This evening at 7:30 o'clock the Albany fire department will give a parade and uniform drill. The procession will form at No. 1's hall, and headed by the band will march to No. 2's where they will receive the members of that company and the hose and tender teams. The order of march will then be as follows: Down Lyon to First, up First to Washington, up Washington to Fourth, down Fourth to Ferry, down Ferry to First, where the hose team will give an exhibition run of the speed race of 700 feet as will be contested at the state tournament. The starting point will be near S. E. Young's new building and the outcome near Devoe & Robson's hardware store. In this race the boys will wear their new plush uniforms which cost about $150.

THE UNIFORM.

Dr. Gunderson's Case.

Dr. O. Gunderson, who had an examination before Justice Bushwiler in Portland for prescribing morphine without having registered with the county clerk, as required by an act of the legislature of 1887, was discharged. The principal point argued was on what constitutes morphine, and the dissertations of the counsel and court upon medical practice furnished the physicians with a lot of valuable information. As this case is the first one under the new law it has attracted considerable attention among physicians. As before stated, Gunderson administered a very small amount of a preparation of morphine in a perscription in a serious case of gastric fever. He had not obtaiained a permit from the county. The justice held that the statute distinctly denotes the word morphine, in mentioning for what it is necessary to take out a permit. It does not mention morphine preparations. Justice Bushwiler was also of the opinion that the man who framed the law did know what he was doing.

Escaped from the Asylum.

Tuesday afternoon, one of the attendants at the asylum had her ward out walking, and they went over to the grove near Wm. Savage's, north of the asylum. One of the patients, a young woman from Eugene City, taking advantage of the cover of the woods, managed to slip away—and was out of sight before she was missed. As soon as her flight was discovered, the authorities were notified, and search immediately instituted. The handkerchief of the fugitive was found in a field near the fair ground, and everything indicated that she had started north. The hunt was continued during Tuesday night and all day yesterday, but without avail. Doctors Lane and Williamson and two attendants were last evening hunting down the river, with two teams, one on each side, but at last accounts had found no definate clue. She was dressed in ordinary clothing, and as the nights have not been cold, there is no danger that she will suffer greatly from exposure—Salem Statesman.

Corporal Tanner.

Corporal Tanner, of Brooklyn, N. Y., whose name is familiar to all G. A. R. veterans, addressed a large audience at the opera house last evening. He is one of New York's most gifted speakers, and he could not but please his audience in his discussion of the political issues before the people. He was introduced by Capt. N. B. Humphrey, and spoke for hour. His remarks on the tariff question, the third party movement, and his criticism on President Cleveland's hostile policy toward the interests of the people of the Pacific coast, were received with warm applause. Corporal Tanner will go to Halsey to day to speak at the picnic at Powell's grove.

Who Is Your Best Friend?

Your stomach of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair, honorable chance and see if it is not the best friend you have in the end. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink wait until your stomach is through with breakfast. You can drink more and smoke more in the evening and it will harm you less. If your food ferments and does not digest right.—If you are troubled with heartburn, dizziness of the head, coming up of the food after eating, Billiousness, Indigestion, or any other trouble of the stomach, you had best use Green's August Flower, as no person can use it without immediate relief.
