### EDITORIAL NOTES-

CHARLES A. DANA, editor of the New York Sun in a recent interview in Paris said: "Cleveland ties are reported. Eight county was beaten for the simple reason that a majority of the people are against him. As before the election the cost of \$6,000, and the city tion, I did not believe there was a council has passed an ordinance more unpopular person in the United States than he, and after next March the universal wonder will be how such men as Cleveland came to fill such high positions. During his administration he did nothing to win the confidence and support of his party. In fact, he did not care a copper for the real interest of the democrats. What he worked and schemed for was the welfare and advancement of Grover Cleveland. He thought could kick them about as he pleasel. This last election has settled the trade question. No party can FOUR GOOD RELIABLE MEN WAYTED succeed in the United States which wavers in its adherence to protection.

A disagreeable piece of news comes across the water to the effect that the stern of the new English gunboat Scout has sunk considerably and that the rear frames show signs of weakness. This sign of structural weakness acquires importance from the fact that the guaboats Yorktown, Bennington and others recently built for our navy are patterned closely upon 60 HEAD OF GOOD STOCK SHEEP WANTED ON Shares. Apply or write to C. S. Smith the English model which now show signs of failure.

board of canvassers, is as follows, November 10, 1888 the highest and lowest number of votes received by any elector being DURNISHED ROOMS TO RENT. AT THE given: Republican, 650,337; democratic, 635,965; prohibition, 30,-281; socialist, 2068; union labor, 626; united labor electors at large, 2668.

WHILE the Board of Trade, and citizens generally, are endeavoring to promote the gtowth and prosperity of Albany, the fact that woolen mills are needed here should not be lost sight of.

THE coal mines of Linn county give promise of valuable results in the near future. According to the present price of this product a coal mine right at home would not be a disagreeable acquisition.

TRAFFIC on the upper Willamette is lively now. The competition of the boats and trains has had the effect of offering lower freight rates, which is agreeable to business men.

LORD SACKVILLE WEST has bid adieu to the United States and as his successor has not yet been appointed, England will be unrepresented at the national capital.

THE next census of the United States will be taken in IS90, or about the end of the fifty-first congress. Albany's population by that time should reach 4,000.
