THE EXCURSIONISTS.

The Train Delayed and Will Reach Albany About Ten O'Clock.

The G. A. R. excursion train which should have arrived in this city at 5:30 this morning, is about five hours late.

It was delayed beyond the Skiyons and passed Albany at 10:30 o'clock last night, and if it runs on regular time will reach this city about 10:30 o'clock. Those who intend to go out to see the excursionists, however, should remember that the engineer may be feeling pretty well and may make up some of this time, in which event it may arrive by 9 o'clock or before.

The members of the Women's Relief Corps have made a large quantity of magnificent bouquets, which will be presented to the excursionists on their arrival. Mine Host Gross, of the Depot hotel, has prepared for them a sumptuous breakfast, and the excursionists during their stay of one hour will have an opportunity to see some of the floral wealth and the fruit productiveness of Albany and surrounding country. The train will be joined by a few from this city.

Yaquina Salmon.

A gentleman from Yaquina states that the fall run of salmon has commenced in earnest, and the canneries are in active operation. The salmon are large this year, many of them weighing as high as fifty pounds. The boats of Allen Parker's cannery brought in Sunday night about fifty fish. A large run is expected this week, and the catch of the season it is thought will be much larger than last year. The run has commenced about two weeks earlier than usual.

Another \$1000 on Harrison.

Curran & Monteith, real estate agents of this city, have another \$1000, which they wish to wager on Harrison's election. Any believer in cheap wool who desires to back his judgment as to the popularity of Cleveland's free trade policy with his money will be accommodated, as the money is lying in the safe of Messrs. Curran & Monteith waiting to be taken. The Democrat will please copy.

Will Probated.

The will of the late Chas. Roth, of Harrisburg, was admitted to probate yesterday. The estate is valued at \$10,000. One hundred and forty-six acres of land by the terms of the will is to be sold for the benefit of the Christian Leader, a paper published at Cincinnati, Ohio. The remainder of his property together with three hundred and twenty acres of land will go to his wife, who is his sole heir.

The Oregon Pacific.

Wm. M. Hoag, vice-president of the Oregon Pacific railroad, is in the city. He will leave this morning in company with Abe Hackleman, one of the directors of the road, for a tour of inspection over the line eastward. He says work is to be pushed vigorously forward from this time until Boise City is reached. Nearly a thousand men are now at work along the line, and more are to be put to work as soon as they can be obtained.

Patents Granted.

The following patents were granted to citizens of the Pacific States during the past week, and reported for the HERALD by C. A. Snow & Co. patent lawyers, Washington, D. C.: A. B. Munroe, San Francisco, automatic station indicator for railway cars; J. P. Turney, Arlington, Oregon, car coupling.

Little Girls Burned.

One Sunday morning a little daughter of Joseph Myers, of Lebanon, was playing with matches, when her clothing caught fire. Her parents heard her screams and ran to her rescue. They succeeded in extinguishing the flames, but not before the little girl was badly burned. It is thought, however, she will recover. She is a niece of Mrs. Edward Zeyss of this city.

More Laborers Wanted.

Jim Westfall, the Chinese contractor, will go to San Francisco to-day to secure 300 Chinese laborers to work on the Oregon Pacific. He has a contract for furnishing labor for Neugass, Myers & Co. and says he cannot get enough men in the state. White men are busy in harvest and a sufficient number to do the work cannot be obtained.

About Hops.

John P. Schmeer, of this city, has engaged for Portland parties, 30,000 pounds of hops in the vicinity of Brownsville, paying for the same 12 1/2 cents per pound. Hop picking begins this week. The yards of Linn county are generally in prime condition and a large yield is expected.

Death of Willis Gaines.

Mr. Willis Gaines, one of Linn county's pioneers, died at his home near Sedalia, aged about 77. He and his wife had gone to Sedalia for their health a few months ago, where Mrs. Gaines died last week, and was soon followed by her husband. They leave a wide circle of relatives and friends.

Firemen's Election.

Good Work.

Cox & Burkhardt threshed for A. Bond, in a day and three quarters, 2010 bushels of wheat, the product sixty-nine acres. A pretty good day's work, and a very fair yield, considering that part of it was partly killed out and only half a stand.

An Explanation.

What is this "nervous trouble" with which so many are now afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfather called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it can not dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Railroad Laborers Wanted.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and are shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing consumption and to the head, causing cough. Now all this is dangerous and if allowed to proceed will in time prove fatal. At the onset you must act with promptness, allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's Germicide. It will give you immediate relief.
