KEEP OUT OF DEBT.

One of the most useful lessons that people can learn is the simple legend that decorates the head of this article.

Just received, another lot of those fine hand sewed French kid shoes, the very cheapest ever brought to town at W. F. Read's.

CLEVELAND'S DEFEAT.

The N. Y. Sun gives Cleveland this stinging bit of sarcasm in its editorial columns: "When a party deliberately buries out of sight the principles on which it was founded and of which it has been for a century the custodian and trustee; when it sends its best men to the rear and surrenders the management of its affairs to a syndicate of cracked intellects and theorists—enthusiasts with just enough shrewdness to half disguise their ultimate purpose; when it abandons politics, in a sane sense and makes itself an engine for the propagation of a theory—in short, when it goes in for an educational canvass, somebody is bound to be educated. That is what happened yesterday.

Just received, another lot of those fine hand sewed French kid shoes, the very cheapest ever brought to town at W. F. Read's.
