O. & C. R. R. TIME TABLE.

Table with columns for North Bound and South Bound, listing arrival and departure times for various stations.

Table for Oregon Pacific Time Table, listing arrival and departure times for passenger and freight services.

Table for Lebanon Branch, listing arrival and departure times for local services.

Table for F. M. Miller, listing arrival and departure times for a specific service.

Table for Jottings About Town, listing arrival and departure times for various services.

JOTTINGS ABOUT TOWN.

F. M. Miller, of Lebanon, is in the city. Beaded wraps at cost at Monteith & Seitenbach's.

Miss Nettie Whitney, of Eugene, is visiting in this city. The Albany hose team leaves this morning for Seattle.

C. B. Winn returned yesterday from a trip to Eugene, Ore. There will be no services held in the Episcopal church next Sunday.

A very pleasant souvenir sociable was given at the residence of Thos. Monteith last evening. Ladies are invited to call and see the new style scissors at Will Bros.

Patronize home industry and try some of J. Joseph's Havana filled 5c. cigars, the first of his own manufacture.

Ladies call at the furniture store of Woodin & Willard's and get a nice red chair for your husband, for a birthday present.

Gentlemen, Woodin & Willard have some very pretty reed chairs that would make your wife a nice present, and you know rice presents means good dinners, come and get one.

Keep up the flies by using screen doors and windows, manufactured and put in your house complete at a reasonable price, by R. B. Vunk. Shop on corner of Second and Ellsworth streets.

Messrs. Will & Stark have just received a large stock of new gold watches, diamond rings, diamond inlaid ladies' watches, elegant chains and other new jewelry. They have an immense stock.

E. & C. Howard are actually selling millinery cheaper than any one else in the city, especially flowers and white hats, which go at cost till all are sold. They never carry old goods, but keep a clean, fresh stock constantly on hand.

The attention of housekeepers is directed to the patent metal shield cooking crock at Julius Gradwohl's. It is the cheapest, most common sense cooking utensil made, Mr. Gradwohl says, and nothing can burn in it. Call and see them.

Have you ever noticed those large ornamental cans in Kenton's show window and observed what they are for? Upon investigation they are found to contain very fine grades of roast coffee, all of which are sold at reasonable prices, and ground when desired without extra charge.

Col. Copeland's Second Lecture. The second lecture of Col. Copeland at the opera house last night was listened to by a delighted audience. He spoke for nearly two hours, and held the closest attention of his audience during that time.

Two at Once. One day last week, Layton Hinkle, who lives about twelve miles southeast of Monmouth, saw a deer standing in his door yard and of course, under such circumstances, concluded he would take down his little gun and put a bullet through it.

Mr. Ankle brought the deer down and on going to its side noticed another dead deer close by. Upon examination it was found that he had killed both at one shot, the ball entering the back of the first and passing through and going into the neck standing at his side. This was a double killing.

An Actual Fact. The tariff has been taken off of clothing at L. E. Blain's, and he is selling men's light summer suits from \$5 to \$9.75. Brownsville suits from \$9 to \$14, and other clothing at proportionately low prices.

Mr. Blain does not believe in cheapening wool and the farmers' products, but he is making a grand cash clearance sale of summer suits and Brownsville goods at less than manufacturer's prices. Read his new adv. elsewhere.

Oregon Pacific Appointment. Mr. E. N. Smith has been appointed local agent of the Oregon Pacific railroad company in this city to take the place of Mr. Stewart, who has been appointed general traveling freight and passenger agent. Mr. Smith is recently from the East and is a good man for the place.

THE PORTLAND TOURNAMENT.

The Firemen of the Metropolis Deal Dishonestly With Their Visitors

The indignation among the firemen of this city, on receipt of the news that the Portland Volunteer Firemen's Association had decided to set aside the decision of the judges and distribute the prizes around to suit themselves, was openly and very bitterly expressed.

It was enough gall to have the foot-race, which was declared a fair tie between Cameron and Campbell, awarded to the latter without any ado, but to have the decision on other prizes which were fairly won and awarded, reversed simply on the word of one man, W. A. Scoggins, who was the only one who differed from the other time-keepers and who admitted that he was not certain that his watch was set right, looks very much like robbery.

If this had been the regular firemen's tournament, the decision of the judges would not have been set aside at the will of certain Portland firemen, and had the visiting teams imagined that the Portland firemen would have dealt so dishonorably with them, simply because they were not bound by any rules of the firemen's tournament, the number of contesting teams would have been very few.

When the tournament was changed from Portland to Seattle, and Portland wanted to get up a tournament of her own the teams up the valley stood right in and endeavored to contribute to its success, and this unheard of action on the part of the Portland firemen comes now, to say the least, with very bad grace.

By just what method they set aside the decision of the judges and awarded the prizes to suit their own fancy is not known.

BROWNSVILLE MINING COMPANY

A Large Company Incorporated to Develop the Calapooia Mines.

A dispatch from Brownsville yesterday says: Articles of incorporation are being prepared in this city of the Trinity Mill and Mining company. A company of eleven men has been formed, representing three ledges of 1500 feet each, making 100,000 shares of stock at \$3000 per share.

These ledges are situated on the head of the Calapooia, and give promise of being paying mines. The incorporators, all well known here, are Messrs. A. J. Adams and E. D. Von Hagan, of this city, and H. W. Goddard, Esq., of Portland.

board of directors comprises Messrs. J. Ribben, G. H. Keeney, P. Hume, J. Woodruff and A. Winters. The president of the company is A. J. Adams and the superintendent of mines Capt. Von Hagan. The assays of one of the ledges was \$10.45, gold and silver, mostly gold, the ore being taken from the surface.

With three promising ledges and abundance of wood and water close at hand, this company starts out with very flattering prospects. Work is to be pushed forward as soon as the company can get matters in working shape. Messrs. Coshov, Cable & Brown are preparing to open the Golden Era ledge, situated in the golden belt, and as soon as the weather clears up work will begin again on the Lucky Boy tunnel.

THE NEW COUNTY OFFICERS.

Only Two of Them Have Filed Their Bonds Bonds with the County Clerk.

Thus far only two of the newly elected county officers have filed their bonds with the county clerk. These are H. Farwell, treasurer, who has removed to this city, and Z. B. Moss, assessor.

At the final session of the old board of the county court held yesterday, the bonds of Z. B. Moss, assessor elect were approved; bond \$500; sureties, Jessie Barr, S. P. Barr, G. B. Splawn. Also bond of H. Farwell, treasurer elect, amount \$5000; sureties, A. J. Conner, Geo. E. Chamberlain, J. A. Crawford, D. P. Mason, E. Turner, R. A. Irvine, C. H. Stewart, P. Cohen, E. J. Lanning, R. Farwell, John Rogers, L. C. Stratton, John Schmeer, John Isom, J. H. Burkhardt, W. M. Ketchum, J. J. Davis, W. L. Vance, I. D. Miller, W. C. Morgan, S. A. Lawson, D. P. Morgan, Wm. Rumbaugh, E. L. Knox.

The court will continue in session to-day to settle with the outgoing county officers.

A SCARE ABOUT NOTHING.

The following appears in the Lebanon Express of yesterday, under the heading of "A Warning":

SILVERTON, OR., June 27. "Pastor Presbyterian Church, Dear Sir:—Will you hand this to Clark Braden, who will be in Lebanon to-day to defend the bible. "To Clark Braden, Dear Sir:—I learn that your life will be in danger if you go to Mollala or to that grove. You and better write Bro Thomas at Mollala. F. O. McCauley, "Clark Braden says he will go to Mollala." Mr. McCauley has probably heard some foolish rumor, which deserves no attention.

A Narrow Escape.

Mrs. Annie Blackburn met with a painful accident last Thursday night at Crawfordsville, caused by the explosion of a lamp. She was burned badly on the left arm and hand in attempting to extinguish the fire. It was a narrow escape from a serious accident, as there was four other members of the family in the same room. They came very near losing their house and its contents, as most everything in the room was set on fire by the burning oil.

THE STATE UNIVERSITY.

The Twelfth Annual Commencement Exercises—The Graduates.

The twelfth annual commencement of the state university at Eugene City occurred during the present week. The field of the institution's work is steadily increasing, and now embraces besides the regular classical, scientific, literary and English courses, a department of law and of music.

On Monday evening Misses Rose Midgley and Alberta Shelton graduated in the music department. The exercises were well attended and highly appreciated.

The reunion of the literary societies on Tuesday evening was a very pleasant occasion and largely attended by students and their friends.

On Wednesday at 10 A. M. an address was delivered before the literary societies by Hon. Geo. H. Burnett, of Salem. The planting of the class tree occurred at 2:30 P. M., and at 3 o'clock were held the exercises of the alumni association, the following being the programme:

Music—Orchestra. Prayer—Thomas Condon, Ph. D. Address of president—Henry F. McClure, A. B., class of '85. Oration—"English Poetry and Robert Browning," Claiborne A. Woody, A. M., class of '81. Music—"A night in Venice," Mrs. S. W. Condon and Kate Durris.

Music—Orchestra. On Wednesday evening an able address on "The Evolution of the Moral Sentiment" and its application to the university, was delivered by Hon. H. W. Scott, editor of the Oregonian.

On Thursday occurred the graduating exercises proper, the following class receiving the degree of A. B.: Mark Bailey, Jr., Eugene City; Hazen A. Brattain, Paisley; Arthur J. Collier, Eugene City; Leathe C. McCormack, Eugene City; Etta E. Moore, Linkville; John R. Pattison, Eugene City.

The following students also graduated from the law department: J. P. Boothie, Portland; Henry F. McClure, Portland; Gilbert J. McGlynn, Portland; Harold Pilkington, Portland; Silas M. Shipley, Forest Grove.

The degree of Master of Arts was conferred upon the following alumni: G. W. Hill, East Portland; Henry McClure, Portland; W. C. Taylor, New York; R. F. Reasoner, Heppner; D. W. Bass, Seattle.

At a business meeting of the alumni a resolution was adopted, expressing the belief that the best interests of the university would be promoted by making the president of the university and the superintendent of public instruction ex-officio members of the board of regents of the university.

The attendance of the university during the past year has not been as large as desired. The university has an able corps of instructors, fine apparatus, and seems to need most a system of judicious advertising in the newspapers of the state.

INCREASE OF THE VOTE.

Fifty Per Centum is the Growth of the Past Eight Years.

Croakers may say what they please, but the population of Oregon is increasing. This is evidenced in no better way than by comparing the vote of the present year with that of former years.

In 1880 there were 40,816 votes cast in this state for presidential nominees. In 1884 there were 52,682 votes cast in Oregon for presidential electors. In 1886 the vote for congressman aggregated 55,954. In 1888, however, the climax is capped with a grand total vote of 60,207.

This shows an increase of just fifty per centum since the vote of 1880 was cast—a little less than eight years. According to this, considering that the population of the state has increased in the same ratio as this vote, Oregon's present population is something over two hundred and sixty thousand souls. This would show an increase in the population since 1880 of 87,384 persons.

The number of votes cast has increased most rapidly, probably, during the past two years, since when it has grown 5298 votes. Oregon will, more than likely, be entitled to two representatives in Congress after the next decennial census, which will be taken in 1890.

The Death of Mrs. Gilcock.

Mrs. Robert Gilcock died last Tuesday morning at Crawfordsville of neuralgia of the heart. She had been sick for two days. She was born in 1819, and has been a consistent member of the M. E. church for many years. Her bereaved husband has the sympathy of a wide circle of friends. He has no relatives on this coast.—Lebanon Express.

Given Twenty-Five Days.

On Thursday a tramp giving the name of Frank Reynolds stole a watch from the store of C. B. Montague at Lebanon and some merchandise from J. O. Roland's harness store. He was arrested and taken before Justice Smith, and was given twenty-five days in jail.

Telegraph Line to Lebanon.

Geo. E. Hardy, of Lebanon, has proposed to the citizens of that place that for a bonus of \$500 he will construct and keep in operation a telegraph line between Albany and that place. The enterprise deserves to meet with success.

A Warning. The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of tubercle germs into the system, and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing consumption and to the head causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.
