## ADJOURNMENT.

Congress Finally Adopts an Adjournment Resolution.

AND WILL ADJOURN TO-MORROW.

One of the Longest and Most Tedious Sessions Held in the History of the Country.

Special to the HERALD.

FIRST BULLETIN.

WASHINGTON, Oct. 18.—An announcement that the senate had passed an adjournment resolution was made to the house at 1 o'clock, and was greeted with applause by the handful of members present.

SECOND BULLETIN.

Senator Allison says that he will to-day offer a resolution for adjournment on Saturday as a substitute for his recess resolution of yesterday.

THIRD BULLETIN.

In the senate to-day Senator Brown offered a resolution for the final adjournment on Saturday as a substitute for Allison's recess resolution, and it was adopted. The house has concurred in the senate adjournment resolution, and congress will adjourn on Saturday next, Oct. 20.

The present session of congress has dragged its weary length over a period unprecedented in the history of the country, and it will be a relief to know that the final adjournment is to occur with the close of the present week. The legislation accomplished by the session has been important, but the extreme length of the session has been so tedious that frequently no quorum has been present in the house during the past few weeks.

**A SOMEWHAT ABBY PROPOSITION.**

Three English Capitalists Expect to Sell Lumber in this Market.

Mr. William Masters, the well-known pioneer of Portland very recently returned from a trip East. Mr. Masters came by the way of the Canadian Pacific and in speaking to a reporter of his trip said: "On my return to Oregon it so happened I was contiguous (in the sleeping car) to three English capitalists who had been extensive lumbermen in Canada. They being the owners of vast tracts of timber land on the Gulf of Georgia and Fraser river in British Columbia, were going to that country to erect vast lumber mills. These facts I learned from them, and when informed I lived in Portland, Oregon, and had been on the Pacific coast for thirty-six years, they became quite communicative. "They said their mills would have a capacity to cut 2,000,000 feet in twenty-four hours. I then inquired where they expected to find markets for the lumber output. The reply was, in California, Oregon and Washington territory. "I replied that Oregon and Washington have vast forests of fine timber; perhaps as fine and easily marketed as yours, and you will have a tariff to pay on your lumber. This will make it difficult to compete with our lumbermen. "In reply to this, the Englishman said, the tariff will soon be taken off lumber, and the states are about to exclude Chinamen. We admit them. They will crowd our country. We will put them into our forests, get our logs cut very cheap, our lumber handled, our ships freighted at little cost by Chinamen. And we will sell our lumber in your markets at such prices that your lumbermen cannot compete with us and pay American wages. And then added, you can see that in a short time we will supply all your markets with lumber at lower prices than your lumbermen can possibly furnish it. Since said conversation one of said Englishmen was in Portland."—Oregonian.

**DISCOVERIES MORE VALUABLE THAN GOLD.**

Are Santa Abie, the California discovery for Consumption and diseases of the throat, Chest and Lungs, and California Cat-R-Cure, the only guaranteed cure for Catarrh, Cold in the Head and kindred complaints. They are sold at \$1 per package, or three for \$2.50, and are recommended and used by the leading physicians of the Pacific Coast. No secret compounds. Guaranteed by Foshay & Mason.

**Directions for Making Good Coffee.**

Use no old grounds. Have your coffee ground fine and then secure the full strength of the same. For each person use one tablespoonful of coffee and put in one tablespoonful extra. First place this in the coffee pot, then pour on boiling water and allow it to stand five minutes before serving. In serving same it is well to use a small strainer. The best coffee to use is Chase & Sanborn's Standard Mocha and Java or Schilling & Co's fancy Java, both for sale at F. L. Kenton's. He keeps a good assortment of roast coffee, also a good assortment of fine tea, to which he invites the attention of the public.

**GENERAL NEWS.**

Remarkably Quick Passage Across the Atlantic.

**IRISHMEN DEMAND THEIR RIGHTS**

Interesting Belle Uncaptured in Italy—Kilrain Says He Cannot Find a Man to Whip.

The HERALD'S Special Dispatches.

NEW YORK, Oct. 18.—The Inman Line steamer City of New York arrived from Liverpool this morning. Her passage was made in six days and twelve hours, being the best third trial record in shipping annals. It is thought that the big steamer will later get over the ocean in a little over five days, and thus carry out the promises of her builders.

**EMPEROR WILLIAM AT NAPLES.**

Interesting Relics Unearthed in His Presence at Pompey.

NAPLES, Oct. 18.—Emperor William went to Pompey this morning. The emperor was intensely interested in everything to be seen at Pompey, especially in the excavation made in his presence, during the progress of which several valuable bronze objects were unearthed. These were presented to the emperor as souvenirs of his visit. The emperor and King Humbert returned to Naples at noon and immediately departed for Rome.

**Mackenzie's Objectionable Book.**

BERLIN, Oct. 18.—Prof. Viechow and Dr. Waldeyer have signed a document declaring that the protocol drawn up after the post mortem examination of Emperor Frederick did not mention an abscess in the cavity of the trachea and that none existed. They further say that the issues in which Dr. Beman made the first passage in attempting to insert the canula were at a normal condition and not cicatrized. The trachea was opened to the bronchial tubes.

**The Irish Will Not Submit.**

LONDON, Oct. 18.—Michael Davitt has written a letter to the Times, in which he says the Irish will not accept the scheme proposed by the liberals for the government of Ireland, unless Irish parliament is allowed to solve land questions and fix the compensation to landlords.

**They Won't Fight.**

NEW YORK, Oct. 18.—Jake Kilrain telegraphs his backer from Montreal that he cannot make a match with "Unknown," whose backer does not mean business.

**Woman's Discovery.**

"Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking the first dose that she slept all night and with one bottle she was miraculously cured. Her name is Mrs. Luthie Lutz." Thus write W. C. Hamrick & Co., of Shelby N. C. Get a free trial bottle at Foshay & Mason's.

**Brace Up.**

You are feeling depressed, your appetite is poor, you are bothered with headache, you are dizzy, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines or bitters, which have for their basis very cheap, bad whiskey, and which stimulate you for an hour, and then leave you in a worse condition than before. What you want is an alterative that will purify your blood, start a healthy action of liver and kidneys, restore your vitality, and give you strength and energy. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Foshay & Mason.

## POLITICAL POINTS.

As we have already said—and we see no reason to change our opinion—David Bennett Hill will receive in the State of New York 20,000 more votes than will be given to President Cleveland.—New York Sun (Dem.)

Governor Gray's head is level. There is not a particle of doubt in reference to Indiana. It has been apparent almost from the first that the state would stand by her gifted son, and later events have rendered this almost certain.—Kansas City Journal (Rep.)

The difference in the spirit of the two parties is singularly apparent in this campaign. The republicans have refrained from telling ugly truths about Grover Cleveland. The democrats are publishing the meanest slanders of General Harrison.—Denver Times (Rep.)

Secretary Endicott left Massachusetts with something of a reputation as a man and a reformer but the order he required General Benet to issue in regard to women and children in the Government armories destroys what little reputation he had left after the repeated blunders of his administration.—Philadelphia Press (Rep.)

Harper's Weekly is unhappy. It declares that the "assessments levied by democratic committees are no more voluntary contributions than a purse handed to a footpad is a free gift." With regard to Superintendent Jackson's removal, it is one "which the good sense of the country unqualifiedly condemns."—Pittsburg Dispatch (Rep.)

A Washington dispatch in yesterday's Journal stated that Governor Gray had informed President Cleveland that there was no use expecting that Indiana would give a democratic majority; that the state was almost certain to go republican, and he assigned as reasons the attitude of the democratic party on the tariff question and state pride, which desires to see one of its honored citizens the nation's Chief Magistrate.

The first crumb of comfort that has been vouchsafed to Indiana republicans for many a day is now being enjoyed with great relish. Dr. Leonard, the greenback candidate for governor in 1884, has declared himself for Harrison and Morton, and says that 85 per cent of his supporters, who then numbered 8820, will go with him. If they do—if it will go a great way toward simplifying the situation in the Hoosier State.—Washington Post (Ind.)

**Mormon Family Gin Mills.**

Salt Lake Tribune.

There is one feature about Mormonism in Salt Lake that might furnish food for ethnological study. Every Mormon saloon has a "family entrance," which has more woman patrons in the course of a week than any one of the world's meetings on Sunday. At times it seems as though there was a steady stream of women and girls going in there for their daily gin and revelation. Sometimes a woman hesitates about going inside, so the barkeeper kindly brings out to her whatever she may want. The amount of liquor carted off home from these resorts of holiness to the Lord is astonishing, and all that Apostles Grant and Taylor can do does not seem to lessen the evil. If the saintly custom is allowed to grow the "family entrance" may become an open gin place, where both sexes crowd together for the stuff at all hours of the day and night.

Truly we are a peculiar people.

**National Surgical Institute.**

Two or more surgeons representing this institute will be at the Revere House, Albany Nov. 6th, or at the St. Charles hotel Lebanon Nov. 7th, 1888. They come fully prepared with all the apparatus necessary for the successful treatment of their specialties, curvature of the spine, disease of the hip and knee joint, crooked limbs, club feet and all bodily deformities. Their success in treating these troubles as well as all chronic and sexual diseases has made for the institute a national reputation. Upon application, references will be furnished from patients in all parts of the United States. All persons who are suffering from any of these complaints, should not fail to take advantage of this opportunity for relief.

**Don't Experiment.**

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit, he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at Foshay & Mason's Drug Store.

Catarrh is in the blood. No cure for this loathsome and dangerous disease is possible until the poison is thoroughly eradicated from the system. For this purpose, Ayer's Sarsaparilla is the best and most economical medicine. Price \$1. Six bottles, \$5. Watch \$5 a bottle.
