GREAT EASTERN.

The Immense Ship to Be Broken to Pieces.

HER MANY GREAT MISFORTINES.

Expensive Experiment - An Eventful

Career. Pall Mall Gazette. After experiencing off the Isle of

adventures the Great Eastern has as it will be remembered, the Great been brought from the Clyde to Eastern the subject of one of not the Mersey, where, at Tranmere, least interesting among his armful the giant steamship is to beached of wonderful books for boys. and broken up. In tweive months it is promised, she will have been entirely taken to pieces. So ends the "strange, eventful history" of the mammoth creation of Brunel and Scott Russel. It is little exaggeration to say that to thousands of newspaper readers the information that the Great Eastern is to be cabinet, is the effect the signing of broken up has come home just a the Scott Chinese exclusion bill shut down, and ere the outside triffe sadiy. They have no pecuniary interest in shipping, and may are British subjects and living in yet buttonholing itself and spreadnever have gone "down to sea in ships;' they may never have seen the Great Eastern; but all the same the news of the end of her course and her impending destruction orings the shadows of regret.

The Great Eastern was certainly conceived under luckiess stars. With the exception of the short interval during which the great vessel was employed for the laying down of the Atlantic and other cables, her existence has been one long chapter of disaster, disappointment and general faiture. Scarceiy any example of modern ingen uity has become so completely or on so gigantic a scale, a money devouring white elephant, For in the Great Eastern, and divibardiy ever been heard.

It was a godsend to mammoth monstresity's owners when the Telegraph Construction and Maintenance Company wanted to lay a second cable between Ireland and America in place of the previously dollars, and the cargo at sixtylaid one. In July, 1865, the Great three thousand. The Arden Capie Eastern steamed out of Valentia; on August 2d cable suapped and on account of the strain imposed upon,:t and sank 200 tathoms down 1084 miles from Ireland, For a week, with a graphel and a fiveand all the available apparatus for Great Eastern returned to England icaving armost an i's 400 tons iantic. In July 1866, she set forth ober, \$10-71g December. again with a new caole and accompanied by three auxiliary steamers. On the 27th she reached New foundland, having succeeded in rejoining America and "the old \$1 02, for cash \$1 011, October country" by electric wire. This \$1 02%, November \$1 0412. Decgood work done, the Great East- ember \$1 0813. ero laid up at Heart's Content till the next summer, when, proceeding to mid Atlantic, she dredged for a little more than two weeks for the formerly lost cable, and had at length the luck, after many other slips, of fishing it up, Join ing the recovered end to the portion in her hold, the great vessel steamed back, and by September 8, 1266, had stretched her second cable from Ireland to Newfoundland.

the Great Eastern were again in the sad condition of having a gigantic steamer on their hands, which, as the lesser of two evils, they must pertorce maintain in idleness. In 1867 a party of speculators came to their rescue with a scheme of knives, orks and spoons at F M passenger carrying vessel, and employing her to convey visitors to from New York to Harve and back man's drug store. again. At great cost the transformation was effected, but the crowd speculators nor pay for the sailors or engineers was realized. In the or engineers was realized. In the evil tortunes of the Great Eastern

there was a break, when, in 1868, vessel over for further prosecution of the work in which she had been were once more removed and the tanks were again put in, and from 1869 till some what recent years the Great Eastern laid cables in the Atlantic, in the Mediterranean, started a £20,000 company at Liv only guaranteed cure for catarrh. erpool, and had the Great Eastern Clackamas and Yambill counties to OLDEST, LARGEST AND LEAST brought around in May, 1866, to thing out at Brink's.
