Started for Missouri.

THE CITY COUNCIL.

The Usual Grist of Business Attended To—A Quiet Meeting. The city council met in regular session last evening, Mayor Cowan in the chair.

The committee on streets and public property reported on the petition asking for a sidewalk across the railroad on Fourth street, that there was no authority to compel the railroad to build more than a six foot walk.

The same committee reported favorably upon the subject of granting the hotels the right to run free busses to and from the depot, and an amendment to the license ordinance that effect was put upon its third reading and passed.

Application of John Giblin for saloon license was presented and granted. On motion a rebate of \$6 was voted to C. G. Burkhardt, for overpaid tax, on account of clerical error.

On motion of Councilman Writsmann the mayor and recorder were instructed to enter into a contract with N. H. Allen to furnish electric lights for the city for a term of five years from the 1st of July, 1888.

The bid of James East for building the sewer across Ellsworth street, between blocks 16 and 20, was accepted at 95 cents per foot, that bid being the lowest.

On the foot bridge on Broad-albin street the bids were rejected, and the matter was referred to the committee on streets and public property, and new bids will be taken.

On motion of Councilman Gradwohl the recorder was instructed to advertise for bids for the sewer in the alley between Ferry and Washington streets and First and Second.

On motion of Councilman Writsmann a new sidewalk between lots 2 and 3 on East Baker street; also on lot 5 on E. Jackson street. The marshal was instructed to purchase 1/2 dozen caps for sewers at the cost of 50 cents each.

On motion of Councilman Tabler the St. Charles hotel was ordered connected with the sewer and ordered built. Several bills were read and referred.

Excursion to Yaquina.

The gentlemen who have been making efforts to organize an excursion to Yaquina have perfected their arrangements and the excursion will take place on next Sunday July 29. The train will leave Albany at 6:30 A. M. and leave Yaquina at 6:30 P. M. on the return trip.

A Needed Improvement.

The work of building a stone bulkhead where the canal comes in contact with the Oregon Pacific railroad near the bridge has commenced. The canal has been in danger of washing out the track at this point, and to remove any danger of a train being precipitated into the Santiam canal a substantial stone bulkhead is being built.

A Cheap Route.

A lot of freight was received at the O. P. wharf yesterday for Seattle, which was shipped from San Francisco via the Yaquina route, also a lot of fruit for Portland. It will be shipped down the river by boat, this route being cheaper than by the all ocean route of the O. R. & N. Co.

Difficult to Suit.

The fore part of last week Mr. A. Chinese Pheasant Hen.

A farm hand while cutting hay on the farm of John Millard near this city the other day, ran over and cut both wings off of a Chinese pheasant with the sickle of the mower. A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing consumption and to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death.
