JOINTINGS ABOUT TOWN.

Secure your tickets early for the excursion to Yaquina.

P. A. Cochran, of Tangent, left yesterday on a business trip to the Dalles.

Walter Parker, Wm. Stites, Jas. Blackburn and others will leave today for the mountains.

Any one knowing themselves indebted to Mrs. E. J. O'Connor will please call and settle the same at once.

A reward of \$20 will be paid by Francis Pfeiffer for the recovery of the ladies gold watch advertised in the HERALD.

M. A. Miller has purchased his drug store in Lebanon, which he recently sold, and will resume business in that place.

If you are ruptured call on Dr. Porterfield for treatment, at the Russ house, rooms 26 and 27, Albany, from July 26th to 31st.

Geo. Humphrey, David Froman, Clay Marshall and P. J. Baltimore returned yesterday from a trip to Fish Lake. They caught 1800 trout.

E. Cameron has been challenged by Ben Hirsch, of Portland, for another foot race for \$500. The challenge will probably be accepted.

Robt. Moore, while painting on the St. Charles hotel the other day, had one finger crushed off between the swinging staging and the wall.

A cure is guaranteed in every case of rupture we undertake. Call and consult with Dr. Porterfield, at the Russ house, rooms 26 and 27, Albany from July 26th to 31st.

One of the features of the excursion to Yaquina Sunday will be the privilege of going over the bar after deep sea fish. The schooner Mischief has been engaged for this purpose.

Keep out the flies by using screen doors and windows, manufactured and put in your house complete at a reasonable price, by R. B. Vunk, Shop on corner of Second and Ellsworth streets.

A. B. Paxton has sold his interest in the Crawford & Paxton lithograph gallery to Mr. J. W. Litter, recently from Florida. Mr. Paxton will remain in the gallery during the summer.

Hon. Jeff Myers, of Scio, who recently returned from Seattle, says business is booming there. He purchased \$3000 worth of real estate while there, and will return to that city next week to be gone several weeks.

Mr. W. M. Waterbury, the genial advance agent of Dr's Porterfield & Co., who will be in this city today, called at this office yesterday. He is a pioneer of 1850, is an old newspaper publisher and a pleasant business man.

Dr. Porterfield, the famous rupture specialist, comes to this city with the highest endorsements of the press where he has practiced, and we would advise all our friends who may be in need of service of that character to apply to the Dr. at once. His past success is a guarantee of his future usefulness.

Business Change. On Oct. 10, the Revere House restaurant, which has been run on the European plan by Mr. H. Diercks, will change hands, Mr. Chas. Pfeiffer assuming charge of the same. Mr. Diercks during his management of the restaurant has given great satisfaction to the traveling public and has immensely pleased the commercial tourists, but he simply found that this plan did not work successfully, as he desired to run it. He will remain in Albany and probably engage in business again, while Mr. Pfeiffer will assume exclusive control of this popular hotel.

Excursion to Yaquina. The gentlemen who have been making efforts to organize an excursion to Yaquina have perfected their arrangements and the excursion will take place on next Sunday July 29. The train will leave Albany at 6:30 A. M. and leave Yaquina at 6:30 P. M. on the return trip. Tickets will be \$2 for the round trip and will be on sale at Blackman's drug store. This will give a fine chance to enjoy the salt sea breeze and take a very pleasant, cool ride, both going and coming. Secure your tickets early.

PRISON EVANGELISTS.

Mrs. Elizabeth Wheaton and Mary Moorman Visit This City.

Mrs. Elizabeth R. Wheaton, the prison evangelist, accompanied by Miss Mary Moorman, arrived in this city yesterday and in the afternoon preached to a crowd on First street. Mrs. Wheaton is a pleasant appearing lady of about fifty, with nearly white hair, bearing an air of refinement and culture. Her companion is a modest appearing young lady of about twenty, and both sing beautifully. They came from Salem, and had only time, they said, to remain a few hours, and left on the evening train for San Quentin prison in California to preach to the convicts. Mrs. Wheaton has traveled through Canada, Mexico and the United States, preaching to prisoners and the poor, and since a year ago has been accompanied by Miss Moorman. She formerly lived in affluence in Ohio, where her husband and son died, and in her loneliness she has been traveling as a prison evangelist and minister to the poor. She takes no collection from the crowd, and is certainly sincere. She carries a pocketful of railway passes and letters of recommendation, and is met with respect everywhere. Her mission, she states, is to preach to the poor and those in prison, and although she sometimes speaks on the public street, she does not belong to any form of the Salvation Army, whose practices she condemns. Each of the ladies presented their cards to a HERALD reporter, and explained their mission fully. The interesting pair go to San Quentin and thence to Alaska.

Indian School.

The Oregonian says that Col. John Lee, superintendent of the Indian training school at Chemawa, is in Portland, making his yearly settlement with the government. He remitted to the department \$1021.08, the amount left over of the yearly allowance after meeting all the current expenses. Besides this there is \$900 of "class A" funds; that is, money made by the children of the school during vacation in the harvest and hop fields, and this is left over after paying \$500 for a piano this year. Since Col. Lee took charge of this school the children have bought and paid for \$1500 worth of land adjoining the school, and the boys alone have in their own names sums aggregating over \$2000 in the bank.

He Went for a Purpose.

Rev. J. R. N. Bell, clerk of the railroad commission, who has been in San Francisco during the past week or two, did not go there for mere purposes of worldly pleasure, but he went on a mission. He was delegate by the Oregon commission to interview the California commission in regard to the rights and privileges of railroads in constructing bridges across certain streams and to ascertain how the matter was regulated in California. A special hearing was given. Mr. Bell by the commission while in San Francisco, and all the information in the power of the Californians placed at his disposal.

Railroad Changes.

Many rumors are afloat in railroad circles regarding the change in the time schedule which it is pretty surely known is contemplated by the Southern Pacific. The report that the overland trains, morning and evening will be two hours later, has been renewed, as well as the one that the Eugene express will be changed so as to run from Portland to Roseburg. Under the new schedule the Roseburg train will arrive earlier in the morning and later in the afternoon. The new time schedule is expected to be issued about the first of August. But these, let it be repeated, are rumors.

Prisoners Break Jail.

On Monday night, William Lynch, aged 17, and James Whitney, aged 18, escaped from the jail at Oregon City. The two worthies were awaiting trial on a charge of burglary committed in a saloon. It is supposed that they received aid from the outside, as the jail building had evidently been cut into from the exterior. Deputies were dispatched in all directions in search of the missing persons. The Sheriff has offered a reward of \$100 for the arrest of Lynch and Whitney.

Runaway With a Binder.

Alfred Blevins, while running a binder on his farm near Tangent yesterday, met with an unfortunate accident. A Chinese pheasant flew up and frightened his team, causing them to run away. Mr. Blevins was thrown from the binder, but was not seriously hurt. The binder was so badly broken as to be unfit for service, and he was forced to get another to cut his grain.

Rupture Cured.

No charges for examination or consultation, and a cure guaranteed in every case undertaken or money refunded. Of the many cases treated by Dr. Porterfield during the past year in Red Bluff and Redding, not one but will recommend his treatment highly. Don't neglect this opportunity. The sooner a rupture is treated the easier it is cured. Dr. Porterfield will be at the Russ House, rooms 26 and 27, Albany, July 26th to 31st.

Card of Thanks.

We wish to state through the medium of your paper that we feel very grateful to the citizens of Albany and vicinity, that have so kindly assisted us in the recent misfortune of our son, and brother Fred, in the loss of his foot.

THE RIVER TRAFFIC.

Low Water Compels Boats to Stop Running on the Upper River.

Several days since the O. R. & N. boats were withdrawn from the upper Willamette on account of low water, and yesterday the Wm. M. Hoag went down the river on her last trip, as on her return she will be tied up at Corvallis until the river rises. All of the other Oregon Pacific boats will also be withdrawn to wait for higher water. The freight which arrives over the Oregon Pacific will be transferred to the O. & C. road. The Three Sisters is at the Portland dry docks being lengthened out and repaired. The upper Willamette has been remarkably low this season, and the probability is that the most of the traffic will be done by rail for some time.

Death of an Oregon Pioneer.

William Stafford, a pioneer of 1852, died at Tacoma W. T. June 30, 1888, after a brief illness of 24 hours, a paralytic stroke was the immediate cause of his death. He was born in Franklin county Ind., March 11th 1814 and was at his death 74 years 3 months and 19 days old. When he was 13 years old his parents removed to Shelby county, and a few years after to Hancock county, where he attained his majority, and on February 18, 1836 was married to Miss Priscilla J. Ramsay, who survives him. At the age of 24 he returned to Shelby county, whence in 1839 he emigrated to Saline county Mo., thence he went to Platte county, where he remained two years, and then located in Atchison county, when in 1844 he became a member of the M. E. Church. From Atchison county he crossed the plains to Oregon in 1852 with a family of seven children, six sons and one daughter. He settled in Mohawk valley in Lane county, in the fall of that year. In 1855 he united with the Christian Church under the preaching of Elder John Powell, accompanied in this by his wife and one daughter. Here he settled on a donation claim and brought it under cultivation. In 1866 he removed to Linn county, where he remained ten years. He then removed to Umatilla county, and remained there within a few weeks of his death. He was of the class of sturdy, indomitable pioneers. He wrung from nature a support and a competence by his labor and energy. He brought into cultivation four farms and was known as a quiet neighborly man. His habit was to attend strictly to his own affairs. He was the father of ten children, three of whom, two sons and one daughter, are dead; five sons and two daughters, with his wife, survive him to mourn the loss of a devoted husband and faithful, loving father. His stalwart sons and lovely daughters, respected and honored by all who know them, speak volumes in his praise. He has no lived in vain who bequeaths such a legacy to his country. Above all Father Stafford was a good man, just and upright in his ways; he earned and enjoyed the respect of all who knew him, and in his declining years possessed right fully a competence. Deep sympathy was tendered to her, who for more than 30 years traveled hand and heart with him the journey of life, and who linger, oh! so sad and lone upon this side of the river.

Will Build to Astoria.

W. H. Holcomb, manager of the O. R. & N. Co., says that the company will build a railroad to Astoria just as soon as the uncompleted work of the company is finished. They have incorporated for that purpose, and it is understood have secured the right of way. It is well known that agents of the company have recently purchased 60,000 acres of land in Nahalem valley, along the line of the proposed route.—Pioneer.

A Leap Year Party.

A leap year party will be given to-day by about 20 young people of this city, who will charter a coach and four and drive to Waterloo. The young ladies will foot the bill. The day will be spent on the classic banks of the roaring Santiam, listening to the rushing of the Waterloo Falls, fishing, games, eating dinner and drinking the fizzing soda water, which bubbles sparkling from the rocks.

Farwell Party.

A pleasant farwell party was tendered Rev. H. V. Rominger at the Congregational church last evening by his congregation. An ice cream lunch was served and a pleasant evening enjoyed. Mr. Rominger will leave Saturday morning for a trip to Alaska, after which he will accept the pastorate of the East Portland church.

The First New Wheat.

The first wheat of this season's crop received in this city was brought in yesterday to the Red Cross Mills by Mr. J. S. Folsom. Messrs. Isom & Lanning state that it was plump, heavy grain of very fine grade.

Notice to Contractors.

NOTICE IS HEREBY GIVEN THAT AT the next regular term of the county commissioners court for Linn county, Oregon, to be held at the court house in the city of Albany, on Wednesday, the 8th day of August, 1888, sealed plans, specifications, strain diagrams and bids will be received for building a bridge across the swale on the Shoald and Albany road, about one-half mile south of Kendall's bridge. Said bridge to be 50 feet long, 16 feet wide. Also for the building of a covered bridge across Thomas creek, at the point where the old bridge known as the Devanes bridge stood. Said bridge to be ninety feet in clear between piers, height of bents 14 feet and 16 feet wide in the clear inside.

All bids must be filed with the clerk on or before 1 o'clock P. M. of the above mentioned day. The court reserves the right to reject any and all bids.

Done by order of the court this 9th day of July, A. D., 1888. E. E. MONTAGUE,
County Clerk.

An Accomplished Robin.

Thomas O'Donnell of Rondout N. Y., has a robin which whistles like a mocking bird. This is probably due to the fact that it was raised in company with a mocker. The robin whistles "Johnny, Get Your Gun," "Don't Leave Your Mother Tom," etc., with all the sang froid of a Bowery actor. Its powers of mimicry are wonderful. One day recently a man went into a saloon, over the door of which the cage containing the bird is hanged. The bird gave a sharp quick whistle. A man on the opposite side of the street heard the whistle, and seeing a friend entering the saloon, and believing that he had whistled to him to "come and take something," crossed the street. The man who had first entered the saloon denied having whistled, but his friend insisted that he had and succeeded in getting "something" in the early morning, when things are quiet, the whistle of the bird has been heard a quarter of a mile.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat; and if allowed to continue their ravages they extend to the lungs producing consumption and to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness, allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.
