GENERAL NEWS.

The G. A. R. Men in Procession at Columbus, Ohio.

AN ENTHUSIASTIC ASSEMBLAGE.

Express Train Stopped by Ebbets-Hill

Likely to be Renominated for Governor of New York Without Delay.

IN NEW YORK.

Hill to be Re-nominated for Governor Without Delay.

THE MAINE ELECTION.

A Sweeping Republican Victory—Manly's Speech.

REPUBLICAN GAINS.

Portland (Me.), Sept. 11.—The returns show that the republicans have probably gained four senators. This makes the senate unanimous, unless one or possibly both the democratic nominees in Knox county escape the general slaughter.

Madrid, Sept. 11.—The rivers Xemet, Guadalejo and Granada have overflowed their banks, causing great destruction. Villages were destroyed and bridges swept away. People have become panic-stricken and taken refuge in the mountains. Many were drowned. Twelve corpses have already been recovered.

Bory Abandoned.

New York, Sept. 11.—The dory "Dark Secret," which started on a voyage from Boston to Queenstown some weeks ago, was abandoned at sea by Capt. Anderson, who arrived here this morning in the Norwegian bark "Nora."

Train Stopped by Masked Men.

Prescott, (A. T.), Sept. 11.—The west bound express train was stopped by three masked men at Parker's Mill last night. They did not get anything. A reward of \$1500 is offered for their capture and Wells Fargo will increase the amount.

The Prize Ring

New York, Sept. 11.—There was a hotly contested fight at Jay Chester this morning between Jack Grace and Jack Delancy. Grace had the worst of it and in the sixth round was knocked out with a split nose, both eyes closed and two teeth knocked out.

Yellow Fever.

Jacksonville, Sept. 11.—The official bulletin of yesterday reports only thirty-two new cases of yellow fever for the twenty-four hours that ended at 6 p. m. Total cases to date, 636. Total deaths, 79. Some regard the reduction of new cases as the effects of the storm, but the physicians see no reason to hope for any abatement of the disease on that account. There is still a great want of physicians and nurses.

California Cat-R-Cure.

The only guaranteed cure for catarrh, cold in the head, hay fever, rose cold, catarrhal deafness and sore eyes. Red ore the sense of taste and unpleasant breath, resulting from catarrh. Easy and pleasant to use. Follow directions and a cure is warranted. Sold by all druggists. Send for a circular to Abie Medical Company, Oroville, Cal. Six months' treatment for \$1; sent by mail, \$1.10. For sale by Fohay & Mason.

AT WASHINGTON.

Culliom and Morrow on the Chinese Treaty.

BLOODTHIRSTY KILGORE'S IRE.

Military Committee on Pension—Substitute for the Mills Bill—Letter Postage at One Cent Per Ounce.

Special Correspondence.

Senator Culliom, speaking of the unofficial news which has been received here of the rejection of the Chinese treaty by the Chinese government, said: "Another Grover's treaty has gone to grass. It seems to be having bad luck." Representative Morrow, of California, speaking on the same subject said: "If the news of the rejection of the treaty shall be confirmed, the California members will ask Congress to pass a bill requiring the President to give six months' notice to the Chinese government that hereafter no Chinese except diplomatic, consular, and other officers of the Chinese government will be allowed to enter the United States." The general opinion among Congressmen seems to be that it is English influence which has caused the rejection of the treaty. It has been quite a while since we had a professional "bully" in Congress, but the present session has produced one of the worst kind; his name is Kilgore—quite a bloodthirsty cogue—one and a member of the House from a Texas District. His pet aversion is legislation that is for the benefit of ex-Union Soldiers or their widows. He recently attempted to get up a personal difficulty with Representative Spinoza, of New York, a man who is old enough to be his father. On Saturday he further distinguished himself by objecting to allow a day to be set to vote on the bill to grant Mrs. General Sheridan a pension, stating that his purpose in objecting was to defeat the bill. Some of his Democratic colleagues tried to remonstrate with him, but it was no use, and he angrily said that he was responsible to his constituents for his actions, and if a member wanted to make a personal matter of it, he could do so whenever he saw proper. Fine language, that, to be used on the floor of the United States House of Representatives. Mr. Kilgore might make a very good Representative to a cow-boy convention, but he is evidently out of place among gentlemen.

Senator Manderson has reported favorably, from the Military committee, a bill introduced by Senator Sawyer to give to soldiers who served ninety days or more, and were discharged on account of disease contracted in the line of duty, the same bounty to which they would have been entitled if discharged for wounds.

The Republican senators in caucus have fully approved of the substitute for the Mills bill upon which the Republican members of the Senate Finance committee have been working for some time. It makes a reduction of 50 per cent. in the duty on sugar; lets the wool schedule remain as at present, except to add 1 cent. per pound to the duty on fine wool, and it leaves the lumber schedule just as it is. In accordance with the action of the caucus; Senator Allison has given notice to all parties who wish to be heard on the tariff that the hearings will close on the 8th inst.

Senator Dolph, from the Committee on Public Lands, has reported a bill declaring a forfeiture of all lands, except right of way and station grounds granted to the Northern Pacific Railroad Company, which appertain to those portions of the road which shall have been completed at the date of the passage of the act. The forfeiture lands are to be thrown open to settlement.

A bill has been introduced in the House by Representative Buchanan of New Jersey, to reduce letter postage to 1 cent an ounce. This bill may not pass at the present, but it has got to come, sooner or later, and the sooner the better.

Representative Gallinger, of New Hampshire, has made a strong minority report on the Government printing office investigation. He shows beyond question that Benedict is unfit to be public printer.

A bill to pension Mrs. Sheridan would have been passed by the House Friday evening if Representative Cheadle, of Indiana, had not objected. Mr. Cheadle will probably hear from some of his ex-soldier constituents.
