NOTINGS ABOUT TOWN.

Excursion to Yaquina to-day. Fleischer, of Portland, is in the city. The state university at Eugene opened Monday. Call and see the new millinery at E. & C. Howard's. The trains are now well patronized by people going to the fair. John Simpson, of Eugene, was in the city yesterday on his way to Salem. No meeting of the board of trade was held last night, no quorum being present. The Herald will shortly commence the publication of some excellent cartoons. J. W. Bentley has removed his boot and shoe shop next to Thompson & Overman's. New invoice of straw hats, suitable for school girls, at extremely low prices at E. & C. Howard's. Patronize home industry and try some of J. Joseph's Havana filled 5c. cigars, the first of his own manufacture. W. C. Tweedale has removed his tin and hardware store into his new brick. He now has elegant quarters. F. L. Kenton has just opened a new barrel of choice mixed pickles which will be retained in quantities to suit the purchaser. The prosecution of the Oregon Pacific railroad eastward towards the Cascades, is fast tending to the development of the country through which it passes. Near St. Helens, last Thursday, Geo. Archibald "thought it was a deer," shot and killed B. F. Neer, who leaves a wife and two children, one of them a confirmed cripple. Archibald is "sorry." United States Steamboat Inspectors Ferguson and McDermott passed through this city for Coos Bay, Siuslaw and Yaquina yesterday on a tour of inspection. They have twenty-three vessels on their list for inspection. A new line of carpets, clothing, boots and shoes is offered at A. B. McIlwain's at prices that cannot be undersold in the city. The superiority of their goods, together with the very low prices, make them very desirable. Call and see them. The Safe and Reliable Baking Powder at Conrad Myer's, is the most desirable powder ever offered to the public. Two elegant prizes, which the buyer can select from a large invoice of Chinaware, vases, etc., are given away with each can. French keeps railroad time.

RAILWAY COLLISION.

The Overland Train Dashes into the Freight at Shedd—No One Hurt.

As the north bound overland passenger train was nearing the depot at Shedd yesterday morning a few minutes after six o'clock it ran into the rear of a freight train standing on the main track. It was quite foggy, and the freight train could not be seen by the engineer, but just why the freight train should be standing on the main track is only explained by the statement that the overland train was a few minutes early. The engine of the overland train was knocked from the track, and was completely wrecked. The engine on the rear of the freight train was knocked into kindling wood, and nearly every freight car of the long train was more or less damaged. Fortunately no one was hurt, although the passengers were badly shaken up. The freight engine was attached to the passenger train which was taken on to Portland on regular time.

A Young Mother's suicide.

Monday afternoon, at her home near Canby, Clackamas county, and about two and a half miles from Anorora, Mrs. "Doc" Barlow shot herself in the head with a shotgun, inflicting instant death. The maiden name of Mrs. Barlow was Sarah Knight, and she was a daughter of Adam Knight, of Canby, and a niece of John Knight, of Salem. She was aged about 25, and left four little children, the youngest about five weeks old. The deed was committed in the presence of the little ones. It is not known that the suicide had any trouble of any kind, and the causes that led to the rash act are a mystery to her acquaintances. "Doc" Barlow, the husband, is a respectable farmer, and so far as known his relations with his wife were not such as to give any reason for the deed.

Fifth Annual Convention.

Lewis E. Lee, Wm. H. Cowan, A. W. Thompson and D. O. Woodworth expect to start to-day for Seattle as delegates to the annual convention of the Young Men's Christian Association, at which place the convention meets on the 23d, the two former going from the Albany collegiate institute. About twenty-five are expected from the associations of Portland, East Portland and the college branches of the Willamette valley. A conference of the general secretaries of Oregon, Washington and British Columbia will meet at Tacoma Wednesday, the 19th. Mr. C. S. Mason, state secretary of California, Mr. T. A. Harding, of Washington, D. C., and Mr. Noel Jacks, of San Francisco, will attend the convention as visitors.

The Injured Italians.

The Yaquina Post says: The two Italians who were injured by the recent blast on the Oregon Pacific, and who are now in the company's hospital at Yaquina City, are now on a sure road to recovery. Neither will lose his eye-sight as anticipated. When the doctor opened the eyelids of the one apparently made blind and he could see as well as any one, the poor fellow cried like a child, and could not offer to do enough for the doctor.

Illuminated by Electricity.

Oregon City is to be lighted by electricity within thirty days. The poles are all up and nicely painted. The dynamo which is to supply the electricity for the incandescent lamps is situated in the rear of the Imperial mill. It has been tested, and worked satisfactorily. The main streets and principal business houses will all be lighted, and Oregon City will be on a par with other places of importance in this respect.

Saughty Pugilists.

A Herald reporter was shown a dispatch last night from Salem arranging the preliminaries for a prize fight to occur in this city between C. Scott Stokes and a Salem amateur slugger. The match is to be fought with hard gloves for \$100 a side.

Agent C. G. Rawlings is now installed in the neat office built by the O. R. & N. Co. at their wharf at the foot of Broadalbin street.

HARRISBURG NOTES.

HARRISBURG, Sept. 17. Sociable at M. Fuller's Saturday night.

Our public school commences to-day. The buzz of Douglas' wood saw has commenced.

Refreshing rain shower Saturday evening, the 15th inst.

T. J. Andersen's mother, an aged lady of seventy, is reported quite sick.

Mrs. Isabel Hendee and children left for East Portland on Saturday last.

Mrs. Mollie Hyde is making preparations to return to her home in Grant county.

A large caravan of Indians passed through to town Sunday, bound for the hop yards.

M. Fuller left on Saturday morning's train to attend a K. of L. meeting at Oregon City.

Rev. Lewiston of the M. E. church preached his first sermon in the white church on Sunday, the 16th inst.

Harrisburg is a temperance town, but has a first-class private gambling den, where the young sports spend their idle time.

H. A. Davis' hop kiln is approaching completion. It is large and commodious, with two drying floors, being complete in every detail.

A few evenings since the freight train ran into a cow at the Smith street crossing, breaking her leg. This accident was due to the carelessness of the engineer, as no alarm was given.

J. M. Smith and son, lessees of the Alex. Wilson farm, nine miles east of Harrisburg, have this season harvested about 10,000 bushels of grain. Taking into consideration the fact that this place is looked upon as a stock farm, such a grain yield is doing pretty well.

Jas. Steele, of Portland, came up on last Friday evening with Mr. A. R. Norwood, who has for several years had leased the large stock farm belonging to Mr. Steele, but recently this large tract of land, lying about ten miles east of Harrisburg, has been disposed of to a joint stock company, Mr. S. retaining an interest. The company propose to improve and stock the farm under the management of Mr. Norwood, to whom goes a share of the profits.

Small-pox at McMinnville.

A demoralizing state of affairs exists at McMinnville over the spread of small-pox. A number of new cases have been reported, and the town is nearly depopulated. Dozens of families have left, many business houses are closed and the proprietors are taking a vacation. The greatest cares is being exercised to prevent a further spread. A pesthouse is built out of town, the three patients have been placed therein, and exposed parties are kept under strict surveillance.

The Money is There.

The Democrat says that Messrs. Curran & Monteith have backed down in their offer to wager \$1000 on Harrison. Mr. Monteith states that this is wholly incorrect, as the \$1000 in cold hard cash remains in their safe awaiting any one who desires to cover it with the money, but it will not be put up against any such paper as Ike Hyman, of San Francisco, put up and afterwards drew down.

Hop Picking.

The light rain of Saturday and Sunday interfered somewhat with hop picking, but yesterday it had become sufficiently dry to enable work to be resumed, and the yards are all a scene of activity again. The price of hops is looking up a trifle and growers are hopeful.

Gold Prize Shirt.

The best white shirt in the market at W. F. Read's, and don't forget that he proposes to give away a fine gold watch with them. Call and investigate if you need a good shirt.

Just received at W. F. Read's a full line of ladies fine muslin underwear, also girls' white dresses and infants slips. Call and see them.

That exquisite line of satins in our show window will be on close this week. Have no excuse for not getting in on them. Montieith & Seitenbach.

COAST NOTES.

The idea of extending the West Side road to Junction City is being revived.

There is talk of another flouring mill for Klamath county soon, to be built at or near Keno.

Assessor Lewis reported an increase in Josephine county's taxable property for the year for 1888 of over \$100,000.

Jim Westfall, the Chinese contractor, has gone to San Francisco to secure 300 Chinese laborers to work on the Oregon Pacific.

President Stanley will have the Observer office, at Monmouth, modeled for a dining hall. It can be arranged so as to seat nearly 100 students.

Spuds are in the market in large quantities, at bottom prices. They can be bought readily at 30 cents per sack, and in many instances can be had at any price offered.

John M. Simpson, residing four miles south of Hillsboro, threshed 1300 bushels of New Zealand oats from 15 acres. One field of 52 acres averaged 70 bushels to the acre.—Independent.

A good sized watermelon sells readily in this market for 50 cents. No wonder some of our gardeners are opposed to the construction of a railroad through this country.—Prineville News.

The two fish canneries in this country will pay out this year, for labor, something near \$30,000, quite an item in itself and one we should look after and encourage that a reputation may be had year after year.—Tillamook Headlight.

The Southern Oregon Co.'s mill at Empire cut 78,760 feet of lumber one day lately, and did it easily. It must be remembered that only half of the mill is being run at present, and the result is more than satisfactory.—Coos Bay News.

Senator Dolph has been notified by the postmaster-general that a mail service twice a week from Fossil and Wagner to Monument will be put on October 1, and that the service be increased to six times a week from North Yam hills to Hoboken.

LEBANON DISPATCHES.

The New Telegraph Line in Operation—Death of Owen Ridgeway—News Notes Special to the Herald.

LEBANON, Sept. 18.—Lebanon feels more than proud of its connection with wire with the great active world. The stage and coach for years were the main dependence, and then came the railroad, but all were slow in comparison with the fishes on the wire. For some years strong talk was indulged in to open up communication, but the effort failed until our enterprising citizen, Geo. E. Harly, grasping the full scope of the want of quicker communication with the business world, took hold of the project and to-day the ready means are at hand to catch the stirring news of the outside world, and send our happenings and wants to every quarter. Long live the promoter of this enterprise, and as message after message is received and sent, may success attend the originator and owner.

DEATH OF A CITIZEN. Owen Ridgeway, a former resident of Lebanon, was buried here at the home of his birth yesterday. A large number attended the burial. He leaves a wife but no children.

HOP PICKING.

Hop picking is in full blast. Some difficulty exists as to pickers, but owners of yards feel satisfied that if the weather continues favorable the crop will be saved.

Trouble Among Shepherds.

The settlers on Upper Ochoco say that foreign sheep-owners have eaten all the grass on the ranges surrounding their places, and they are compelled to gather their stock and put them in fields to prevent their starving.

House Burned.

On Friday night, August 31st, the residence of S. S. Brown, of Willow Creek, was destroyed by fire with all its contents. Owing to the extreme warm weather the family were sleeping outdoors and they have no idea of the origin of the fire. All their household furniture except the bedding was consumed. The house was insured in the State, of Salem.—Ochoco Review.

n Explanation.

What is this "nervous trouble" with which so many are now afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfather called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions, finding it can not dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Mothers Read.

The proprietors of Santa Abie have authorized Fossy & Mason to refund your money, if after giving this California King of Cough Cures a fair trial as directed, it fails to give satisfaction for the cure of Cough, Croup, Whooping Cough and all Throat and Lung troubles. When the disease affects the head, and assumes the form of Catarrh, nothing is so effective as California Cat-R-Cure. These preparations are without equal as a household remedies.

Happiness and Contentment.

Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by Fossy & Mason.

Caution to Mothers.

Every mother is cautioned against giving her child laudanum or paragonic; it creates an unnatural craving for stimulants which kills the mind or the child. Acker's Baby Soother is specially prepared to benefit children and cure their pains. It is harmless and contains no opium or morphine. Sold by Fossy & Mason.
