### STATE NEWS.

C. P. Dixon, the Canadian Pacific Embezzler, Pardoned.

ROMANTIC REBAGGAGE TO OCCUR

A Boy's Frightful Fall—Newsy Items from the State Capital—Salem Street Railway.

Special to the Herald.  
SALEM, Nov. 27.—C. P. Dixon, Canadian Pacific embezzler, will walk out of the penitentiary tomorrow morning a free man, his sentence having been commuted by Governor Penoyer yesterday. It will be remembered by the reading public that in the fall of 1886 Dixon was the Portland agent of the Canadian Pacific and embezzled \$3000 of the company's funds and skipped to Canada. He was gone eight months, and his wife, despairing of his ever returning, secured a divorce and returned to her former home in Washington, D. C.

Finally Dixon came back and gave himself into the hands of the law. His trial, conviction and sentence to three year's imprisonment followed. He was received at the penitentiary July 9, 1887, and has therefore served nearly half his term.

After his conviction his divorced wife returned to Oregon, and has lived in Salem since he has been in prison devoting her whole energies to securing his pardon.

Judge Stearns and prosecuting attorney McGuinn, of the Fourth judicial district, recommended his pardon to the governor. S. A. Johnson, of Washington, D. C., formerly chief of the mail department of the U. S. treasury department, wrote that Dixon had been employed under him from 1878 to 1883, and had been considered a very worthy and capable young man.

Senator W. M. Teller, ex-secretary of the interior, wrote urging his pardon, as did also the door-keeper of the U. S. senate and other prominent officials and ex-officials at Washington.

Dixon's mother, who lives at Quebec, Canada, wrote a very pathetic letter, stating that she was 70 years of age, and that the disgrace and punishment of her beloved son was more than she could bear.

A number of prominent men in Salem and Portland also urged the governor to commute his sentence, and a petition to that effect was signed by Archbishop Gross and Chief Police Parrish, Senator Jos. Simon and many other leading men of Portland. The name of nearly every railroad agent in Portland was also noticed on the petition.

The only protest against the commutation was from the American Surety company, of New York, who made good the amount embezzled by Dixon, being on his bond to the company.

The news of his commutation was first broken to Dixon by your correspondent this afternoon at the prison. He was overcome with joy, and gave all the credit for his release to his divorced wife, whom, as he said, had stood at the prison gates for eighteen months ready to lead him forth from his living grave and receive him with open arms.

He said that to-morrow he and his divorced wife would take the morning train for Portland, where they would be re-united in marriage. They will then go to Washington territory to remain a short time. He has not yet determined upon his future plans, but they will probably go to Denver, Col., to make their home.

#### A FRIGHTFUL FALL.

SALEM, Nov. 27.—The ten-year-old son of John Athey received a serious and perhaps fatal fall in the capitol building this morning. His father, who is a carpenter, was working in the basement of the building, and sent the boy with some tools for another carpenter working on the top floor. The boy carried the tools up and in returning probably tried to slide down the stairway banisters and fell to the floor, about 24 feet below, as he was found there in an insensible condition a short time later. He was carried to his home and at 9 o'clock this evening was still insensible. Physicians state that he may die from effects of injuries about the head received in the fall.

#### SALEM'S STREET RAILWAY.

SALEM, Nov. 27.—Work was commenced to-day, the centre of State street being pioned up preparatory to digging a trench for the track.

#### BOLD, BAD BOYS.

SALEM, Nov. 27.—The preliminary examination of Al and Willis Jordan, two young boys charged with assault with a deadly weapon on Henry Tate Sunday night, was continued to 9 o'clock to-morrow in Recorder Strickler's court this afternoon. It is said that evidence has been obtained by officers implicating them in numerous burglaries that have occurred in this section during the past six months.

#### ROUTE AGENT RECOVERED.

SALEM, Nov. 27.—Ben Critchlow, route agent of the Oregonian and Statesman, has recovered from the effects of a bad fall from a horse,

which has kept him confined to his bed for the past ten days, and has a pain taken charge of the routes.

#### WILL REMOVE TO MINNIVILLE.

SALEM, Nov. 27.—Dr. George Wright, late of Primeville, who has been clerking in the store of his father, John G. Wright, here for the past three months, has made arrangements for moving to McMinnville to open a dental office there.

#### NO SMALL-POX AT BROWNVILLE.

TO THE EDITOR OF THE HERALD: BROWNVILLE, Nov. 27.

Inasmuch as there seems to be many rumors afloat regarding the prevalence of small-pox at this place, I deem it proper to relieve the minds of many by stating that there never has been a case at this place so far, as is known by the oldest residents here.

Two weeks ago to-day A. K. Thompson passed through here on his way to his home in the hills eight miles east of here, coming from Portland, where his son had died from having contracted the disease while there. Two days afterward Mr. Thompson was taken down with the dread disease. But he refrained from any contact with his family or any one else, except his nephew, who came with him, and a man hired here to nurse him, keeping him entirely isolated from any one, except as above. When Mr. Thompson died (on the 21st inst.) they at once buried him. No one being about the place but them since he came there. No cases have made their appearance about town, it being now two weeks since he passed through. Both these men went to Portland the next morning after burial. Respectfully yours,  
PETER HUME.

#### A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon the lungs they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing consumption and to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. The onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

#### Prudence! Prudence!

In medication, as in aught else, prudence should be our guide. Yet thousands cast it to the winds. Every new nostrum finds its patrons, the medical empirics of every false school have their gulls. Every change in the agent of humors is being successful, fully for a time at least—the notes being furnished by the credulous. In happy contrast to the many advertised impostures of the day stands Hostetter's Stomach Bitters, now in the third decade of popularity, approved and recommended by the press of many lands, sought and prized by invalids everywhere. It is an ascertained specific for and preventive of malarial diseases, chronic indigestion, and liver complaint and constipation.

#### Reward.

For a better or more pleasant remedy for the cure of consumption, bronchial troubles, cough, croup and whooping cough than Santa Abie, the California king of consumption. Every bottle warranted. If you would be cured of that disgusting disease catarrh, use California Cat-R-Cure, \$1 a jar; by mail \$1.10. Sold and warranted by Foshay & Mason.

#### Not a California Bear.

Anybody can catch cold this kind of weather. The trouble is to let go like the man who caught the bear. We advise our readers to purchase of Foslay and Mason, a bottle of Santa Abie, the California King of Consumption, Asthma, Bronchitis, Coughs and Croup Cures and keep it handy. This pleasing to the taste and death to the above complaints. Sold at \$1 a bottle or 3 for \$2.50. California Cat-R-Cure gives immediate relief. The Catarrhal virus is soon displaced by its healing and penetrating nature. Give it a trial. Six months treatment \$1. sent by mail \$1.10.

#### Thousands of Dollars.

Are spent every year by the people of this state for worthless medicines for the cure of throat and lung diseases when we know that if they would only invest \$1 in Santa Abie, the New California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the Golden State. Sold and guaranteed by Foslay & Mason at \$1 a bottle. Three for \$2.50. The most stubborn case of catarrh will speedily succumb to California Cat-R-Cure. Six months treatment for \$1. By mail \$1.10.

#### Pimples on the Face.

Derote an impure state of the blood and are looked upon by many with suspicion. Acker's Blood Bixir will remove all impurities and leave the complexion smooth and clear. There is nothing that will so thoroughly build up the constitution, purify and strengthen the whole system. Sold and guaranteed by Foslay & Mason.

#### Happiness and Contentment.

Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by Foslay & Mason.

### GENERAL NEWS.

Further Details of the Storm in the East.

BRITISH SHIP LOST AT SEA.

The New York Walking Match—Striking Switchmen—Beach Defests Hasloe—Old World News.

The Herald Special Dispatches.

MONTEITH & SEITENBACH, Nov. 27.—One of the most severe storms of snow and wind known here for years broke over the province and Ontario Sunday evening, and still continues. The wind at times blew as hard as 70 miles per hour. The streets and surrounding country are covered with snow drifts ten feet deep in places, and most severe cold prevails. The horse car lines here have stopped running. Forty-four people were picked up in the streets by the police Sunday night, unable to make their way through the storm, being either beamed by cold or bewildered by the winds. The storm was felt more severely on the lower St. Lawrence than anywhere. The steamer Pomerain bound for Liverpool, which was grounded at Soreal, made an attempt to reach Quebec Sunday with the aid of four tugs. She got as far as Batican, eighty-five miles this side of Quebec, where she anchored for the night. Yesterday not only the steamships but the four tugs, too, were frozen in solid. The Pomerain will not get through this season. She will probably be forced ashore on the rocks and become a total loss. The Allan Steamship Co., which owns her will lose over \$300,000. At Quebec the gale is raging furiously and the iron ferry boats that ply between that point and Lewis are caught in the ice, which threatens to crush them. The steamship Poline, bound from Cape Breton to Quebec, was seen struggling against the gale and in the gulf off Frances' point 320 miles below Quebec. At daylight she suddenly disappeared and has not been seen or reported since. There are fears that she has been lost. She had forty passengers and a crew of thirty and a general cargo.

#### Walking Match.

NEW YORK, Nov. 27.—Following is the score in the walking match: Cartwright, 163; Hody, 162; Moore, 171; Littleford, 156; Day, 156; Heward, 153; Connor, 152; Golden, 148; Mason, 147; Hart, 143; Campana, 141; Nortman, 130; Elson, 129; Vint, 120; Smerle, 118; Hegelman, 117; W. Smith, 115; Taylor, 111.

#### More Bonds.

ST. PETERSBURG, Nov. 27.—An imperial order has been issued providing for an issue of four per cent. bonds to the value of 125,000,000 rubles, to be used for the re-purchase of bonds of '77 and redemption of temporary credit notes issued in 1877 and 1878.
