OUTRAGE AT BROWNSVILLE.

A Girl Chloroformed and Violated by a Brutal Man.

Constable S. P. Barger, of Browns- ville, brought to this city last night Arthur Burton, a mulatto, who had been arrested at that place for raping Miss Eliza Harrington, a white girl aged 16. The prisoner was lodged in the county jail.

Mr. Barger states that the girl related the particulars of the outrage, saying that the mulatto came to her room after she had gone to bed and threatened to kill her if she made an outcry. He then

ADMINISTERED CHLOROFORM

Whereby she was rendered insens- ible. The inhuman monster then violated her person, and must have remained in her room for several hours. When she regained con- sciousness he had fled.

Barton was arrested and arraign- ed before Justice Avery. He plead guilty and was bound over to await the action of the grand jury.

Much indignation was manifest- ed at Brownsville, and the guards who had the prisoner in charge Tuesday night were compelled to disperse the mob which gathered about the house where he was con- fined.

THREATENING TO LYNCH HIM.

The victim is a good looking, quiet appearing girl, and has no relatives at Brownsville except a cousin.

The above particulars were ob- tained from Constable Barger, who brought the prisoner to this city, and exhibit one of the most mon- strous crimes ever committed in the county.

The Illuminating Pat.

W. G. Steel, who will conduct the illumination of Mt. Hood for the Fourth of July, has selected his party and perfected all arrange- ments for the start, which will be made Tuesday morning, June 27th, at 6 o'clock. Besides Mr. Steel the party consists of O. C. Yukum, J. M. Breck, Jr., C. H. Gove, Dr. J. M. Keene, Lieut. O'Neil, Will H. Walker and Prof. W. A. Wetzel. Two teams will be taken. It is the intention to camp at the snow line on the night of the 30th. Mr. Steel guarantees to burn 100 pounds of red fire on the summit of the mountain. He had written to a committee of citizens at Sis- sons, Cal., regarding the illumina- tion of Mt. Shasta, and to Scott's committee in reference to the il- lumination of Mt. Rainier, but has received no replies from either as yet.

Out for the Tournament.

This morning the Albany hose team will leave for Portland to contest for the \$2000 prizes offered at the tournament beginning there to-day. The team is a good one and the HERALD predicts it will not come back empty handed. The Lebanon team left yesterday morning, having a new \$175 racing cart with bicycle wheels. They are going for blood and expect to win a big prize. The following firemen from Albany will go, the first twelve named being the team: E. E. Cameron, A. E. Long, B. Logan, M. Holman, Wiley Young, W. Reese, J. T. Watson, Ed. Moore, J. Ross, B. Sloan, John Palmer, H. Woodin. The team will be accompanied by the follow- ing firemen: S. G. Dorris, W. East, James East, Joseph Ken- nall, Jack Warner.

A Burglar Caught.

Yesterday afternoon while the tight rope walking was in progress, Adrienne Comely entered his resi- dence up stairs on the corner of First and Ferry streets, and found a stranger in his bedroom. The family was absent, and the intru- der had broken open a trunk and scattered things promiscuously about. He hastened out the back way, and Mr. Comely ran down the front stairway and collared the burglar. He hustled him back up stairs and searched him, but found nothing but a revolver, a razor, \$2.50 and some minor articles. He was therefore liberated. It was lucky that he was interrupted be- fore he had succeeded in obtaining his desired booty.

Official Count.

The secretary of state is in re- ceipt of the official election returns from twenty-six out of the twenty- nine counties in Oregon—Curry, Grant and Umatilla county being the ones from which no report has been received. If these delin- quent counties are heard from by next week, the secretary will open and canvass them in the presence of Governor Penneyer, as required by law. Every county in the state has been heard from, however, and it is definitely known that the next legislature will be composed of seventy-two republicans and eighteen democrats.

On a Surveying Trip.

T. J. Potter, of Salem, left by last night's train for Lebanon, whither he will go in company with Fred Zeller, of Portland, to camp Polk, Crook county, and at that place join a surveying party, under command of Mr. Zeller, which is to go east over the route of the Willamette Valley and Cas- cade mountain military wagon road for the purpose of surveying it. It is expected that the party will be organized in this work about next December.

THE ST. CHARLES HOTEL.

It Will be Repaired and Reopened—What Mr. Race Proposes to Do.

At the administrator's sale of the estate of Hook & Meyer on June 20, Mr. Earl Race purchased the old St. Charles hotel property, in- cluding the premises now occupied by Mrs. Hook, bidding for the same \$1900. At these figures Mr. Crawford, the administrator, re- fused to allow the sale to be con- firmed. Mr. Race then agreed to pay \$2200, but Mr. Crawford named \$3300 as the amount which he thought reasonable for the prop- erty. This difference has been raised by a subscription of citizens, the same to be presented to Mr. Race as soon as he opens the hotel. The transfer has been satisfactorily completed and the papers will be signed to-day.

The hotel, Mr. Race stated yester- day to a HERALD reporter, will be reopened as soon as the necessary improvements can be made. He will expend a sum of \$2000 in im- proving the building, and says he proposes to put in a barber shop and bath rooms for the accommo- dation of his guests and run a first class hotel. Mr. Race comes well recommended as a hotel man. He states that if the business proves successful he will remove the old wing extending toward the river and replace it with a brick struc- ture.

This will make four hotels in the city, two three-story and two two- story buildings.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs pro- ducing consumption and to the head, causing catarrh. Now all this is dangerous and may lose you your life. As soon as you feel that some- thing is wrong with your throat, lungs or nostrils, obtain a bottle of Foshay's Germicide. It will give you im- mediate relief.
