## FOREIGN NEWS.

The Dominion Ratifies the Agreement with the N. P.

**THIS LINE TO BE PUSHED NORTH**

Activity in Railroad Building in Europe—A Great Scare Over the Spreading of Cholera.

**CHEYBOYGAN, Aug. 31.**—There is no telegraphic communication with Presque Isle, the country where the alleged cases of cholera appeared, and no further advices have been received. The only paper published in the country says: Many persons have died and many are hovering between life and death. Late facts, however, lend encouragement.

**A Big Deal.**

**LONDON, Aug. 31.**—Capitalists have advanced \$6,000,000 to build railroads in Honduras and elsewhere to concentrate at certain points.

**The Agreement Ratified.**

**WINNIPEG, Aug. 31.**—The government last night ratified the agreement with the Northern Pacific railroad to 10, 5 of the supporters of the government being among the minority. The Northern Pacific will push its work with all possible speed.

**From a Girl's Composition on Boys.**

Boys is men that have not got as big as their papas, and girls is young women that will be young ladies by and by. \* \* \* Man was made before women. When God looked at Adam, He said to Himself, "Well, I guess I can do better than that if I try again," and then He made Eve. God liked Eve so much better than He did Adam that there has been more women in the world than men ever since. \* \* \* Boys are a trouble. They are very wearing on everything but soap. \* \* \* If I could have my way half the boys in the world would be little girls, and the other half would be dolls. \* \* \* My papa is so nice to me that I guess he must have been a girl when he was a little boy.

**A Child Killed.**

Another child killed by the use of opiates given in the form of soothing syrup. Why mothers give their children such deadly poison is surprising when they can relieve the child of its peculiar troubles by using Acker's Baby Soother. It contains no opium or morphine. Sold by Foshay & Mason.

**Snake Estrellas.**

## "A LITTLE DEVIL."

**A Vessel Invented that Promises to Revolutionize Naval Warfare.**

**PARIS, Aug. 30.**—A vessel has been invented that promises to revolutionize naval warfare. It was designed by M. Ramagaze, a government engineer, and is so constructed as to be able to dive with comparative ease and safety beneath the keel of the largest ironclad, and by means of special apparatus to fasten explosive cartridges to the sides of the enemy's vessel. The motive power consists of a Krebs electric machine of fifty horse power. Preparations are already being made for launching this formidable little vessel.

**REPUBLICAN CAUCUS.**

**The Meeting at Senator Edmund's Results Satisfactorily.**

**WASHINGTON, Aug. 30.**—The caucus of Republican Senators at Mr. Edmund's house to-night brought together twenty-two of the thirty-five Republican Senators now in this city. There was a three hours' conference. The tariff was the only topic discussed, and a very harmonious agreement on the sugar, wool and lumber schedules was finally reached. The sugar tax in the Republican bill is to be reduced 50 per cent below the existing rates. The lumber tax is to remain as at present, and the duty on fine grades of wool is to be raised one cent a pound. The bill now in the course of preparation by the Senate Finance Subcommittee, will be ready within ten days.

**A FOUL CRIME.**

**Sanctionless Escal Outrages—Three Females and Is Lynched.**

**BELLEVILLE, Miss., Aug. 30.**—A negro known as Pony Poe forced an entrance Saturday night into the residence of a widow named Besser, and choked the widow, her daughter, and the 14-year old daughter of a neighbor insensible and criminally assaulted all of them. The Sheriff and police arrested him Sunday at a prayer meeting, where he was taking a prominent part in the proceedings. A mob overtook the party on the way to jail and hanged Poe at the scene of his crime. Poe was a teacher, and last year, was a candidate for the office of Tax Assessor. He confessed his guilt before his death, and said he deserved death.

**A Warning.**

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of tubercle germs into the system and where these germs fall upon suitable soil they start into life and development at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue they extend to the lungs producing consumption and to the head causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

**Happiness and Contentment.**

Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia, Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by Foshay & Mason.

**Guard Against The Strike.**

And always have a bottle of Acker's English Remedy in the house. You cannot tell how soon Cramp may strike your little one, or a cold or cough may fasten itself upon you. One dose is a preventive and a few doses a positive cure. All Throat and Lung troubles yield to its treatment. The Remedy guaranteed by Foshay & Mason.

**California Cat-arrh Cure.**

The only guaranteed cure for catarrh, cold in the head, hay fever, sore cold, catarrhal deafness and sore eyes. Resolves the sense of taste and pleasesant breath, resulting from catarrh. Easy and pleasant to use. Follow directions and a cure is warranted, by all druggists. Send for a circular to Abie-tine Medical Company, Oroville, Cal. Six months' treatment for \$1; sent by mail, \$1.10. For sale by Foshay & Mason.

**An Explanation.**

What is this "nervous trouble" with which so many are now afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—today it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.
