"Who would be free Must themselves strike the blow." We have considerable inertia to overcome, but are going to do our best to make this an assured success.

Your move is looked upon here with interest and approval. Your people, I think, should at once place themselves in communication with the board of directors of the Astoria & South Coast Railway Company.

AT LYONSVILLE.

A Rapidly Growing Town on the Eastward Line of the Oregon Pacific.

Mr. J. C. Lyons of Lyonsville, a new and thriving town on the eastward line of the Oregon Pacific railroad, is in this city. He states that a two story hotel is being built there by Mr. Walker.

Also that about 16 carpenters are busily engaged on other new buildings. A two story general merchandise store is being built and a jewelry store established there.

Daily trains, Mrs Lyons states, will be run as far east as Lyonsville, and whenever necessity demands it freight trains will be run still further eastward. The country along the line of the Oregon Pacific abounds in wonderful resources, which are rapidly being developed.

Several saw mills have been established to operate upon the magnificent timber adjacent to the road and other saw mills are soon to be built.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing consumption and to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boecher's German Syrup. It will give you immediate relief.

Guard Against the Strike. And always have a bottle of Acker's English Remedy in the house. You cannot tell how soon Croup may strike your little one, or a cold or cough may fasten itself upon you. One dose is a preventive and a few doses a positive cure. All Throat and Lung troubles yield to its treatment. The Remedy guaranteed by Foshay & Mason.

Funeral of Mrs. Long. The funeral of Mrs. John Long, of Salem, whose death was mentioned in these columns, occurred in this city yesterday, and was attended by a large concourse of friends. Mrs. Long, whose maiden name was Mary A. Froman, was a cousin of Strauder and Thomas Froman, of Albany. She was born in Dearborn county, Indiana, June 5, 1823, and was married to John Long at Red Bluff, California, December 6, 1855. The family resided in Linn county some years before moving to Salem about a year ago. Her death was very sudden and was the result of organic disease of the heart. The family consists of a husband, four sons and one daughter.

Another Pioneer Resident Gone. Charles T. Ingram, one of Linn county's pioneer citizens, died at his home in this city at 2:30 yesterday morning. The deceased was born in Devonshire, England, in 1816. He came to this country in early youth and to Oregon in 1847, since which time with the exception of two years he has been a resident of Linn county, and was one of the wealthy residents of the county. The funeral will take place from his late residence at 2 P. M. to-day. The deceased followed his aged wife, who died nine weeks before.

CARD OF THANKS.

To those who so kindly lent their sympathy and assistance during the sudden bereavement, and especially to the order of Odd Fellows, who conducted the funeral of our late husband and father our heartfelt thanks are hereby extended. THE FAMILY.

Oregon's Indian War Claims. Senator Dolph has received a letter from the third auditor of the treasury in answer to a request to the secretary of the treasury for immediate action on the Indian war claims of the state of Oregon now pending before the third auditor, so that any amount allowed to the state might be appropriated for by congress at the present session, informing him that the claim would be taken up for examination in a few days with a view to adjusting it in time for the appropriation.

The River. The water has been rising in the river gradually and the rise has made a perceptible increase in the movement of freight. The statement was not correct which said that the O. R. & N. boats had abandoned the river on account of low water. They as well as the O. P. boats have been making regular trips as far as Corvallis, and their cargoes are now increasing in volume. The river registers 2.5 feet above low water mark.

Cat Stealing.

The farmers in the vicinity of Harrisburg Linn county are complaining of the depredation of cattle thieves and of evil disposed persons who mutilate stock by cutting off their ears and otherwise disfiguring them. One man named Meredith was found in possession of three head belonging to a man at Shedd, and skipped across the mountains to avoid the consequences.—Salem Statesman.
