GENERAL NEWS.

Four Chinese Refused Entrance Into the U. S.

THE CAR DRIVERS STRIKE.

The Chicago Strikers are Rather Roughly Haaled—A \$250,000 Fire in Glasgow—Old World Notes.

The Herald's Special Dispatches.
NIAGARA FALLS, (N. Y.), Oct. 15.—Four Chinamen continue to be boarders of the Grand Trunk railway. The Grand Trunk authorities have done everything in their power to get them across the frontier, even communicating with the authorities at Washington. Each time a reply came that they cannot be allowed to enter this country. The Chinamen have now sent a communication to the Chinese ambassador at Washington. No doubt the matter will become a national question between China and the United States and possibly between Canada and the United States. The feeling here is that object to Canada being made the dumping ground for the Chinese pauper population of the United States, they being made paupers by the authorities not allowing them to return to their places of business and work.

ATTACKED BY A MOB.

Chicago 4. Car Drivers Roughly Haaled.

Chicago, Oct. 15.—Some of the new drivers on the street cars, who remained in service on the north side road, were attacked and beaten by a mob this morning. The police drove them away before any serious damage was done.

TO STUDY YELLOW FEVER.

A Doctor Sent by the French Government to Make Investigations.

GLASGOW, Oct. 15.—Among the arrivals to-day on the steamer City of Columbia was Dr. Paul Gavier, who is to study yellow fever disease for the French government.

IMPORTANT DECISION.

Fancy Trunks When Imported Must Be Taxed 100 Per Cent.

WASHINGTON, Oct. 15.—The treasury department has decided that when articles imported for the holiday trade are brought in elaborate coverings suitable and designed for other uses than coverings they should be taxed 100 per cent.

A CONSPIRACY DISCOVERED.

Forty Men Arrested and Eleven Others Shot.

LONDON, Oct. 15.—Advices from Java state that a conspiracy against the Dutch residents has been discovered at Madiso. Forty-two of the ring leaders were arrested. Eleven others who refused to surrender were shot.

Killed by Natives.

ZANZIBAR, Oct. 15.—The story that the three sailors who deserted from the German gunboat Marblehead had been returned by the natives is unfounded. The men were killed by natives and the bodies badly mutilated through fetishism.

French Politics.

PARIS, Oct. 15.—The chamber of deputies reassembled to-day. Gen. Boulanger was present, but there was no demonstration made. Floquet, the prime minister, introduced a bill for the revision of celebrating, which was followed by applause.

A Big Fire.

GLASGOW, Oct. 15.—A block of buildings adjoining Buchanan street was destroyed by fire yesterday and collapsed this morning. Loss, \$250,000.

Adjournment of Congress.

WASHINGTON, Oct. 15.—Oates of Alabama, offered a resolution for the final adjournment of congress on the 18th inst., which was laid over until to-morrow.

Notice to Debtors.

All persons knowing themselves indebted to E. & C. Howard are requested to come forward and settle at once.

As a sample of how it goes with the farmers and the transportation companies, we clip the following item from the Oregonian: A farmer at Hood river shipped sixty sacks of potatoes weighing about 100 pounds each to this city a few days ago. The potatoes sold here for forty cents per hundred pounds, the top price. The freight was thirty cents per hundred, the drayage two cents and commission two cents, which with six cents for the sacks, consumed the entire proceeds of the sale leaving the farmer not a cent for his seed, the labor of planting, cultivating, harvesting and shipping which, as any one knows who has hoed, dug and matted. This is no trifling matter. This is not right, and whether the wrong is in the railway company charging \$18 per ton for freight, or in the potatoes bringing such a low price is what is puzzling the poor farmer. It is pretty tough to work all summer and after sending one's crop to market not get a cent for it and have no potatoes either.

A BIG POLITICAL ROW.

Bill Watkins, "Amfayit's" Himself Out of a Job.

SALEM, Oct. 13.—Bill Watkins, ex-chief of Police of Portland, an ex-democratic politician, who has been officiating as fence guard at the penitentiary for the last three months, was this morning summarily discharged by Superintendent Downing it having been ascertained by him that Watkins had yesterday submitted to the grand jury of the circuit court then in session, a series of charges in writing, of mismanagement by Downing of affairs at the penitentiary. A sample of these accusations was that the superintendent had charged the state at the rate of \$1 per week for the board of Mrs. Downing, wife of the superintendent, at the penitentiary. The charges were so utterly baseless that the grand jury paid no attention to them.

That afternoon Downing met Watkins on the street and asked him why he submitted such charges to the grand jury. Watkins defied Downing to find a scratch of a pen that he had written, or even dictated, making any sort of accusation against the superintendent, and declared that that functionary's informants were either utterly mistaken or had maliciously lied when they stated that he had. Further words ensued until Watkins accused Downing of having partaken a little too freely of the cup that cheers and also intoxicated. Whereupon Downing informed Watkins that he was a d-d liar and Bill rejoined in equally select language. The two were about to pay their respects to each other when Marshal Ross seized Watkins and the crowd took Downing away.

The anger of the redoubtable Bill was hardly to be cooled even by the strong arm of the law for he insisted in strong terms that he had been breaking no statute and defied the officer to arrest him, which was done so promptly that he knew exactly how it all happened. There he remained for an hour or more when he was released, two good democrats having given bonds for his appearance at his trial Monday morning.

The affair created considerable stir amongst the democrats and the outcome is awaited by them with anxiety.

HENRY VILLARD'S MILLIONS.

He Says That the Northwest Will Have 20,000,000 People in 20 Years.

Henry Villard, when in St. Paul recently, was tendered a banquet, at which he made a few remarks which have reference to Oregon and Washington. The Pioneer Press quotes him as follows:

"I shall use all the energy in me in assuming the work I was obliged to drop five years ago—of doing my share in developing the resources of the Northwest."

"Mr. Smalley has made reference to the capital I have been instrumental in introducing in the Northwest and to the capital he expects me to introduce in the future. He has understated the amount of capital I have thus far invested. I speak of the Northwest as the territory extending from St. Paul to the Pacific coast. From 1870 to 1883 I invested nearly \$150,000,000.

"I hope he has also understood the amount I will invest hereafter.

"I presume most of you will remember the fact that at the opening of the Northern Pacific railroad I took occasion to invite a number of people from my native country—scientists, literary people, moneyed men and others.

"That opening excursion cost lots of money. No other act cost me so many reproaches as that excursion. But the outcome has forced the complainers to admit that it was one of the best cards I ever played; because the means of my resurrection were all derived from Germany, and the impressions my German guests received were the real grounds upon which I was enabled to receive money from that source.

"As you know, I went abroad in 1884 and remained in Germany. I labored hard to establish credit for the Northern Pacific and allied enterprises, and I succeeded beyond expectation. Just before my departure from Europe, the Deutsche bank, the head of the syndicate I represent brought out \$5,000,000 of first and second mortgage bonds. The sale was announced to last for three days. On the first day more than \$48,000,000 were subscribed. It is necessary to be excessively cautious. I don't mean to make any hard investment for my foreign friends.

"One of the rules I shall strictly adhere to is not to invest in any enterprise I am not identified with. This limitation secures to the Northwest the exclusive use and benefit of all the capital I can command. I propose to use the capital for the benefit of the Northwest.

"I do not hesitate to state that in six years Montana will be ahead of Colorado in population and growth of every kind. In even greater degree I believe in the growth of Washington territory and Oregon. Within twenty years I believe there will be 20,000,000 of people in these two states. There is every reason to justify this statement. Not one acre in twenty of tillable soil is developed. No man can conceive the future growth of the mineral resources.

"Considering the marvelous development here on the banks of the Mississippi, what may we expect for the Western country? I hope we may all live to see the development we have predicted.

COAST NEWS.

An Old Miser Found Dead Near Salem.

CHINESE ACT CONSTITUTIONAL.

A Important Decision Rendered by Judge Sawyer in San Francisco—Other Coast Notes.

The Herald's Special Dispatches.
SALEM, Oct. 15.—Uncle Johnny Hughes, for years a well known character about Salem, was yesterday afternoon found dead in the doorway of his little house near Salem. Johnny was a tall bachelor and had always lived alone. He was very miserly and lived in the midst of most dire squalor and filth. He was seen moving about his house in the morning. He was afflicted with a filthy ailment and was worn to a mere skeleton. This doubtless caused his death.

AN IMPORTANT DECISION.

SAN FRANCISCO, Oct. 15.—A decision was rendered by Judge Sawyer in the U. S. court to-day upon the rescinded Chinese exclusion act. The court affirms the constitutionality of the act, and holds that all the Chinese now in the harbor, as well as those on the way here from China, must be sent back to their own country. Judge Sawyer announced the decision, verbally stating that he would not be able to produce a corrected copy of the decision until this afternoon. Notice was given by the attorneys that the cases would be appealed to the U. S. supreme court. Judge Lawler allowed ten days for preparing appeal papers.

THE BILL WATKINS CASE.

SALEM, Oct. 15.—Bill Watkins, who was discharged from the penitentiary of guard at the penitentiary by Superintendent Downing, was to-day fined \$12.50 for an assault on the latter.

WAGON ROAD CO. INCORPORATED.

SALEM, Oct. 15.—Articles were filed with the secretary of state to-day, incorporating the John Day road company, with the principal office at Antelope, Wasco county, with a capital stock of \$3,000, divided into thirty equal shares. The object of the corporation is to build and maintain a toll road in Crook county. The incorporators are A. Schmecker, Geo. M. Warren, Schmecker.

CRAZED THROUGH FEAR.

SALEM, Oct. 15.—Ella M. Chambers was brought up to-day from Grants Pass and committed to the asylum. She had been at Grants Pass two days, having come in there from Vallejo, Cal. She is afraid some one is after her to kill her and sought the protection of the officers, who cared for her and found her insane. She is a Catholic and had a ticket through to Portland, where she says she has friends.

MacKenzie's Book Seized.

BERLIN, Oct. 15.—The police are seizing all copies of Dr. MacKenzie's book wherever found.

DESPERADOES SHOT.

Tratt's Robbers Brought Down With a Winchester.

RAPID CITY (D. T.) October 15.—An unsuccessful attempt was made to rob the pay car on the Black Hills and Fort Pierre Railroad near Lead City to-day. As the train was rounding a curve into Reno Gulch the engine plunged into a gap in the track made by the removal of two rails. The train had scarcely been ditched when three masked men assailed the pay car. Paymaster W. A. Reemer opened fire on the robbers with a Winchester, with telling effect.

The robbers soon saw their plan to plunder the car was futile, and attempted to escape. Two were shot, but the third got away. One of the robbers, named John Wilson, was captured and is in the Deadwood jail. He is so badly wounded that he cannot live. Another, named John Clark, is supposed to have died in the woods from the effects of his wounds, as Wilson says Clark was seriously wounded. The third robber, named Johnson, escaped, and is beyond pursuit. None of the railroad men were injured.

CHINESE EXCLUSION.

An Effort Will be Made to Have Canada and Mexico Co-operate.

SAN FRANCISCO, Oct. 14. Congressman W. W. Morrow of this city arrived from Washington to-day, speaking of the Chinese exclusion bill he said: "There was some talk before I left Washington of introducing a bill requesting the president to enter into negotiations with Canada and Mexico with a view of getting those countries to adopt Chinese exclusion laws. Such a bill will doubtless be introduced in congress next session. It adopted there will be no necessity to guard these frontiers. I think it likely such negotiations will be successful. Although Mexico has been encouraging Chinese cheap labor, I think the Mexican government can be induced to favor the United States so far as to exclude Chinese. The Canadian house of commons, at its last session did not appear much opposed to Chinese, but I think it will also cooperate with this country. Until that is done the United States will have to be guarded at every point.
