"The Queen of the Santiam."

This elegant and picturesque boat, constructed by Mr. E. J. Hendrickson of this place, was successfully launched in the sparkling waters of the Santiam on the 10th inst., much to the joy and pleasure of some of the young folks of our town. The boat is a credit to the skill and tact of the builder, and is deservedly christened "The Queen of the Santiam." For nothing that we have seen on this majestic stream will compare with it. The best of all is, the purchaser, Rev. J. R. Kirkpatrick, tenders the boat to the young people of Lebanon for a free ride on any day of the week except Sunday.—Lebanon Express.

A Harrison Cane.

The junior editor of the HERALD was presented yesterday by Mr. L. E. Blaine with one of the neatest campaign trinkets out. It consisted of an elegant cane, fashioned after the pattern of a sword cane, but instead of a sword has a beautiful silk flag, the stars and stripes, the republican badge of the campaign of 1888, the cane serving as a flag staff. It is a neat affair and will be an interesting souvenir of the campaign of 1888.

About Sheep.

Dr. J. L. Hill proposes to bring 1500 sheep from Crook to Linn county and let them out on shares in such numbers as farmers can attend to. Probably in 100 to 200 lots. There will no doubt be plenty of farmers ready to take a few under such an arrangement.—Democrat. No doubt it is as the people of this country will vote down such free wool measures as the Mills bill, etcetera; other-wise farmers will find little profit in sheep.

An Indian Relic.

W. W. Elder, of Stayton, has in his possession a stone mortar and pestle recently found fourteen feet under ground while excavating along the roadbed of the O. P. railroad near Stayton. The mortar is about eight inches across on the inside and six inches deep; the pestle is about eight inches long. It is an old Indian relic, and there is no accounting for its being where found.

Pleasant Lawn Social.

A pleasant lawn social was given last evening at the residence of Dr. L. Hill by the young ladies of the Baptist church. A large number were present, and a most enjoyable evening was spent. The lawn was brilliantly illuminated with Chinese lanterns. Ice cream and lunch was served on the lawn, and the affair was quite a success. A. BRINK.

The Siletz Agency.

Mr. J. Ben Lane has been removed from the agency of the Siletz reservation and Mr. D. Gaitner has been appointed in his stead. Mr. Gaitner has been the clerk of the agency for some two years. The removal of Mr. Lane was caused by the trouble in the spring with the Indians, an account of which was published in the HERALD. A government surveyor ran away with a half-breed girl employed at the agency and the Indians blamed the agent for it. The trouble was fomented by persons outside the agency under threats of personal harm by the Indians. The girl was sent to the school at Chemawa. Mr. Lane secured an investigation of the matter by a special agent of the government. The result of the investigation was a request for Mr. Lane's resignation. He went to Washington to vindicate himself but with no effect. Mr. Grady, a brother of the famous Georgia editor, is industrial teacher at the reservation.

The Santiam Mines.

The Santiam river mines are attracting a great deal of attention just now, and a large number of miners from California are going in to prospect for the precious metals which are supposed to be hidden away there. Some of them are talking of opening an assay office in Albany, to save the trouble, delay and expense incurred in shipping ore to Salt Lake City and other distant points for testing. A report has been circulated that some Portland parties have jumped the claim of the Albany Mining Company and have set to work to develop it. If the report is true, it confirms the general belief that there is considerable faith in the mines of that locality, and the Albany company have no fears of the outcome, as they have a good title to the claim, and are willing that others should do the work if they can reap the benefits.

New Oregon Road.

James M. Donahue's mission to the East, which is acknowledged to be for raising capital for the construction of a railroad through Northern California, is attracting much attention. It is known that the Donahue people are very anxious for the extension of their line from Ukiah northward to Eureka, in Humboldt county, and it is also becoming well known that an Oregon extension is hoped for. A preliminary survey for the Oregon line has been made and it is eastern capitalists can be interested in the scheme the road will be built as far east as Boise City, Idaho.

Returns to West Point.

Cadet Milton G. Davis, who has been spending the time allowed by his furlough visiting his friends in Folk county, Salem, Eugene and other points in the valley, leaves today for West Point to settle down to another two years of hard work before graduation. After he has won his shoulder straps he will be allowed another furlough before he is ordered to report for duty. Mr. Davis has already won distinction for himself and honored the state of Oregon by standing very near to the head of a very large class and his future successes and triumphs will be noted with pleasure by his many friends here.—Salem Statesman.

Disappearance of an Aged Woman.

Mrs. Susan A. Done, wife of F. A. Done, of Pilot Rock, Oregon, has never been heard of since her mind became deranged and she wandered from home May 18th. Every effort has been made by her husband to trace her whereabouts, but without avail. She is fifty years old, five feet five inches tall, quite gray haired, stout built, weight 165 pounds.

Lively Runaway.

One of John Schmeer's teams, with which a commercial traveler and Mr. Schmeer's driver were returning from Corvallis, became frightened at a hand car and ran away, overturning the buggy and dragging the driver some distance. Neither of the occupants were seriously injured. The buggy was somewhat broken.

The Waterloo Springs.

For solid enjoyment go to Waterloo, which is now the most popular resort. Fine locality, fishing, boating and bathing, and splendid accommodations at J. A. Gross's, whose prices are reasonable. Horses fed at the lowest possible rates. Campers can get supplies at Mr. Gross's store. Mr. Gross will meet the 2 o'clock Lebanon train on Mondays and Saturdays.

An Election Wager.

John Burnett offers the following bets: First—\$100 that Cleveland and Thurman carry New York. Second—\$100 that Cleveland and Thurman are elected. Third—\$50 to \$100 that Cleveland and Thurman carry Indiana; money in the Benton County Bank.—Benton Leader.

Burkhardt at Burkhardt & Keeney's office where plans and specifications can be seen. The company reserves the right to reject any and all bids. Bids will be opened at 7 p. m. Saturday, Aug. 18.

C. G. BURKHART, W. RICHARDS, A. E. KETCHUM, Committee.

Railroad Laborers Wanted.

One hundred men wanted to engage in rock work, and as teamsters on the Oregon Pacific railroad. Apply to headquarters at the end of the track. A. BRINK.

A GREAT SHOW.

Sell Bros. Circus One of the Best that ever Visited Oregon.

If we can believe those who have recently seen the exhibitions of this justly renowned circus and menagerie, it must be admitted that among the peripatetic exhibitions of the day, there are none that have received a prominence more signal and pronounced than that of the Sells Brothers; nor are we able to record an instance of any tented exhibition giving more general and merited satisfaction. Its every act and feature is remarkable, and the majority can well be characterized as "phenomenal." As an adroit, sensational and entirely original act, that of riding, reining and driving twenty-three bareback horses, by Mr. William O'Dell, will commend itself to all lovers of the difficult and dashing in equestrianism. Of Mr. Showles' elegant and artistic bareback riding and Mr. William Sells' "hurricane hurdle riding," we have had occasion to speak in former seasons, and further commendation is now superfluous. So it is with the graceful, poetic and perfected bareback riding of Seno ma Caroni. Of gymnastic and athletic exploits by a large company of acrobats and athletes, there is such a bewildering and sense-astounding multiplicity that comment is non-plussed, and to speak of the unqualified merits of each in detail would far transcend our limit. We can not close this article, however, without a brief mention of the champion wing, fancy and rifle shots of the world, Capt. A. H. Bogardus, "The Man who shoots to Kill," and his four remarkable sons, each of whom exemplify all the possibilities of the gun. The show will exhibit here, Monday, August 27.

Fell Out of an Apple Tree.

On Tuesday last as Mr. W. A. Gleason was gathering apples on his farm on Hamilton creek, seven miles from Lebanon, he slipped and fell a distance of twelve feet, sustaining a dislocation of the shoulder blade and collar bone, besides internal injuries to such an extent that he remained in an unconscious condition some three hours after the accident. The doctor succeeded in resuscitating him and attending to his injuries and at last accounts he was resting easy. Mr. Gleason is 66 years of age.
