The bet, it will be remembered, was put up in the hands of a well-known business man of Albany.

Mr. Miller is the son of Hon. R. C. Miller, an old resident of Linn county, having resided here since 1847. He is the leading druggist of the thriving town of Lebanon and is well known in Linn county, and we might say in the state as, although a young man, he is quite active in politics, having been a member of the last democratic state convention which met in Pendleton.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs, producing consumption and to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or hitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and then leave you in a worse condition than before.
