THE SMALLPOX SCARE.

Quarantine Measures Adopted by the People of Sheridan - Roberts on the Ground. Deputy U. S. Marshal W. W. Roberts, who returned from Grande Ronde Saturday, by the way of Sheridan, says the citizens of the latter place are on the alert for anybody who has been near McMinville.

"I went to Sheridan," said Mr. Roberts, "by the way of North Yamhill. When I got to the limits of Sheridan a man with a shotgun in his hands came out of the brush and commanded me to halt. I halted. Said he:

"What is yer from?" "Portland." "What way did yer come?" "By the North Yamhill route." "Have yer been within sight of McMinville or Amity?" "No sir."

"Have yer been there since two weeks ago?" "No sir." "Well, say, parden, whar did yer git them horses?" "At North Yamhill."

"Have they been at McMinville since two weeks ago?" "Not that I know of." "Ain't got smallpox?" "No."

"None of yer folks, either?" "Not one." "Whar yer goin' to?" "Sheridan." "Drink?" "Thanks!" "Git!"

GUARD AGAINST THE STRIKE.

And always have a bottle of Acker's English Remedy in the house. You cannot tell how soon Croup may strike your little one, or a cold or cough may fasten itself upon you.

STILL THEY COME.

A Chinaman was landed in San Francisco last week on the ground that he was a native of California. Here is the first loophole in the exclusion act. It may reasonably be feared that every Chinaman coming to this country will swear, and bring witnesses to testify, that he was born in California or some other state. Can it be possible that there are no means of ridding this country of the Chinese evil?

COMING.

The citizens of Albany and vicinity may expect a treat soon in the way of a lecture by Miss Myrtle A. Buzzell, popular missionary from China. Wherever she has gone throughout the state, she has met with the very best of success. Watch for date of lecture and do not fail to hear her.

FRUIT AT AUCTION.

California Dried Fruit to be Sold at Auction. Portland, Oct. 10. - John T. Cutting, general manager of the California Dried Fruit Association, is in the city for the purpose of arranging with dealers here for the sale of California dried fruits at auction, on the same plan as pursued this season with green fruits. He believes this movement will be successful. He intends to establish agencies in New York and Boston also.

DR. WATTS' EASTERN TRIP.

A letter received from Dr. J. W. Watts, who is delivering political speeches in the East shows that the people there want to hear from Oregon. He has spoken three times in New York city, and has appointments through the North-western part of the state. His last speech was attended by 5000 people and many more could not obtain admittance to the hall. A choir of 500 singers and two brass bands furnished music for the occasion. His entire time will be occupied in New York, New Jersey and Indiana.

THE BATTLE CREEK FAIR.

The Salem Statesman says: A big country fair was held, under the auspices of the local grange, at Battle Creek last Thursday, Friday and Saturday, concluding Saturday night with a ball, which was enjoyable in every respect. There was a large exhibit of fruits and vegetables and a creditable display of horses and cattle. Music was furnished by the Molalla brass band. The fair was well attended, and Saturday 2000 people were present.

AN EXPLANATION.

What is this "nervous trouble" with which so many are now afflicted? If you will remember a few years ago the word Malaria was comparatively unknown - today it is as common as any word in the English language. This word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are included to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a disordered condition of the liver which in performing its duties finds it difficult to dispose of the bile through the ordinary channels is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Nervousness, and all are caused by troubles that arise from a disordered condition of the liver which in performing its duties finds it difficult to dispose of the bile through the ordinary channels is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Nervousness, and all are caused by troubles that arise from a disordered condition of the liver which in
