A Tunnel Caves in Upon an Express Train.
DAKOTA FARMERS STARVE.
Sickening 8 men of Death from a Steam-boat Explosion—Eastern News Items.

The Herald's Special Dispatches.
NEW YORK, Oct. 17.—A dispatch from a Newburg, N. Y., says that while the north bound fast express on the west shore was passing through a tunnel half a mile west of West Point, the whole structure, which was undergoing repairs, suddenly collapsed. The baggage and express cars were totally wrecked by the shower of boulders. The baggage master and express messenger were seriously injured.

JUDGE THURMAN.
He Attends a Big Democratic Demonstration at Fort Wayne.

FORT WAYNE, Oct. 17.—The day of the big democratic barbecue was clear and bright. The people of the city and surrounding country thronged the streets since early this morning and the trains brought in thousands. At breakfast Judge Thurman appeared and thousands availed themselves of the opportunity of shaking him by the hand. Besides Judge Thurman prominent visitors and citizens in carriages formed in procession, including veterans, soldiers, railroad men, visiting clubs, Fort Wayne democratic organizations, citizens on foot, hunters, and shooting clubs, butchers' carts and wagons. The procession formed at noon, and after marching through the streets, went to Haulon fields where the speaker's stand had been erected.

BIG WHEAT STEAL.

MINNEAPOLIS, Oct. 17.—In the wheat steal case in court to-day, the whole story came out for the first time. Thirty to forty tons and but one of wheat were stolen from the elevator. It is alleged that D. C. Mook & Co, who recently failed, were the principals and W. G. Harley, book keeper, and Charles Malone, foreman of the elevator, are named as accessories. The cars were overloaded on the elevators and delivered to the firm. More disclosures and arrests are expected.

DISASTROUS EXPLOSION.

Dead Bodies Dismembered and Scattered about in Shocking Confusion.
CHICAGO, Oct. 17.—The force of an explosion of petroleum yesterday on board the steamer, D. A. Collins, from Philadelphia, tore off the deck and partly carried away the sides, but only the forward portion sank. A fire is raging fiercely in the portion above the water. The other ships lying in the vicinity are much damaged by the explosion. It is feared that the loss of life is great. Portions of a dozen dead bodies have been found lying on the quay. Arms, legs and hands are scattered about in shocking confusion.

FARMERS IN DISTRESS.

Failure of Crops in Dakota Results in Want and Starvation.
MINNEAPOLIS, Oct. 17.—M. J. Harpman of this city, who has been investigating the condition of the farmers in Ramsey county, Dakota, who were reported to be starving to death, returned last night. He says that seventy families are absolutely destitute of food and fuel, and something must be done immediately. The condition of the people is beyond description, men, women and children are in rags and have not a cent of money in the world. Their crops were totally destroyed by frost in August, and their land, stock and farming implements are mortgaged. Absolutely distress prevails everywhere. They will be given aid at once.

INDIAN SMUGGLERS.

Six Red Men Arrested for Smuggling Goods from the Sound.
VICTORIA, B. C., Oct. 17.—Six Indian canoes were seized to-day for smuggling goods from the sound, where they are hop-picking. They will be released upon payment of \$100.

THE DEADLY PISTOL.

A Spanish Consul at Quebec Accidentally Shoots Himself.

Still in Durance File.

BERLIN, Oct. 17.—The supreme court refuses to release Prof. Gefken, who is under arrest for furnishing the Deutsch Reichsbank with extracts from Emperor Frederick's diary.

COMMERCIAL TRAVELERS.

They Will Hold a Great Meeting at Indianapolis.
INDIANAPOLIS, October 17.—The secretary of the Commercial Traveler's Club has issued a circular to the effect that the commercial travelers have arranged to assemble in mass convention at Indianapolis on the 20 inst. in the interest of protection to American industries. The indications are that it will be the largest meeting of the kind ever held in this country, the circular claiming that every article produced and manufactured in the United States will be represented. Responses have been received from Chicago, St. Louis, Cincinnati, Cleveland and other cities, showing that the greatest interest is being taken in the matter, and that all traveling men, irrespective of party affiliations are arranging to spend that day in Indianapolis, which is to be known as "Drummers' Day." The programme is to meet in convention and organize resolutions, which they will pay their respects to General Harrison.

A FATAL WALTZ.

Mrs. Mary Neumann, a Bride, Drops Dead at a Dance.
SAN FRANCISCO, October 17.—The dance given at Saratoga Hall last night by one of the local German societies met with an interruption that dampened the ardor of festivities. While engaged in a waltz about 9 o'clock, Mrs. Mary Neumann, a bride of but one day, dropped to the floor and expired instantly from heart disease. She was picked up and carried to an adjoining room, and soon after the body was taken in charge by undertakers, who conveyed it to their rooms. Mrs. Neumann, who was married Saturday, was 28 years old. She lived near the corner of Coole and Carlo streets, and had been subject to heart disease for years past. Her brother and husband, who were at the ball, are nearly distracted by grief.

MAYOR HEWITT.

Under No Circumstances Will Vote for Cleveland.
NEW YORK, October 17.—George H. Forster, Tammany's candidate for president of the Board of Aldermen, created a sensation among politicians last night by declaring that Mayor Hewitt had assured him that under no circumstances would he vote for Grover Cleveland. The speech was made when committee waited upon him and notified him of his nomination. He tickled the sachems much, and they will use it for all its worth to flay Father Abram. The committee also notified Hugh Grant of his nomination for Mayor. He accepted in a speech severely criticizing Mayor Hewitt for calling him a Know-Nothing.

A POLITICAL MURDER.

Assassination of a Colored Republican Candidate.
HEMPSTEAD, (Tex.) October 17.—Lewis McDade (colored), Republican candidate for Cotton-weigher was shot and killed from an ambush last night. No particulars of the assassination can be obtained.

The Pestiferous Fly.

Mr. Minto says he has seen in the press the fly that annoys the stock is supposed to have come by the Southern Pacific railroad. This is not what has been intimated in the Oregonian, for it has alluded to it as brought here from Eastern Oregon, and brought here from the other side of the Rocky mountains. Mr. Minto told the story of his sheep before several who understood that this small fly attacked them causing sores that were then infested by the blow fly, and they died from the combined effect. The conversation was concerning this fly and he gave his experience as in connection with them.

It may be that this fly has had a favorable season this year and done uncommon harm. It has been a rather warmer summer than common, but a lady from Kansas says they enter the house there in very warm weather. How to guard stock against them will be an important question if they continue to grow worse, as they have done of late. Any one who can give some way of prevention that can be made available for common use will confer a favor that the public who are interested will appreciate. To say nothing of the actual losses the distress they cause animals appeals to the best feelings of humanity. Those who own good stock do not like to know it suffers in such a way.

BROWNSVILLE NOTES.

Mr. Fred Anderson is still very low with the fever.
Mr. John Souger, our baker, has just returned from a short visit to Tacoma on business.
Mr. James Simons is building quite a fine house here, and will soon have it ready to move into.
Quite a number of our people have gone to the Mechanics' fair at Portland.
Mrs. Ida Foust and family, from Heppner, are spending a few days visiting her numerous relatives here.
Messrs. Waters & Morlock are shipping out lots of flour the past two weeks, both by wagon and railway.
Several hands have been laid off from the woolen mills here the past ten days, as business is getting dull.
This fall the merchants are getting in lots of goods, and notwithstanding it is election year business is good.
Mr. John Moore has purchased William A. Cox's, house here and moved into it from his farm up near Harrisburg.
Dr. W. H. Rowland, a former resident of this place but now hailing from Ogden, Utah, is here visiting relatives and friends.
Messrs. Curl and Persifal have just returned from a four days' hunt and got one deer. They report game very scarce.
Miss Hattie Long, teacher of the primary department of the North Brownsville school, is sick with fever, so there will probably be no school this week.
The great topic of interest here the past week has been the news of the marriage in Princeton lately of Miss Carrie Bowles and Albert Masterson, both formerly of this place.
On the 18th we will have a political discussion here by Messrs. McLean and Shipworth, and as we have had no political speaking here yet, we look for a large attendance.
Mr. Wm. Stevenson was hurt by a stick of heavy timber striking him while at work with the bridge builders on the narrow gauge road, making the third man injured since work commenced.
Several strangers have moved into our town of late, and one family that of Mr. T. W. Swearingen, a cousin of Mr. N. B. Standish, have come from Kansas to cast their lot with us, and report several families to follow.
Mr. W. R. Kirk bought Mr. Joseph White's hops the past week also a small lot from the Kings Bros., above here, paying them something over \$2700, or at the rate of 18 cents per pound. The Templeton Bros. have not sold their crops yet, and are busy baling. They have a big lot of prime hops on hand.
The trains on the narrow gauge road are getting in later every week, and if this state of affairs keeps on it is only a question of time, and not very long one either, when it will be daylight before they arrive here from Portland, and the complaints concerning our mail matter are not only loud but deep. There is already serious talk of getting our mails to come via Halsey, as of old, so we could get letters the same day they left Portland, instead of having to wait till the second day, as we do now. For the past month we have never had a mail here the same day it left Portland, and it has become monotonous at last.—Oregonian.

Norman Family Gin Mill's.

There is one feature about Mormonism in Salt Lake that might furnish food for ethnological study. Every Mormon saloon has a "family entrance," which has more woman patrons in the course of a week than any one of the ward meetings on Sunday. At times it seems as though there was a steady stream of women and girls going in there for their daily gin and revelation. Sometimes a woman hesitates about going inside, so the barkeeper kindly brings out to her whatever she may want. The amount of liquor carted off home from these resorts of Holiness to the Lord is astonishing, and all that Apostles Grant and Taylor can do does not seem to lessen the evil. If the saintly custom is allowed to grow the "family entrance" may become an open gin place, where both sexes crowd together for the stuff at all hours of the day and night.
Truly we are a peculiar people.
