWS.

Resolutions of the Portland Board of Trade in Congress.

MORE DISASTROUS FLOODS.

The Old Congress Hall of Centennial Fame Burned—Another Railway Disaster—Old World Notes.

[The HERALD'S Special Dispatches.]

WASHINGTON, May 23.—The following resolutions were introduced in the senate to-day: Resolution of the board of trade of Portland, Oregon, asking for a large appropriation for the support of the revenue marine. Also, resolution of the board of trade of Portland praying that the river and harbor improvements be continued in charge of the army engineers. Petition of the Women's Christian Temperance Union of Southern California, asking a repeal of all internal revenue tax on alcoholic liquors. Petition of the faculty of the University of California in favor of the international copyright law.

THE PRESIDENT GOES VISITING.

President and Mrs. Cleveland left Washington this morning for Philadelphia to attend the Presbyterian anniversary. They will hold a reception at Overbrook this afternoon. The president will return to-morrow, but Mrs. Cleveland will remain with friends in Philadelphia for about a week.

A REMARKABLE PARDON.

A Murderer Escapes the Gallows by Promising Not to Get Drunk.

TOPEKA, May 23.—A pardon has been issued by Governor Martin to Charles B. Rotrock, who killed his wife a number of years ago, while under the influence of liquor. A peculiar feature of the pardon is that the governor issued it upon condition that Rotrock will forever abstain from the use of intoxicating liquors. Such a condition has never before been imposed by the governor of this state, but the attorney-general advised the governor that the condition would be sustained by the court.

DISASTROUS FLOOD.

Vast Damages to Crops, Railroads and Buildings in Kansas.

VAN BUREN, Ark., May 23.—The heavy rains have washed out 1,000 feet of bridging near Mountain Bay. At Chico the sixteen stall round house was swept away. At Windsor guests of Weyss' hotel had to wade through water and take refuge in a box car. The foundation of the hotel is sinking. All bridges are unsafe and no trains have arrived for four days. Crops and fences are washed away where ever rain clouds burst.

Frisco's New Theatre.

SAN FRANCISCO, May 23.—The statement is now made that it has been decided to demolish the old California theatre, and by orders of the new owner, Mrs. Kate McDonough, demolition will commence on August 1st. On the site a new hotel will be erected, including a new theatre, the same manner as the Baldwin is built. The seating capacity will be more limited in accommodation than that offered by the present auditorium.

Methodist Conference.

NEW YORK, May 23.—Rev. J. W. Joyce, of Ohio, was elected third bishop at the Methodist Episcopal conference this morning. While the ballot for fourth bishop was being counted the committee on revisals reported some changes in discipline. The present tendency to introduce operatic and other "hifalutin" music in church service was deprecated, and an item relating to church music amended so as to make music committees amenable to the general conference.

Another Railway Disaster.

KANSAS CITY, May 23.—Early this morning a freight train on the Rock Island went through a bridge near Randolph Point, crashing into a ravine thirty-five feet deep. A short time afterward a freight train on the Hannibal & St. Joe road went through a bridge adjoining the Rock Island track, and which had been wrecked by the first wreck. Two engineers, a fireman and two tramps were killed.

The Seized Sealers.

OTTAWA (Ont.), May 23.—It is understood here that Marshal Allan, of Sitka, has sent the steam schooners Dolphin, Grace and Anna Beck and the schooner Ada, all of which were seized last year in Behring Sea, to Puget Sound to be sold.

At It Again.

NEW YORK, May 23.—The anarchists will resume the publication of their propoganda "The Alarm." It will be transferred from Chicago to this city and printed in English. Herr Most and Henry London, an English anarchist, will have a hand in it.

French Affairs.

PARIS, May 23.—The French senate has adopted the proposition excluding schoolmasters and students of theology from three years but requiring one year of military service.

Warning to Militiamen.

FORT NIOBRARA (Ark.), May 23.—Private Hoolahalan, of company "A," Eighth infantry, was fatally shot yesterday while on target duty.

Historic Building Burned.

PHILADELPHIA, May 23.—A fire this morning destroyed the old congress hall, of centennial fame. The building was of brick and four stories high. Several buildings adjoining were damaged.

HERMANN AND THE SOLDIERS.

We are in receipt of a letter from Mr. A. D. Hyatt of Scio, giving the following extract from a letter received from Congressmen Hermann:

Your favor is received. My speech before this congress will probably assure our old soldiers of my position in regard to governmental justice as to them;

"This leads us to be remembered by those brave men who have preserved us in war. Several hundred thousand veterans of the late war, still survive, and a few also of other wars. Age and infirmity will soon be the lot of all as it is now of most, with poverty and pain the companion of many. Already the appalling fact is announced that ten thousand of the patriotic men are inmates of almshouses and hospitals, finding here a refuge and support, denied them by the government which they saved. The mind revolts at the thought! It seems incredible that a solitary man of that noble throng who valunteered their lives for the republic, should now in its hour of supreme prosperity and in their days of adversity and misfortune be suffered to become subject of neglect and ingratitude. They can well recall the day when the treasury of our nation was not only without one dollar of surplus but was in debt, and paying ruinous interest to maintain its credit. The work of the old soldier maintained the integrity and unity of the nation. As the old emperor said of Rome, "I found it in brick and I left it in marble." So our old veterans of the legions of the war can say that they found their government a bankrupt but left it the richest, the most prosperous and most powerful on earth. What could be thought of the man whose life had been saved by another and he become wealthy, great and prosperous, should he pass by his old benefactor, now in age, in proverty and distress? A government can afford to be as generous and as grateful as an individual. Then while they live let us appropriate a more liberal portion of the surplus revenue in part recompense at least to those old soldiers to whom we owe a debt—the debt—which we shall never, never be rich enough to pay. When they are gone, let us remember in liberality their widows and orphans.

Let us single out and also pension the few who survive of those who endured the agonies of prison life, whose systems will ever remain poisoned with the virus absorbed amid the vapors and disease of their dungeon exile.

Let us equalize the pay of the soldier who received his compensation in depreciated greenbacks while the banker and bond holder receive their's in appreciated gold! Mere justice—common honesty—will dictate the payment at least of the difference. The soldiers' dollar should be equal to the bondholders' dollar. One offered his life to save the country, the other his money. Let us be just. Then repeal what I conceive to be the unjust distinction made in the arrearage act. This erects a bar depriving these applying after a certain date for arrears, while allowing its benefits to those vigilant enough to apply before, although the merits of all are equal. Beside this the bounties should be equalized. Keeping in rememberance the numerous presidential vetoes of measures in relief of these old veterans, it seems almost vain to hope that portion of the surplus will be permitted in appropriation for these noble objects with executive approval." Let us however do our duty.

You are at liberty to publish the foregoing far and wide. They express my sentiments, and on them I vote in congress when opportunity presents itself.

Very Respectfully Yours
BINGER HERMANN.

THE TEACHERS' CONVENTION.
