THE FIREMEN'S TOURNAMENT.

Portland and Albany Lock Horns, But a heavy war.

PORTLAND, June 23.—At the firemen's tournament to-day the first race on the programme was the 100 yard footrace, which was to be run over. The race was won by Ed. Cameron of Corvallis in 11.2-5 seconds; Foraker of Portland was second.

The speed race was called at about 9 o'clock and continued until 12:30.

The Vancouver team was the first to run, and came down the track at a lively gait; time 29.3. Portland came next, but when about three-fourths of the distance had been traveled the harness of one of the team broke and the man was forced to drop out. About 30 feet from the finish G. E. Brady stumbled and fell. The cart run over him, bruising him badly and injuring his ankles. The team, however, got in in good shape. Their time was given at 28.3-5 seconds. The Lebanon team came next and made a fine spurt, but failed to lower the record, making the distance in 29.4-5. Walla Walla team made a good run, but started poorly. Their time was 29.4-5. The Albany team came next, and they went on the jump from the start, crossing the string in 28.4-5 seconds. East Portland was evidently not in good form, for they made the slowest time of the race, 30.1-3 seconds. Protest was entered against awarding the race to Portland on account of discrepancy in time taken. After some discussion the time of three time-keepers was averaged. This brought Portland's time a trifle lower than the Albany team. The Albany team was therefore awarded the race. Portland have entered protest against the award. Portland's tender boys next ran over a course 400 feet in length, making the distance in 28.1-9 seconds.

A few minutes before 2 o'clock preparations were made for the 150 yard footrace. Entries to this race were Dave Campbell, W. H. Fletcher, and D. H. H. of Portland; F. Sprague, East Portland; E. J. Cameron, Corvallis, and C. McKnight and L. C. Penner, Lebanon. The men got a good start and came down the course with Campbell in the lead, Cameron second and the rest well rounded. When about forty feet from the string Cameron made a fine spurt and the two men reached the score so even that the judges decided the race was a tie between them. Time 28.1-9 seconds.

The Albany team won the dry race in 27.4 and one-tenth seconds.

Silverton's Contested Election.

Judge Boise has decided the Silverton election case in favor of the electors, who were four of the five prohibition candidates for councilmen at the election held on the first Monday in May, 1888. It will be remembered that the contest between the prohibition and citizens tickets was very close, and in five instances resulted in a tie. The citizens, however, had control of the existing council, when, when it canvassed the result of the election, threw out all the prohibition votes, claiming the paper on which they were printed to be illegal, not being of the kind obtained from the secretary of state for the election of 1888, state and municipal. The council also rejected three votes of prohibitionists which had been challenged and not placed in the ballot box. Judge Boise in his decision finds that the paper on which the rejected ballots were printed was legal, having been obtained from the secretary of state for election purposes a year ago. He also declares the three challenged votes eligible and issues an order ousting four of the present council, Asaph Wood, M. Fitzgerald, George Sarra, and Archie Wolford, the defendant, from office, and seating P. A. Davis, John Hicks, J. C. Hayes and E. L. Smith, the contestants, these four, with the straight prohibition and three contested ballot-counted, having received a majority over the four defendants. The prohibitionists by this decision obtained municipal control of Silverton, Al Coupage being the only member of the council elected on a citizens ticket, he having received a higher vote than any other candidate.

Steamer Launched at Yaquina.

From a gentleman who came over from Yaquina yesterday, the particulars were obtained of the launching of Capt. Chatterton's new steamer at Onwatta at midnight. This time was chosen on account of the high tide at that hour. An excursion bearing a large number of people from Newport and Yaquina City, the boat, which is somewhat larger than the Tressa May, was christened the T. M. Richardson. It will ply between Newport and Yaquina City, carrying passengers.

SHOOTING A CONVICT.

He Refused to Go Back to Work and Decried the Authorities.

Special to the Herald.

SALEM, June 23.—Wm. Mansfield, a convict at the penitentiary, was killed this morning by guard John Whitney. Mansfield was at work in the shops, and complaining of being sick was brought into the chapel. There he was ordered back to work. He refused, and Warden McKinnon was called. Mansfield defied McKinnon and he sent for a guard. McKinnon then attempted to persuade Mansfield to go back. The guard, meanwhile, had a gun drawn on him. Mansfield used violent language and defied the guard to shoot. He refused to go back to the shops, and some minutes after, saying "shoot and be God-d—d," three times, McKinnon ordered the guard to shoot. He did so. The ball passing through the body with fatal effect. A sharp knife was found on the convict's person. The coroner's jury found a verdict according to the above facts.

SANTIAM MINING NOTES.

Work is to be resumed on the "Lucky Boy" in a few days.

Adams, Hagan & Co., had two assays made last week, and are quite jubilant over the result.

Messrs. Waters & Blanchard are soon going to commence work on the Emma mine, in the galena belt on the McKenzie.

Mr. Wm. Robe departed for the gold belt on the head of Calipoua last week. Messrs. Young and Keniston expect to start for the mines to-day.

Messrs. Reed, Woodin & Co., will return in a few days from their mines near the head-waters of the Santiam. They have obtained some very rich assays.

Mr. J. Riechin of Halcyon has just gone up the Santiam district to commence operations again on the Golden Eagle mine. Quite a number of miners intend to start from here as soon as the weather becomes settled.

The Croesus Company of Eugene, situated on Treasure hill, in the gold belt, are taking out fine ore, and complete putting in a mill this summer. A good custom mill could have all the ore they could work on Quartz creek, in the gold belt, as there are nearly a dozen claims in a radius of a mile or less, that have plenty of paying ore—free milling rock—in sight; and nothing but the lack of reduction works are keeping them from work now. Wood and water is abundant, and these claims are only about six miles from the McKenzie wagon road.

COAST NOTES.

Eugene has the diphtheria.

The residence of Chas. Nelson of Eugene was burned Tuesday. It was insured for \$500.

The horse race at Junction, one-quarter of a mile single dash, Thursday between Gray Jake, Mole Digger and Storm mare was easily won by Gray Jake by thirty feet, Storm second.

Jos. Davis reports a small cyclone at his place at the Upper McKenzie bridge last Sunday. It crossed the river, raising a column of water as high as the top of the bridge, dropping it on the bank making a report like thunder.

Maggie Jacoby, a daughter of David Jacoby living about twelve miles above Eugene on the Middle Fork, was thrown from a horse Tuesday last week, while returning from school, unfortunately breaking one of her legs above the knee. I. R. Thompson set the injured member and the sufferer is getting along well.

Mr. Ed. McBea of the McKenzie, while hunting with a party on the summit of the Cascades mountains last Saturday, had the misfortune to accidentally shoot himself in the lower right arm shattering one of the bones. He had placed his rifle under the wagon in the bed clothing, and while arranging the bed the gun was discharged. He did not get home until Thursday, when Dr. Shelton dressed the wound and set the bone. He thinks the arm can be saved. Had it not been cold weather, most probably Mr. McBea would have lost his life.—Eugene Guard.

EUGENE CITY NOTES.

EUGENE, June 22.

Last night at 11 o'clock as a man named Dobson was returning home, he was knocked down by a couple of thugs and robbed of \$38.00. Three men were arrested this afternoon, as being implicated in the crime. The man robbed was a hard laboring man, and fortunately is in a fair way of recovery.

Some thief last night relieved the hen roost of Mr. John Hulery, of a half dozen of chickens. John says if they would take the common fowls, he would not care so much, but those taken were prize game chickens.

On Tuesday last a house in the southern part of town was entered, and while the family were conversing in the back part of the house, a trunk in the front room was rifled of its contents and \$14.00.

The house burning on Monday night was no doubt the work of an incendiary. The furniture was partly insured, but no insurance on the house.

A Warning. The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs, producing consumption and to the head, causing insanity. Now all this is dangerous and if allowed to proceed will in time cause death. All the correct you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.
