THE CITY COUNCIL.

Little Business Transacted, and an Adjournment Taken Until Monday Evening.

At the regular meeting of the city council last night in the absence of Mayor Cowan, Councilman Gradwohl was elected mayor pro tem.

The reading of the minutes was omitted. Saloon license was granted to J. A. Gross and Watt Mcintosh.

The recorder reported that he had renewed the insurance on the hall of Albany Engine Co. No. 1 for the sum of \$900.

The street commissioner was instructed to enforce the ordinance prohibiting sewers from being opened entirely across the street without barricade and lights.

The council then adjourned to meet Monday evening at 7:30 o'clock.

CRAWFORDSVILLE ITEMS. Mrs. Fannie Bishop, of McMinnville, is visiting friends at this place.

Mr. Richard Finley was very sick last week, but is better at present.

Mrs. Miles Carey and Mrs. H. B. Derrick have been visiting at Tangent during the past week.

Jas. Keeney has added a set of burrs and a new water wheel to his mill, and will use the same for chopping grain.

On Wednesday W. W. Robe, who has been unwell for several weeks, started for the Calapooia mining district, in company with R. Blanchard, of Brownsville.

It is reported that some one entered Mr. Blackburn's garden a few nights since and totally destroyed his fine watermelons, cutting to pieces what melons they could not eat and pulling up the vines.

Runaway Train. As the eastbound passenger train was coming down the Blue mountains into the Grand Ronde valley on the 27th, at a speed of 45 miles an hour, one of the coaches were derailed by a broken wheel, about nine miles west of there.

The air brakes were damaged, and also the air signal, so that the trainmen could not signal the engineer, who was ignorant of the accident. Being on a steep grade, the train ran about a mile before it could stop. Three cars were thrown off the track and badly smashed up. The train ran on a bridge, and tore up, smashing ties and timbers into kindling wood for about 700 feet. Fortunately no one was hurt, but the track and bridge are so broken up as to delay all trains.

Will Receive a Fortune. It is learned that some time ago Mr. D'Hourd died in California, leaving an estate valued at \$80,000 to \$100,000. He left all his property to his second wife according to the will in her possession; but it seems that he had before made another will, leaving nearly all of his property to his sister, Mrs. Van Windle of Albany, mother of Mrs. Clint Monroe of Salem. The will is to be contested.

United States Railroad Commissioner. Messrs. R. Koehler and J. Brandt, of the Southern Pacific Company, who had gone to Astoria to meet Gen. Joseph E. Johnson, United States railroad commissioner, to escort him from that place to Portland, passed through this city yesterday afternoon. Gen. Johnson's mission here is not definitely known, but it is supposed he will make an official inspection of the company's improvements and extensions generally.

Too Bad. The stove works at the penitentiary are closed for the present, on account of an increase in the price of iron, at which a Salem exchange facetiously remarks that it throws a number of convicts out of employment. There are a good many people who believe that if convicts were legally prevented from being employed on marketable wares, free labor would be benefited.

A Deserving Enterprise. A gentleman from Lebanon states that the proposed water ditch and paper mill is likely to be built by California parties. The length of the proposed canal is about two miles.

A Sound Legal Opinion. E. Bainbridge Munday Esq., County Atty., Clay County, Tex., says: "Have used Electric Bitters with most happy results. My brother was also very low with malarial fever and jaundice, but was cured by timely use of this medicine. An assisted Electric Bitters saved his life."

Mr. B. L. Wilcoxson, of Horse Cave, Ky., adds a like testimony saying: "He positively believes he would have died had it not been for Electric Bitters. This great remedy will ward off, as cure all Malaria Diseases, and for all Kidney, Liver and stomach Disorders stands unshaken. Price 50c and \$1. at Foshay & Mason's."

Wonderful Cures. W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., say: "We have been selling Dr. King's New Discovery Electric Bitters, and Buckle's Arnica Salve for four years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption, have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by Foshay & Mason."

Burkhart & Royce of this city have a model job printing office, it is lighted and motor power furnished by electricity, and all work is done neatly and promptly. Their establishment is second to none in the state.

CHIEF ENGINEER'S REPORT

To the Mayor and City Council Concerning the Test of the New Steamer.

Chief Engineer Joseph Webber submitted to the city council last night the following report concerning the recent test made of the new steam fire engine purchased for Albany Engine Co. No. 1.

To the Honorable Mayor and Common Council of Albany, Oregon: At the request of J. H. P. & Jones Manufacturing Co. I have carefully inspected and tested in action the new Clapp & Jones steam fire engine, No. 4, improved patent of 1887, and I recommend the same to be a first-class fire engine in efficiency, finish, style and durability, and I pronounce it to be the most superior engine I have ever seen on the Pacific coast.

Respectfully, JOSEPH WEBBER, Chief Engineer A. F. D. Dated Aug. 28, 1888.

The council, however, adjourned until Monday evening, at which time the matter of accepting the engine will come up.

COAST NOTES. The salary of the postmaster at Eugene City has been increased from \$1,500 to \$1,600 a year, and his allowance for clerk hire from \$100 to 200 a year.

Yaquina Post:—The O. P. Paymaster came in last Saturday and paid off for July. It is understood that all indebtedness of the O. P. up to July 1st, that had been audited and allowed, has been paid in full.

A convention of the Southern Oregon Fruitgrowers' Association will be held at Heber's grove, near Medford, Sept. 29.

A road will be built from the North Powder to Cracker creek mines, a distance of twenty-five miles. It is hoped to have a four-horse coach running on this route by October 1.

Charles A. Beach, of Althouse, Josephine county, was on Sunday stricken with paralysis and died twelve hours later. Deceased was an excellent citizen and an exemplary man. He settled at Althouse in 1853.

Isaac Gentry of Ballston lost about 500 bushels of wheat that was in sacks in his field at Ballston, by fire. The origin of the fire is not known. Considerable of the grain that was saved from the fire is more or less damaged.

On Mrs. Vandever's place, near Zena, 30 or 40 bushels of wheat was destroyed by fire, which was set out from the threshing engine, when moving from the field and was not extinguished until it had caught into the wheat sacks.

Mrs. T. F. Campbell of Dallas, Polk county, accompanied by her mother, Mrs. D. Stump, has gone to Canton, Missouri, where they will join the professor, who is now president of the Christian College of that place. Mrs. Stump will remain during the winter.

John Stapleton, who lives two miles east of Dallas, while at Independence Wednesday, met with a serious accident. He was working around the grain chopper in Claggett's warehouse and caught one of his hands in the cogwheels, taking off the ends of four fingers.

Polk County O-server:—The work on the jail at Dallas has begun. The old cells have been removed and the building is being repaired for the reception of the new cells. Sheriff Smith is quite anxious to try his luck at holding a prisoner fast should the opportunity present itself.

Helping the Right Side. To help the right side is not only commendable in a general point of view, but is judicious and prudent when that help is enlisted in behalf of the right side of the body, just over the lower ribs in the region of the liver. The most efficient help is afforded by Hostetter's Stomach Bitters, an anti-bilious medicine of incomparable efficiency. Indigestion of the liver is accompanied by constipation, sick headache, furred tongue, nausea, occasional vertigo, an unpleasant breath, yellowness of the skin and ball of the eye. The author of these symptoms, liver complaint, routed by the Bitters is accompanied by them in its flight. Fever and ague, which always involves the liver, dyspepsia, rheumatism, debility and kidney troubles are all maladies to the early relief and final cure of which this standard medicine is adapted. Don't use it for a while in a general point of view, but it judiciously and prudently when that help is enlisted in behalf of the right side of the body, just over the lower ribs in the region of the liver. The most efficient help is afforded by Hostetter's Stomach Bitters, an anti-bilious medicine of incomparable efficiency. Fever and ague, which always involves the liver, dyspepsia, rheumatism, debility and kidney troubles are all maladies to the early relief and final cure of which this standard medicine is adapted. Don't use it for a while in a general point of view, but it judiciously and prudently when that help is enlisted in behalf of the right side of the body, just over the lower ribs in the region of the liver. The most efficient help is afforded by Hostetter's Stomach Bitters, an anti-bilious medicine of incomparable efficiency. Indigestion of the liver is accompanied by constipation, sick headache, furred tongue, nausea, occasional vertigo, an unpleasant breath, yellowness of the skin and ball of the eye. The author of these symptoms, liver complaint, routed by the Bitters is accompanied by them in its flight. Fever and ague, which always involves the liver, dyspepsia, rheumatism, debility and kidney troubles are all maladies to the early relief and final cure of which this standard medicine is adapted.
