GENERAL NEWS.

Vermont Goes Republican by a Majority of 27,000.

THE MASSACHUSETTS DEMOCRATS

A British Officer Spying About Uncle Sam's Navy Yards—Does England Want War—Eastern News

The Herald's Special Dispatches.] BERKINGTON, (Vermont), Sept. 5.—The chairman of the republican state committee states that according to his figures on 36 towns from which returns have been received gave Dillingham, 31,378; Shurtleff a majority, 10,655; republican majority, 17,000. The remaining towns will probably make 27,000. The prohibition vote is less than 1500.

THURMAN AND PARTY.

He is Given a Reception Along the Route of Travel.

HARRISBURG, Sept. 5.—Thurman intends to slip through Toledo without letting the outside world know it. His car was attached to a Pennsylvania special, but at Altoona word was received that a reception would be tendered at Harrisburg. The judge passed a pleasant minute, though the train was behind time and ran fast, making 30 miles in 27 minutes at one time. Over two thousand people, preceded by the central democratic club, crowded around the train as it rushed into the depot. Thurman came out and made a brief speech in favor of the administration of President Cleveland, after which the train pulled out.

TOO BAD.

Two Ladies Fall into a Lake and Lose Their Jewelry.

KINGSTON, (Ont.), Sept. 5.—Mrs. Pierpont Morgan, of New York, and friends while out among the Thousand Islands yesterday were thrown into the water by the capsizing of their boat. Mrs. Morgan lost jewelry valued at \$15,000. Expert divers are searching for the valuables in twenty feet of water.

MASSACHUSETTS DEMOCRATS.

They Endorse Cleveland and the Mills Bill as Usual.

SPRINGFIELD (Mass.), Sept. 5.—The democratic state convention met here to-day. The platform recommends the administration of President Cleveland, endorses his re-nomination and the nomination of Judge Thurman as vice-president, and demands the reduction of the present war tariff to such a rate as will leave in the pocket of the people over one hundred million dollars, now stored in the treasury vaults at Washington. It approves the provisions of the Mills bill and denounces the proposed abolition of the internal revenue on liquors and tobacco by the republican party, demands such legislation by congress as will curb power and arrest the growth of trusts. It approves the recent retaliation message to congress by Cleveland, sends greeting to Gladstone, Parrell and their co-workers in favor of Irish home rule, and more stringent measures for the protection of the wage earners of the United States against foreign contract labor. The convention was called to order by Hon. B. A. Collins. Hon. J. B. Donovan, of Lowell, was made permanent chairman. After speeches and appointment of committees Hon. W. E. Russell was nominated for governor by acclamation.

Soliciting Funds from America.

NEW YORK, Sept. 5.—Thomas McNaught, secretary of the Scotch home rule association, has arrived in this country to solicit funds for the cause. He will make a tour of the United States and Canada, going first to Salt Lake and San Francisco.

Cyclone in Florida.

KEYWEST, Sept. 5.—A cyclone passed here to the eastward last night. No damage is reported in this vicinity. It was probably much stronger in Cuba. Reports from Havana state that house were unroofed and trees blown down.

Does England Want War.

CHICAGO, Sept. 5.—A Washington special says a great scare has been caused in the war department over information to the effect that a young British officer who has been in this country has procured the secret of the operation of our torpedoes, upon which we mainly depend for coast defenses, and that he has secured complete drawings and forwarded them to England.

Yellow Fever.

WASHINGTON, Sept. 5.—A telegram has been received at the marine hospital from Dr. Wall, at Tampa, saying that seven new cases of yellow fever have been reported during the last two days. Dr. Murray reports by telegraph that he has arrived at Tampa, and that he found one case at Maunee and another at Palmette. The other river towns are healthy.

Murder at Rock Springs.

PHILADELPHIA, Sept. 5.—Information has been received here from Rock Springs, Wyoming, of the murder by an unknown per-

THE FISHERIES.

Old England Is Trying a Game of Bluff.

THREATS OF BRITISH IRON-CLADS.

To Be Sent Against the United States—The Result of President Cleveland's Diplomacy.

London, Sept. 5.—The Standard in a savage leader on the fisheries question, says: It will be well for the President and Government of the United States to remember that Canada is a dependency of Great Britain, and that if the necessity should unfortunately arise she has behind her the guns of English ironclads. If our American cousins fail to understand this allusion; if in inference to the tone of coarse brutality which seems to be a distinguishing feature of their domestic politics they invite us to reply to their insults in a strain they will comprehend, perhaps we may be allowed to remark on the Trent affair. The Standard further says: "If we have to deal with a nation of filibusteres let us at least know it. We tell our American cousins frankly that we have not advanced so far toward ideal Christianity that we are prepared to turn our cheek to the transatlantic smiter."

The Daily News says: "President Cleveland doubtless desires redress and Canada may fairly consider what she can offer. The President's message seems to call upon Canada to do herself what England, owing mainly to an unhappy choice of a Commissioner, failed to do for her. Her hands are free and she cannot do better than untie the knot which diplomacy has made tighter than ever."

MARRIED A CHINAMAN.

A Young Woman of Brooklyn Disgraces Her Family.

NEW YORK, September 5.—Brooklyn has come to the front for the second time with a twelve months with the announcement of the marriage of an accomplished American young lady to Americanized Chinaman. The circumstances both are very similar. The marriage a year ago was between Bu Sing, a Chinese missionary, and a wealthy middle aged lady residing on the hill. The parties to the present alliance are Thomas Bowe, Chinese name unknown, and Miss Annie Tuttle, who resides with her sister and their widowed mother at 263 Gates avenue.

Eight years ago Tom came to Brooklyn, and after a few days sight-seeing opened a laundry on Smith street. He prospered and saved money rapidly. Then he began to turn his thoughts in the direction of what had always been a hobby with him—religion. He devoted himself to the study of the English language, and after he was able to make himself understood he joined the Chinese Mission on Atlantic avenue. Two years ago the young man applied for membership in the Moravian Church on Jay street, near Myrtle avenue, of which Rev. Dr. Edward Wolfe is pastor.

Bowe's influence among the heathen brethren grew, and he became quite a power in the church. He gave up his laundry and became a missionary. At Sunday-school he met Miss Annie Tuttle. This young lady took a great interest in the proselyte and the story goes that after young Bowe joined the school she was a good deal more regular in her attendance.

Miss Tuttle is a member of a well connected and wealthy Brooklyn family. Her father has been dead for some years and the young lady has been provided with every luxury and comfort. Mrs. Tuttle was finally informed of her daughter's infatuation, and there was a scene. The mother pleaded, sister implored, but all in vain. Miss Annie turned a deaf ear to their entreaties and said she would marry the Chinaman in spite of all. Miss Tuttle is 28 years old, about the same age as her Mongolian lover.

Happiness and Contentment.

Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by Foshay & Mason.

Reward.

If you would be cured of that disgusting disease catarrh, use California Catarrh Cure, \$1.50 by mail \$1.75. Sold and warranted by Foshay & Mason.

Well Boring.

E. B. Davidson has sent for a machine for boring wells, and in a few days will be ready to bore wells anywhere in the city, from two to fourteen inches in diameter, any depth.

Indications Point to a Yield of About 85,000 Bales.

SAN FRANCISCO, Sept. 4.—All indications point to the crop for the Pacific Coast of about 85,000 bales, of which it is safe to state that about 20,000 bales have been contracted at a price ranging from \$ to 15 cents. Indications at the outset looked decidedly unpromising for growers, and early contracts were made so as to protect growers in the expense of raising and harvesting their hops. Since then bad weather in England has reduced English crop offerings. There is, consequently, some prospect for American exports, and hence a firmer feeling has been created in this country.

THREE LABORERS KILLED.

They Step From One Truck to Their Death on Another.

HAMMOND, Ind., Sept. 4.—The east bound Chicago and Atlantic fast freight struck and instantly killed three laborers near the State line last night. The men had been working upon the other track, from which they stepped to the one on which the freight was running to avoid a passenger train that was thundering toward them. Their backs were turned to the freight and the noise the passenger train made prevented them from hearing its approach until it was too late to get out of the way.

FOR THE CHAMPIONSHIP.

Footrace to be Run Sunday With Six to Eight Contestants.

A footrace, which will bring together to Portland several sprinters of note is announced to occur at Portland next Sunday. The alleged contestants include six names, Ben Hirsch, L. Holden of East Portland, W. J. Fletcher, "champion of Canada," J. W. Eoff, "champion of the Waldo Hills," Wm. Spangle, whom Cameron defeated at Riverside, August 19, and Bill Kendrick, of Casey, Illinois, now trainer of Hirsch.

Mr. Hirsch said: "I think this race is a sure go. All the six men have put up a forfeit of \$10 with McCoy, and we expect that Cameron and Dave Campbell will also enter. The stake is \$50 each, and entries close Saturday night at 5 o'clock. Each contestant picks a man for judge, and these judges select one referee."

"Two men will run at a time, and Sheffield rules will govern. That is, all starts are made by pistol shot, and if a man starts before the shot is fired he loses three feet on the start. Three such false starts rule him off the track and forfeit his stake."

Eye, Ear and Deformities.

Dr. J. W. Culbertson, principal physician and surgeon of the central surgical infirmary of Indianapolis, Ind., will visit professionally, Albany, at the principle hotel Tuesday and Wednesday, Sept. 11 and 12; Eugene, Sept. 13 and 14; Salem, Sept. 8, 9 and 10. All afflicted with any disease of the eye or ear, catarrh, cross eyes, club foot, spinal curvature, Piles, rupture or chronic diseases, etc., can consult him free of charge. Artificial eyes inserted. Remember the dates.

Self-protection is the first law of nature. Follow it by securing an accident policy of Burkhardt & Keeney.
