NATIONAL REPUBLICAN TICKETS. FOR PRESIDENT, BENJAMIN HARRISON, OF INDIANA.

FOR VICE-PRESIDENT, LEVI P. MORTON, OF NEW YORK.

FOR PRESIDENTIAL ELECTORS, ROBERT M'LEAN, WM. KAPUS, C. W. FULTON.

ADJOURNMENT OF CONGRESS

Congress has adjourned. The country will not be sorry. It has dragged its weary length to be the longest continuous session in the nations history 321 days, and has considered 15,589 measures.

Among the measures of public interest that have become laws are the following:

- Relating to permissible marks on mail matter. For division of the Sioux reservation. For a conference with South and Central American nations. Limiting the hours of letter-carriers. Making Lieut.-Gen. Sheridan general of the army. To establish a department of labor. For an international maritime conference. Requiring the Pacific Railroad Companies to maintain telegraph lines. To prohibit the coming of Chinese laborers to the United States. For the establishment of rules in respect to the Sault Ste. Marie and other canals. To create boards of arbitration to settle controversies between common carriers and their employees. To prevent the return of Chinese laborers to this country. To aid state homes for disabled soldiers. Changing the date of meeting of the electoral college.

HON. R. McLEAN, in his presentation of the political issues brings out one point especially forcible and direct. It is in regard to the matter of a tariff for revenue only and taxing luxuries instead of necessities. He shows that a tariff for revenue only means of a necessity a tariff upon the necessary or constantly used articles, as if it is for revenue only, it must be a fixed sum to meet the requirements of the government, and cannot, therefore be levied upon such a fluctuating basis as the luxuries of life. This fact shows the fallacy of the doctrine of tariff for revenue only, and also the dishonesty of the charge that a protective tariff places the burdens upon the necessities of life.

The question naturally arises, why should not the foreign pro-

ducer, who seeks a market in this country for his products, pay a tax upon the same as well as the home producer. It will not be denied that every man in this country who honestly meets the legal requirements of the case is obliged to pay a tax towards maintaining the expenses of the government, and to require him to do that while his foreign competitor is allowed to go into the market scott free, is an injustice to the home producer that should not be allowed.

OREGON is conceded to the republicans is the standard remark of democratic politicians, and no great amount of work will be put in. But all the same the same politicians are making the most active and strenuous efforts possible. It would not be amiss for republicans to remember that liberty is the price of eternal vigilance.

The new emigrant to Canada from Minnesota, who raised his bundle from wheat deals, is said to have obtained the wheat by boring an augur hole in the elevator chute used for loading cars, and conducting the wheat leak to a private bin of his own. The stealing brought him \$40,000 and the necessity of a flight to Canada.

Eighty prisoners are crowded into seven cells in the county jail at Portland. Their crowded condition has resulted in typhus fever among the men. This is certainly a bad showing for Oregon's metropolis.
