TABLET MED. CO. OROVILLE, CAL.

HAVE YOU A CROUP IN THE HEAD WHICH DOES NOT GET BETTER? Have you an excessive secretion of mucus or matter in the nasal passages which either drips or flows from the nose or drops back behind the palate, or hawked or sniffed back and to the throat? Are you troubled by hawking, sneezing, weak and inflamed eyes, frequent soreness of the throat, ringing or roaring in the ears, more or less impairment of the hearing, loss of smell, memory impaired, dizziness or dizziness of the head, drowsiness or heat of nose? Have you lost all sense of smell? Have you a hacking cough? Have you dyspepsia? Is your breath foul? If so you have THE CATARRH. Some have all these symptoms, others only a part. The leading symptom of ordinary catarrh is increased secretion of mucus of yellow or greenish colored matter. Foul breath is caused by the decomposing secretions exuded from festering ulcers far back in the head; sometimes the membrane covering the bones is eaten away and the bones themselves gradually decay. Such cases are in fact objects of pity, as stench from corroding sores reveal the corruption within.

As every breath drawn into the lungs must pass over and become polluted by the relief into the nasal passages, it must necessarily follow that poisoning of the whole system gradually takes place, while the morbid matter that is swallowed during the sleep stem into the stomach, enfeebles digestion, and often produces dyspepsia, and finally gastritis, nervousness and consumption.

**DO NOT PROCRASTINATE.**

If you have experienced any of the above symptoms do not delay, but try CALIFORNIA CAT-R-CURE at once. We positively guarantee a few applications relieve and a thorough treatment to cure. Six months treatment for \$1.00; sent by mail.

## ALLEGED LAND FRAUDS.

Major Brockenbrough Goes Off on an Investigating Trip.

Major John B. Brockenbrough, special agent for the general land office for Oregon, accompanied by Mr. J. A. McCormick, has left for Modoc county, California, to investigate what appears on the surface to be a gigantic land steal.

The major says that about eight years ago Jesse B. Carr of California fraudulently took up 40,000 acres of land in Modoc county, which he inclosed with a stone wall. Since then he took up 20,000 acres more adjoining the former, which is now surrounded by a fence, and a portion lapses over into Oregon.

Upon representations made to the general land office at Washington relative to this subject, Major Brockenbrough received instructions to make a thorough investigation into Carr's authority for fencing, in the land.

Carr is one of the wealthiest land cattle owners in the Golden State, and if there is the slightest flaw in his title he is sure to make a big fight.

## GENERAL NEWS.

General Sheridan Continues to Improve.

DISASTROUS RAILWAY COLLISION

Several Lives Lost—Prohibition Convention — News East of the Rockies and Elsewhere.

The HERALD'S Special Despatches.

WASHINGTON, May 31.—A consultation was held Sat. a. m. to consider the condition of Gen. Sheridan. Since the alarming occurrence noted in the bulletin issued yesterday, General Sheridan has slowly recovered from his prostration. He has slept pretty well during last night.

8 P. M. General Sheridan has been resting quietly all day without artificial aid. There has been no re-occurrence of the severe coughing since last night's bulletin and his situation now is rather encouraging.

The bulletin issued at 8:30 P. M. says: "There has been no marked change in General Sheridan's condition, except, possibly, a shade of improvement. He has rested quietly without pain and expressed himself as feeling well."

## DISASTROUS COLLISION.

Two Trains Dash Into Each Other With Fatal Results.

CHEYENNE (WY.), May 31.—A collision occurred on the Cheyenne and northern branch of the Union Pacific near Bordeaux, between a rock train and a passenger engine, which resulted in the death of passenger conductor Hader, Fireman Erin and Brakenbush Mansfield and probably fatal injury of Engineers Brooks and Marsden, and serious injury of four other employes. A washout occasioned the sending out of a work train. On the arrival of the north bound passenger train at Bordeaux the conductor ran to the scene of the washout with an empty engine to learn the situation. While making the run the collision occurred with the work train, which was running to Bordeaux at full speed.

## THE PROHIBITION CONVENTION.

It is Called to Order by St. John and Lots of Money Raised.

INDIANAPOLIS, May 31.—The galleries were crowded when Chairman St. John rapped the prohibition convention to order.

The convention immediately proceeded to get to work on the rule limiting debate on the suffrage question, those most interested in this probable plank in the platform objecting strongly to so seriously circumscribing the debate. The rules were finally adopted as reported. A special motion by the New York delegate to limit the debate on the suffrage plank to three hours was defeated, and the report of the committee on finance was presented. It recommends the adoption of the national committee's plank already formulated for assessment by the states, with an additional provision that volunteer contributions be taken in convention. The report was adopted. The convention next proceeded to the collection of voluntary contributions, and there was seen one of those enthusiastic occurrences peculiar to prohibition conventions. Many contributions were received in amounts ranging from \$2000 down, and will aggregate \$25,000. One thousand dollars was contributed by R. H. McDonald, of California, who was before the convention of '84 for head of the ticket. The delegate from Portland, Oregon, pledged \$1000 from his state. California's aggregated \$2000.

## HUNTINGTON'S SUIT.

He Falls to Appear at Court to Answer to the Charge of Contempt.

LOUISVILLE, May 31.—C. P. Huntington failed to appear in law and equity court here this morning to answer for contempt, and copies of attachment were assigned for him. At the same time D. T. Jander, counsel for local stockholders, asked that the property of the short Route Transfer company be taken from Huntington's hands and placed in the hands of a receiver.

## EMPEROR FREDERICK.

He is Better and Receives More Flowers than He Wants.

BERLIN, May 31.—Emperor Frederick had a satisfactory night. General Albidit made the usual report to his majesty this morning. Yesterday the emperor granted a long audience to Baron Von Seldeneck, German consul at Havana. The police now refuse to allow people to throw flowers and petitions into the emperor's carriage when he is out driving.

WICHITA (Kansas), May 31.—The residence of Mrs. Lee Jerome was entered by burglars Tuesday night and \$10,000 worth of diamonds stolen. The inmates of the house were chloroformed. Mrs. Jerome caused a sensation some time ago by marrying the head waiter of a hotel. She is worth half a million.

Five Million Acres of Land Purchased in Mexico.

CITY OF MEXICO, May 31.—Luis Huller, the great concessionaire of Lower California, has made a cash purchase of 5,000,000 acres of land for colonization purposes in the states of Chiapas and Chihuahua. Huller's friends in Europe have forwarded a number of German families to Chiapas.

## All a Scare.

OMAHA, (Neb.) May 31.—Colonel Stevens, of the Ninth Cavalry, who was sent out with troops to reconnoiter among the Sioux Indians, telegraphs that there is not the slightest danger of an Indian outbreak, and that the troops except to restore confidence among the settlers.

## A Sharp Reproof.

ROME, May 31.—The "Monitor" in an article, supposed to have been inspired, says the pope sharply reproves the Irish priests who attended the meetings held to protest against the rescript.

## Illinois Democrats.

VANDALIA, May 31.—The seventeenth Illinois democratic congressional convention renominated Hon. E. H. Lane for congress.

## A SCANDALOUS AFFAIR.

The Wife of Cleveland's First Cousin Gets a Divorce.

BUFFALO (N. Y.), May 31.—The people of Lockport are highly scandalized because Mrs. John Cleveland has obtained a divorce from her husband. He claims to be first cousin of President Cleveland, and to have been a visitor at the White house. The referee in the case was that shrewd republican politician, Dick Crowley.

The parties were married fourteen years ago and have two children, who have been confined to the custody of the mother by the court. The co-respondents are Mrs. Annie Cobb, who was at one time a domestic in the family, and Mrs. Sarah White, a Syracuse grass widow, with whom Cleveland lived for some time after his liaison with Mrs. Cobb, which was confided by her to the wife. The domestic told in open court of Cleveland's advances. Mrs. Cleveland is heartbroken.

## A SENSATIONAL STORY.

Alleged Discovery of Most's Bomb Manufactory.

New York, May 31.—The Journal prints the following from New Haven: Herr Most's bomb manufactory has been discovered. It is a little cottage in Whitneyville, rented by Rudolph Koepke, an employe of the Whitney Arms Company. Herr Most visits the factory regularly and his visits are made the occasion of great rejoicing by a band of anarchists. Recently there have been several explosions at the cottage. A companion of Koepke is authority for the statement that the bombs are made and stored at the cottage.

## About Bizzards.

A Dakotan and a Texan who met in Chicago were disputing about the greatness of their respective districts, and among other things traded marvelous stories about the work of the wind in each locality. "How fast does a Texas norther blow?" asked the Dakotan at last.

"How fast? Well, the only thing that will measure it is lightning. When a Texas norther is coming they telegraph ahead, so people can get underground, but when it gets under good headway it will just about run a neck-and-neck race with the telegram. How fast's a Dakotan bizzard?"

"Oh, you can't measure a bizzard. There's nothing like it. I've seen a bizzard shine a telegraph message right off the wires and carry it on ahead. I never saw but one the speed of which could be measured. There seemed to be something the matter with that one. It went rather slow, only 'bout a million miles a second, and we couldn't tell what was the matter with it until it went by, when we found it was dragging one of those infernal Texas northers along behind."

## New Mexico's Factories.

Leon, the greatest manufacturing town in New Mexico, has no large factories. Nearly all the work is done in the homes of the makers. There is a weekly production of 10,000 saddles, 25,000 ordinary blankets, 10,000 fine blankets, 28,000 pairs of men's shoes, 20,000 pairs of women's shoes, and 39,000 pairs of children's shoes.

## An Indian's Book.

Andrew S. Blackbird, an Indian chief, at Harbor Springs, Mich., has written a book on the traditional history of the Ottawa and Chippewa tribes. It is written in the Indian tongue, and contains besides its historical part a complete system of grammar, in which the author says there are 1,241 forms of single verb.
