LOCAL NEWS.

Our Usual Budget of News in Paragraphs. STOLEN WHEAT RECOVERED. Thrown from a Horse and Seriously Injured—Marriage of Edward Moore—Newsp. Notes. Postmaster in Trouble. William L. Lang, postmaster at Cherryville, Clackamas county, was arrested by Deputy U. S. Marshal Chas. N. Wait, on the 30th inst., and was taken to Portland and committed to the county jail to await a hearing. The charge against him is that he sold postage and converted the proceeds to his own use, in fact it is said that he traded off the stamps for wood. Just what a man could want of much wood this kind of weather, it is not easy to imagine. Perhaps he thought the stamps would spoil, owing to the heat, and he therefore concluded to exchange them for something which he could lay up against a rainy day. Seven witnesses have been subpoenaed. Served Him Right. M. Stearns, a youth who has been "peanuts" on the Oregon Pacific trains for some time, attempted the other day, while going through a tunnel near the Summit to bestow undue attention upon a young lady, who was a total stranger. She informed the conductor of his ungentlemanly conduct, and when the train reached Corvallis he was promptly told to quit the train, and he has very properly been debarred from plying his vocation on any of the Oregon Pacific trains. A kiss in the dark is very nice, but is not always safe to attempt it, even in going through a tunnel, unless the young lady is a willing subject. Santiam Mines. Mr. Ryan McClellan, president of the Portland Mining and Milling company, has just returned from a ten days sojourn at the company's property on the Santiam. He reports a satisfactory progress in the main working tunnel, it now being in fifty feet. Mr. McClellan brought some handsome specimens of a new discovery. In fact, he says, the mountains are full of prospectors, who are making new and important discoveries in all directions. It may be safely said now that the Santiam district has fully entered on its second life, which, from all appearances, will have a brilliant and prosperous maturity.—Oregonian. Wheat Theft Injured. During the past week a farmer residing a short distance from Brownsville, upon visiting his wheat pile noticed a shortage of five sacks of grain, a search developed the missing wheat secreted in a neighboring swale, where it had been placed preparatory to a final removal. A watch was placed, resulting in the capture of the "kleptomaniac," who after doing some hard begging, accompanied by promises of reformation, was allowed to depart a wiser, and it is to be hoped a better man. To the Encampment. Councilman B. F. Tabler received word yesterday from the department commander that the other delegates to the National Encampment at Columbus, Ohio, could not attend, and requesting him to go without fail. Mr. Tabler who is just completing a neat residence in the southern part of the city, was quite prostrated yesterday with sickness, but if he is able to travel will probably go when the excursion train comes along Tuesday morning. Eye, Ear and Deformities. Dr. J. W. Culbertson, principal physician and surgeon of the central surgical infirmary of Indianapolis, Ind., will visit professionally, Albany, at the principle hotel Tuesday and Wednesday, Sept. 11 and 12; Eugene, Sept. 13 and 14; Salem, Sept. 8, 9 and 10. All afflicted with any disease of the eye or ear, catarrh, cross eyes, club foot, spinal curvature, Piles, rupture or chronic diseases, etc., can consult him free of charge. Artificial eyes inserted. Remember the dates. Oregon Beauty for sale. The current number of the New York Clipper contains an advertisement for the sale or lease of the famous mare, Oregon Beauty, which was killed by lightning on Coney Island on June 15th last, and which has since been mounted for exhibition. The proprietor, M. D. Reed, states that her value before her decease was \$20,000 but he does not say how much he wants for her now. The mane of the Beauty is now claimed to be ten feet in length. Will Go East. Secretary J. K. Elderkin, of the Farmers & Merchants Insurance Company, will go East in a few days to inspect certain surplus line business that has been offered here, but which the company does not desire to take without further investigation. The company has the reputation of being one of the most carefully conducted on the coast, and their conservative mode of doing business does much toward making it a safe and sound company. Death of Mrs. Willis Gaines. Mrs. Willis Gaines, one of Linn county's pioneer ladies, died at Sodaville on the 31st inst., at the age of 67. Her husband, who is over 70 years old, is very ill and is not expected to live but a few days. Mr. and Mrs. Gaines lived at Scio and had gone to Sodaville for their health. They are well known in Linn county.

Demmon, of Port Townsend; Presiding Elder Brown, of Olympia district, and Rev. A. Eades, of Dr. Harrington takes the editorship of the Christian Advocate, much interest is manifested as to successor. P. Webb will be re-appointed to this city. There will be several transfers of able preachers from the Iowa conference. Wedding Bells. Hugh Montgomery, of Brownsville, was thrown from a restive horse the other day, striking the ground with such force as to produce insensibility, in which condition he passed the night by the roadside, not being discovered until the following morning. He is suffering from bruises received, fears being entertained that serious injuries had been sustained. To San Francisco. Dr. Woodward has been called by telegram to San Francisco to attend a cousin, who is one of the leading jewelers of that city, and who has been seriously ill for several days. The doctor left last evening and will return next Thursday. The Military Ball. Parson and Bray's orchestra of Portland has been engaged by "F" Co., to furnish music for their military ball on Sept. 14. These gentlemen have supplied the music for balls here on different occasions and better could not be wished for. The Company's armory will be beautifully decorated and no detail of arrangements will be neglected as the members of "F" intend to make this ball a truly magnificent affair. Don't fail to attend if you receive an invitation. Tickets without supper \$1.50. About Baking Powder. Kenton's baking powder full weight 1 lb. can, as introduced by J. Gradwohl, still takes the lead, as it sells on its own merits at 25 cents for 1 lb. cans, not 50 and 60 cents a lb. as other baking powders are sold with prizes, which is nothing else but gambling. If you will remember a few years ago the word Malaria was comparatively unknown—to-day it is as common as any word in the English language. This word covers only the meaning of fever and ague, but our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfather called Biliousness, and all are caused by troubles that arise from a diseased condition of the liver which in performing its function it can not rid itself of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous. Soothes and Heals. Santa Abie soothes and heals the membranes of the throat and lungs, when poisoned and inflamed by disease.
